New fall goods at Reiter's.

The very best cabinets at $3 a dozen at Gorham's.

Quite a number of naturalization papers were issued yesterday.

The Dierk's Harvester works will begin operations in a few days.

One dozen cabinets and a large panel for $2.50 at Schmidt's gallery.

12 Cabinet Photographs $3. Quality the finest. Sherraden, 317 Broadway.

The total number of naturalization papers issued to date has been about sixty.

The conversational club of the Y. M. C. A. met on Tuesday evening at the rooms of the association.

Schmidt & Rettig, the barbers, No. 720 Broadway, have just completed some improvements in their shop.

The Hall school will reopen this morning at 9 o'clock, it having been closed on account of the sickness and death of the janitor, Mr. Dunn.

The republican city convention will be held at 2 o'clock this afternoon at the city building to place in nomination a candidate for mayor.

Politics makes strange bedfellows. The democratic convention was held yesterday in the hall recently taken possession of by the Salvation army.

It will be unnecessary for those who failed to register to try on Monday to cast a vote, as by their own carelessness they have been disfranchised.

The funeral of the late Cyrus J. Dunn was held yesterday. Rev. Mr. Crofts officiated and gave some befitting and tender words of sympathy and comfort.

The Maude Howe company played a "Mountain Pink" last night at the opera house to a goodly-sized audience. Miss Howe's part, Sincerity Weeks, was extremely well played.

Leave to join in wedlock was given yesterday to G. Larson, of this city, and Christian Jonnson, of Missouri Valley; also to Martin J. Todd, of Randolph, Fremont county, and Augusta A. Dook, of this city.

Arrangements are being made for a matinee by Miss Howe and company Saturday, and prices are to be made 25 cents to all parts of the house. The opera house will be crowded in view of such inducements.

The Hebrews of the city held services in the Royal Arcanum hall last evening, it being the Jewish New Year. They hold services at the same place at 7:30 o'clock this morning and 7 o'clock to night, as well as to-morrow.

To-night Miss Maude Howe and her excellent support appear in "Lady Audley's Secret," a powerful emotional drama, the strongest in many respects of any in her extensive repertoire.

Mrs. Eastridge, whose advertisement appears in another column, is having great success, and her rooms at the Pacific house are thronged with those being initiated into the new and simple way of cutting clothing, dresses, etc.

Much trouble has been caused the District Telegraph company by persons removing boxes or changing their positions, thus leaving the wires open. The boxes should not thus be interfered with without notifying the central office.

Messrs. Henry Eiseman & Co. are now making extensive preparations for their grand fall opening, which is to take place shortly. Their show windows will very likely exceed in elegance anything heretofore seen in this city, one of the designs being a representation of the organ in the Episcopal church.

Yesterday morning as Mrs. J. Fred Kimball and a lady friend had just entered a dress making establishment on Broadway, Mrs. Kimball's horse, who is a high spirited animal, became frightened and dashed off, doing considerable damage to buggy and harness.

Last evening "Mountain Pink" was given at the opera house by Miss Maude Howe and her company. It is a graceful, pleasing play, a product of journalistic brain, Barton and Bates of the Inter-Ocean, having joined in writing it. It was excellently presented last evening, and the company added to the popularity which is fast increasing here.

In the United States court yesterday the case of the Aultman Taylor company against Yetzer, of Atlantic, was on trial before Judge Shiras, it being the first jury case tried. In the other room, before Judge Love, the case of W. A. Woods against Bowman was up on a demurrer, which was argued by Judge Day and Colonel Sapp, the argument taking most of the day.

To-day the boot and shoe store so long known as Lindsey's is to be opened under the new firm, consisting of Bert M. Sargent and John M. Pusey. The stand is an old and popular one, and its many patrons will rejoice that the business has fallen into the hands of such worthy successors. Both are young men of push, and will spare no pains to please the public and increase the business in all respects. Mr Sargent has been with J. M. Phillips a long time, is thoroughly experienced, and knowing what the trade wants, knows also how to meet the want. Mr. Pusey is a young man who is also widely known and popular, and there seems no reason why the new firm should not only hold the old trade but add to it.

THE DEMOCRATIC CHOICE.

William Groneweg Nominated to Fill the Mayor's Chair.

Democratic Wisdom.

