Do You Know?

The following are all the questions that may be legally asked when you attempt to register as a voter, or when you attempt to vote after being registered. It is not that the registrars are impertinent or inquisitive, but the law requires them to obtain the information from you personally. It may be a little annoying at first until you are accustomed to it, but it will effect-ally prevent such farces as were enacted at the polling places in the county at the last court house election:

Lillie May Has a Home. Largely through the efforts of C. S. Clark, who is considerable of a philanthropist as well as a rustler for news, Lillie May Ewing has been offered a home, and another opportunity to be a good girl. Judge Aylesworth gave Lillie good fatherly talking, and when the judge attempts to give advice he offers that which should be well heeded. He then told Lillie that Dr. O. W. Gordon and wife, who reside on Graham avenue, had offered her a good home, and told her that if she would stay with them, and behave herself, he would not send her to the reform school. Lillie gratefully and gladly accepted the profered home, and was released from custody.

DOCTOR M'CREARY'S REPORT.

Des Moines Conference Statistics-An Explanatory Card From Silver City -Rnights of Labor Convention To-Day,

Conference Proceedings. Monday morning conference met, pursuant to adjournment, Bishop Bowman in the chair. After the devotional exercises the regular order was taken up. A large part of the forenoon was occupied in fixing the relation of members of the conference, as superannuated, and supernumerary preachers, deacons, elders, etc. Several committee reports were made and then Dr. Hurlburt, of the Methodist Sunday School mission, addressed the conference in behalf of that interest. A resolution appreciative of himself and of his work was presented

and adopted. Afternoon Session-Rev. E. M. H. Demming presiding by appointment of the bishop.

Some of the preachers were of the opinion that it would be better to change the day of opening from Thursday, and a motion to that effect was made, but the majority decided against the change.
It had been voted to hold the next annual conference at Indianola, but this yote was reconsidered, and by vote the place of the next meeting was fixed at Des Moines with the First church. It was voted to hold a final session in

he evening.
The rest of the afternoon was occupied by listening to, discussing, and adopting the reports of the various special and

standing committees. CONFERENCE APPOINTMENTS -- COUNCIL W, T. Smith, P. E., Council Bluffs, Ia.,

Rommell was Pommelled	1.

To the Editor of the BEE: In your issue of the 10th inst. is an article headed "Silver City's Sensation." As that article abounds in gross misrepresentations, will you please give this explanation? I will give you the true facts

Information was filed before Esquire Huffaker against one Adolph Anderson, charging him with seducing Katie Mass. The papers were placed in the hands of C. E. Dalton, a constable in and for this township, who arrested Anderson and brought him before the justice on the 7th of September, and he asked time until the 9th, at 9 a. m., to procure counsel, which was granted. At that time he olead not guilty, waived examination and was bound over to court. These are all the facts in this case.

Now for the case of assault and battery

against Chas. Rommell. The facts

are the Mass and Anderson affair had nothing to do with it in the least. Henry Anderson is a cousin of Rommell's wife, and has been in the habit of visiting at Rommell's; last July he came there during the absence of Mr. Rommell and grossly insulted his wife; upon her resenting the insult he im-mediately left town. The day he was as-saulted was the first time Rommell had seen him. Since the insult, on hearing that he was at the depot, he went down there and hit him on the head with his Rommell was immediately arbrought before Esquire Huffaker, Information was filed charging im with assault with intent Rommell immediately gave bond for his appearance the next day at 2 p. m. In the morning Anderson's counsel came from the Bluffs, and in consultation with Mr. Bouten, Mr. Rommeli's attorney, the information was changed to assault and battery. Rommell plead guilty to that charge and was fiend \$5 and costs. One of our most prominent citizens reached out his hat and asked the spectators for twenty-five cents each to pay the line. It was raised immediately and could have been if it had been five or ten times that amount. As to the chances of Ander-son being fatally injured he was walking all over town the next day. To be sure, no one will deny that Anderson was hart;

that Anderson got no more than he deserved, is generally conceded. JUSTICE. Where Do You Vote? As recorded in the BEE, one of the last acts of the county board of supervisors was to divide the city into nine polling places, so that under the new law all may find an opportunity to vote. Below are given the boundaries of the several pre-

This division will not go into effect be

fore the city election for mayor, but will govern all elections after that. Take due notice and govern yourself accordingly.

