

# THE OMAHA DAILY BEE: MONDAY, SEPTEMBER 13, 1886.

## FINANCIAL.

**New York.** Sept. 11.—**MONEY.**—On call at \$450 per cent, closing at 5 per cent.

**PRIME MERCANTILE PAPER**—\$25 per cent.

**STERLING EXCHANGE.**—Quiet and steady; \$4.81¢ for six day bills and \$4.84¢ for demand.

**EXCHANGES.**—Government bonds were dull but firm.

**Stocks.**—The stock market showed more animation than on any previous day this week, and there was one day of fairly active trading. The statement of the New York Central, which was specially favorable, helped materially to produce this result, aided by the successful settlement of the difficulties under discussion at Chicago and renewed public interest in the market.

The market was strong from opening to close. The opening was tame but strong, while first prices generally showed advances of from 4 to 4 per cent, the later market settled down to a quiet dullness, but closed firm until the close, when it was at near the best prices of the day.