The city democratic convention was announced to meet in the city hall yesterday afternoon at 2 o'clock, but the room was by no means adequate to the demands of the occasion, there being an enthusiastic outpouring of citizens, caused by the knowledge that many schemes were working, and the anticipation of "fun on the floor." Chairman G. A. Holmes taking in the situation, suggested that the scene of action be transferred to Dohany's hall, across the street, and that was soon pretty well filled, showing that not a third of the number desiring to watch the proceedings could have been accommodated in the city hall. There was much figuring and whispering, side talk and consulting, patching up preliminary schemes, and so on, and it was long after 2 o'clock when the convention was called to order by Mr. Holmes, who briefly stated the object to be the nomination of a candidate for mayor.

Ed Bates named William Groneweg as chairman, and he was placed in that position without a dissenting voice.

J. A. Holmes nominated J. J. Frainey as secretary. Elected unanimously.

The chairman suggested that a committee on credentials be selected. Mr. Holmes called attention to the contest in the first ward, presented a protest from the first ward, and suggested that in making up a committee no representative from the first ward be placed thereon.

The committee as chosen: G. A. Holmes, P. W. Spetman and W. L. Biggs represented the second, third and fourth wards respectively.

A recess was had while the committee considered the contest in the first ward. By request of the committee one representative from each set of delegates was invited to appear before the committee, Mr. Royer representing the Vaughan set and Mr. Guanella the opposing set.

The committee reported in favor of allowing each of the first ward sets of delegates 3½ votes, the seven votes to which the ward is entitled being thus divided between the two sets.

Mr. Vaughan addressed the convention in behalf of his set of delegates from the First ward. He scored Mr. Holmes for accepting the position of chairman of the committee when he had already declared that the Vaughan delegation should not be admitted. P. Lacy called Vaughan to order, and after some running fire Vaughan took his seat.

"Texas" Beck moved to nominate a mayor by acclamation. Seconded. Withdrawn after some amendments and sparring, in which Pat Lacy moved to nominate Mr. William Groneweg unanimously and by acclamation. Ruled out of order, and finally the decks were cleared for a formal ballot, Mr. Lacy and Mr. Jackson being named as tellers. The ballot resulted in the nomination of William Groneweg, who received 29½ votes. W. R. Vaughan received 3½ votes. Dr. Cook ½ vote and Dave McAdams 1 vote. The nomination of Mr. Groneweg was made unanimous on motion of G. A. Holmes and amidst much enthusiasm.

The nomination was really a surprise to Mr. Groneweg, and there was some doubt felt as to whether he would accept the nomination. When he announced that he would accept the decision was greeted with loud applause. Mr. Groneweg said that if elected mayor he should not expect to suit everybody, but that all he could promise was to try and do right in all things and to all men.

Mr. Vaughan pronounced the benediction by declaring that he was glad that the convention had chosen a candidate who did not belong to any clique or ring, and one whom all could gladly support.

The convention adjourned in good feeling. The expected storm did not come, and those drawn thither by curiosity to see a monkey and parrot time were sadly disappointed.

The result of the convention is gratifying to all, irrespective of parties. Mr. Groneweg is one of the most prominent and successful business men in the city, and the wholesale grocery house of Groneweg & Schoentgen is among the staunchest and best in the west.

Mr. Groneweg is a man in whom all have confidence, both as to his ability and integrity, and should he be elected mayor it would be by no means a misfortune to the city. If the republicans make an equally good nomination the citizens desiring to see the city prosperous, can choose in accordance with their personal or party preferences, feeling satisfied that in choosing between two goods instead of two evils, the city's interests will be safe in any event.

THE CONGREGATIONALISTS.

A Variety of Church Matters Ably Handled.

The sessions of the annual meeting of the Council Bluffs Association of Congregational churches interested good sized audiences yesterday at the Congregational church in this city.

In the morning session a very interesting paper was read by Rev. J. O. Stevenson, of Shenandoah, his subject being "Growth of the Church." Mr. Stevenson is one of the brightest and sprightliest essayists in the association and his writings abound in a very enjoyable Scotch humor. He did not attempt any historical or statistical review of the growth of the church, but called attention mainly to features of growth. He thought the church should not be a mere social club, or money-making scheme, but a spiritual power to be wielded for the good of the world.

"Christianity Applied" was the topic of an excellent paper by Rev. E. S. Hill, of Atlantic. He touched upon many of the points dwelt upon in the preceding paper, but much was new and all well put. He showed how the principles of christianity should be made to apply to every kind of political and social life and to the community in which a church organization was located.