Sam Patch's Leap. COUNCIL BLUFFS, Sept. 13.-To the Editor: There is a slight mistake in the BEE of this date about Sam Patch's leap. I saw him jump Genesee Falls in the year of 1827. I was eight years old then. That was his first leap before he went to Niagara. He then returned to Genesee and jumped from the staging, and I know he was well loaded with drink and did not want to jump, but he was engaged by two men to jump for \$1,000, and they were to take up the collections and had a number of men employed, and dressed in brass buttons and badges, so no others could do the collecting, as I ad been done before when he jumped the first time. This I know of my own knowledge. My father talked with him before he jumped. Sam made his will before he jumped, sending his money to his mother in New Jersey and said he would not come out alive. He wanted the two men to postpone the leap until the following day, but they would not hear to it, as they expected to make quite a sum of money in collecting, and as he predicted, he never arose again. G. A. ROBINSON.

Dr. McCreary's Report. Rev. E. D. McCreary, pastor in charge at this city, made to the conference the following report of the Methodist church of Council Bluffs, Ia., for the conference

year ending September 10, 1886: The past conference year has been one of the most prosperous in the history of the Methodist church in this city. One hundred and fifty persons have been received into the church on probation and by letter. All of the religious services have been well attended throughout the year. The income of the church has been sufficient to pay in full all the expenses of the year. A commodious parsonage has been built, the best in the conference, and one of the finest in the state, which will afford a most comfortable and desirable home for the pastor of the church for many years to come. In addition to this the audience room of the church has been papered, carpeted and katsomined at a cost of \$10). The church property is now in excellent condition, and the membership of the church is harmonious and united, and are looking forward to greater prosperity in the year to come. The church also sustains two missions, one in the northwest and the other in the southwest part of the city. It is hoped and expected that in the course of a few years these missions will become the nuclus of new churches,

Witcher Wanted at Iowa City. J. W. Witcher has been arrested on a warrant from Iowa City, and is now in the county bail.

Some time ago Chief Matthews received word that Witcher was wanted at Iowa City by the authorities for larceny. He replied that their man was in this city, and resided with his family at No. 835 Pierce street, and worked in Omaha. He asked for particulars, which arrived a day or so ago, when the warrant made its appearance. He gave the warrant to Officer O'Brien, to whom had previously been given the job of hunting up Witcher. O'Brien made the arrest late Sunday night and took his man to the county jail, where he will remain until this morning, when the sheriff of John-son county will take Witcher away on the 9:25 o'clock Rock Island train.

I have tried to raise her right, and always gave her good advice as a mother should, as I can prove and shall do so at the proper time. I don't want to see her go to ruin, and I think the reform school is the best place for her. I would rather see her go there than go to ruin. Please publish this in behalf of a mother in trouble.

C. H. Blakesiee, of No. 1410 Campbell street, Omnba, who recently lost a beautiful and interesting daughter, aged about 15 years, by diphtheria, under the freatment of one of the hest physicians in Omaha, writes to Dr. Jefferis, of this city: "Your renedy is r diphtheria came too late, our dear daughter was dying when it was received. I am satisfied that ther life could have been saved. Another one of our children who had the diphtheria, her throat was filled up with the putrid ulceration, we used your medicine and in twelve hours the disease was completely subdued. In the future we will keep your medicine at all times in our house. We feel that it saved the life of one of our children. We are very thankful to you, and only regre! that we did not call on you sconer." From the Council Bluffs Daily Herald;

Mrs. E. M. Gerard, wife of Engineer Gerard, of the Union Pacifle, this city, has been a great sufferer for many years, with what was supposed to be cancer of the throat. It was so bad that she was threatened with starvation. Her general health was completely broken down. She could only swallow liquid food, and even that her stomach could not digest or assimilate. Physicians of Council Bluffs and Omaha attended her for three years and gave no relief. Dr. Jefferis, of this city, was called. In four weeks' time he cured her throat, and completely restored her general health. Had Mrs. Gerard not obtained relief soon she would have died from blood poison, the same condition that destroyed the life of Gen. Grant.

From the Council Bluffs Daily Globe:

M. A. McPike, editor of the Cambria (Ebensburg, Pa.) Freeman, has been the personal friend of the editor of the Globe for more than twenty years, and is known wherever he is known as one of the best men living. He is also an intimate friend of Mr. Clark of the Nonparell. He has been unfortunate in the fact that his family was raveged with diphtheria, and greatly distressed. Mr. Clark having board of his calamity sent him some of Dr. Jelferis Diphtheria Cure, it was used at once, and the lives of the rest of his children saved. Letters from Mr. McPike are unbounded in their expressions of gratitude for finding some means of averting the loss of his whole group of little and tender ones. Five of Mr. McPike's children out of eight died from diphtheria before he had an opportunity of using Dr. Jefferis remedy.

Dyspeptic, why live in misery and die in dispair with cancer of the stomach? Dr. Thomas lefferis cures every case of indigestion and constipation in a very short time. Best of references given. Dyspepsia is the cause of ninety per cent of all diseased conditions. Price 85 for two weeks treatment.