A devotional meeting was held, conducted by Rev. G. G. Rice of this city, after which came a paper on "The Press," by Rev. A. Rogers, of Dunlap. It would seem that there was some peculiar significance in preceding the handling of the press by a season of devotion, but the essayist doubtless had no such idea of the needs of the press, for he paid it some high tributes. Mr. Rogers is editing a paper himself, which perhaps accounts in part for his apparent sympathy with the fraternity. His paper was very sprightly and witty, and he covered the ground well. He remarked that he would have been inclined to have curtailed some of the praise he bestowed on the press, had he seen the old lady's scrap book yesterday morning before he had written the address. There was some statements made in the Nonpareil which evidently did not strike him agreeably.

At the afternoon session the subject of Sunday school work was discussed. Rev. Mr. Tolles, who was elected as state secretary about six months ago, reported concerning the work of establishing Sunday schools in various parts of the state. The report was very encouraging. He is pursuing a policy of sure rather than fast building, and does not believe in organizing schools simply to live a few months and die.

The other topic considered was the work among the young folks, especially as being done by the societies of Christian Endeavor. There have been organized among the churches about fifty of these societies, and the work is proving very satisfactory. Rev. Mr. Beach, of Farragut, one of the best leaders the church has in this line, gave much interesting information concerning the societies, and many useful hints. He was well fitted for doing so, he having organized a similar society in his church eight or more years ago, before this kind of organization had developed to any extent.

A number of reports and business matters of the association occupied the rest of the afternoon.

In the evening a sermon was preached by Rev. E. A. Leeper, of Red Oak.

The programme as arranged for to-day is as follows, and the public generally is cordially invited to attend any and all of the sessions:

9:00—"Justifiable Enthusiasm," J. M. Cummins.

9:30—"A Life Worth Living," C. N. Sinnett.

The Registry Closed.

Yesterday was the closing one of the boards of registry for the coming special city election, and those who failed to get their names recorded will have to stand idly by and see others do the voting. The registry being the first one made under the new law, much interest has been felt in every detail of the proceedings. There has been a disarming of many of the criticisms made on the passage of the law, and there do not seem to arise so many complications and injustices as the evil prophets predicted. There was great fear lest many old voters should be barred out from the fact that they had mislaid or lost their naturalization papers, but this has been largely allayed. Applicants have not been compelled to produce their papers, as many thought they would be obliged to. When able to give the time and place where they got their papers, this has been deemed sufficient by their boards, and they have been registered, the statements being made on oath. The only board which has refused thus to register is said to be in the First ward, where demand has been made for the production of the papers themselves, causing in many cases great inconvenience, and possibly in some cases the disfranchising of some, who are entitled to vote. It is reported that there may be some trouble raised about this. Aside from this the registry has moved along smoothly and with little friction of annoyance. The register has been very light, the election being a special one, for city purposes only, and many not taking sufficient interest to go to the trouble of appearing in person before the board. The total number registered will not exceed 2,500, which is a thousand or more short.

Republican Primaries.

Last evening the republicans held their primaries for the selection of delegates to attend the convention to be held this afternoon at 2 o'clock at the city hall, for the purpose of nominating a candidate for mayor. The primaries were lightly attended and but one ward, the third, instructed its delegates, they being for Evans.

A Key West, Fla., newspaper, as a joke, nominated General Abe Sawyer for mayor. The general, who stands 20 inches high and weighs 28½ pounds, writes to the paper a full-sized letter, in which he says: "If the people of Key West would elect me mayor I would be nobody's tool, and I would show the people what a good mayor would do."

When Brodie, the newsboy, jumped from the East river bridge, some of the newspapers said that he was thirty seconds in reaching the water. The Manufacturer and Builder has figured it out exactly, and demonstrates that he dropped from the bridge to the water in just 2.8 seconds. In thirty seconds he would have fallen 14,752 feet, if there had been room to fall so far.

REALLY BROTHERS-IN-LAW.

One Charges the Other With Having Horribly Debauched His Family.

Some surprise was caused last evening by the arrest of Fred Brownold on a serious charge, the complaint being made by Charles Allen, who charges Brownold with having raped Mrs. Lena Lavenberg. The affair grows out of a mixed family history, and is quite complicated, so that it is difficult to determine how much or how little there may be to it. Fred Brownold is a well known painter, a cripple, who has a wife and family, and has not been looked upon as one capable of committing such crimes as are now charged up to his account. His wife is a sister of Charles Allen, the complainant. The alleged victim of Brownold's lust, Mrs. Lena Lavenberg, is also a sister of Charles Allen. Lena about a year ago was married to Will Lavenberg, she being only eighteen years of age. After living with her husband for about nine months she suddenly disappeared, and at the same time Sam Lavenburg, a brother of her husband, disappeared also. It was supposed at the time that the two had run away together, but later developments disclosed the fact that the young woman had become an inmate of "French Em's" house in Omaha. Lately her sister, Mrs. Brownold, learning of her whereabouts, went to Omaha and sought to get her to leave the abode of sin, but failed to persuade her. It is claimed that at this interview the fallen sister told Mrs. Brownold that Brownold had been the cause of her ruin, but no steps were taken in the matter until Charles Allen, the brother of the two, got hold of the information.

He claims that he has learned that Brownold had ruined the girl when she was but eight years of age, and had maintained a criminal intimacy with her more or less of the time since then; also that she had tried to cover her shame by having an operation performed upon her by a physician, and that Brownold had after that taken the part of a doctor thus adding another crime to the catalogue of his sins. The warrant for Brownold's arrest was last evening placed in the hands of Deputy Marshal White, who proceeded to make the arrest at Brownold's home. Mrs. Brownold and another brother, John Allen, were at the house, and they protested so vigorously against the arrest of Brownold, that Deputy Marshal White found it necessary to arrest John Allen also, on the charge of resisting an officer. Both Brownold and John Allen were taken to the city jail and locked up until they can furnish bonds for their appearance. If even a portion of the hard stories told by Charles Allen about his brother-in-law, Brownold, be true, it will go hard with him, and certainly ought to.

J. Ernsdtorf, having taken entire control of the Phœnix chop house, desires to state that he has secured the services of Charles Decker, a first-class cook of New York city. The best the market affords, night and day, in the best style of the art. Will also have a regular bill of fare.

MURDER!!

Diptheria is again making its annual visitation. Ten years' trial of DR. THOS. JEFFERIS' REMEDY for that fatal malady has demonstrated the fact that it is infallible as a preventive and cure. If you permit your children to die with diphtheria, "Their blood be upon your head." For sale only at the office, No. 23 South 8th street, Council Bluffs, Ia., or sent by express on receipt of price, $2.

C. H. Blakesiee, of No. 1410 Campbell street, Omaha, who recently lost a beautiful and interesting daughter, aged about 15 years, by diphtheria, under the treatment of one of the best physicians in Omaha, writes to Dr. Jefferis, of this city: "Your remedy for diphtheria came too late, our dear daughter was dying when it was received. I am satisfied that her life could have been saved. Another one of our children who had the diphtheria, her throat was filled up with the putrid ulceration, we used your medicine and in twelve hours the disease was completely subdued. In the future we will keep your medicine at all times in our house. We feel that it saved the life of one of our children. We are very thankful to you, and only regret that we did not call on you sooner." From the Council Bluffs Daily Herald:

Mrs. E. M. Gerard, wife of Engineer Gerard, of the Union Pacific, this city, has been a great sufferer for many years, with what was supposed to be cancer of the throat. It was so bad that she was threatened with starvation. Her general health was completely broken down. She could only swallow liquid food, and even that her stomach could not digest or assimilate. Physicians of Council Bluffs and Omaha attended her for three years and gave no relief. Dr. Jefferis, of this city, was called. In four weeks' time he cured her throat, and completely restored her general health. Had Mrs. Gerard not obtained relief soon she would have died from blood poison, the same condition that destroyed the life of Gen. Grant.

From the Council Bluffs Daily Globe:

M. A. McPike, editor of the Cambria (Ebensburg, Pa.) Freeman, has been the personal friend of the editor of the Globe for more than twenty years, and is known wherever he is known as one of the best men living. He is also an intimate friend of Mr. Clark of the Nonpareil. He has been unfortunate in the fact that his family was ravaged with diphtheria, and greatly distressed. Mr. Clark having heard of his calamity sent him some of Dr. Jefferis' Diphtheria Cure, it was used at once, and the lives of the rest of his children saved. Letters from Mr. McPike are unbounded in their expressions of gratitude for finding some means of averting the loss of his whole group of little and tender ones. Five of Mr. McPike's children out of eight died from diphtheria before he had an opportunity of using Dr. Jefferis' remedy.

DYSPEPSIA! DYSPEPSIA!
