News From the Northwest Causes Heavy Selling of Wheat By Speculators.

CHICAGO PRODUCE MARKET.

CHICAGO, Nov. 17.—[Special Telegram to the BEE.]—The regular board of trade cable did not get through to-day, and private advices from foreign shores were meagre. The burden of private dispatches concerning foreign markets was that they were firm only for spot wheat and for wheat that would arrive in the near future. That there is urgent demand at the seaboard for ocean freight room admits of little doubt. Foreigners seem willing to take all the wheat they can get out of the country at this moment, but that quantity is limited. The local markets opened firm and higher. The boom yesterday afternoon lasted through the night, and first trades in December were on a basis of 74¾@74¾c, May being quoted at 82c. Prices only got ½c higher, when endless quantities of long property came out. Hutchinson sold right and left, and is supposed to have unloaded anywhere from 1,000,000 to 2,000,000 bushels of December wheat. Rosenbaum and other heavy dealers were selling all the morning against wheat bought in the northwest, and to add to the discomforts of the situation news was wafted in from Minneapolis in a dozen different forms that the latest and most reliable estimates placed the yield of wheat in Minnesota at 90,000,000 bushels. The railroad tracks up in that section are represented to be groaning under the load of wheat they are compelled to support, and railroad officials testify that the forward movement would be twice as heavy if cars could be provided to haul the grain. If millers are bullish at heart they keep their real sentiments concealed admirably. The market weakened under the pressure of realizing sales of speculative holdings and sales against possessed grain, resulting by 1 o'clock ¾c from the best prices of the morning. The last trades of the long session were at 74¾@74¾c for December, 75c for January, and 81¾c for May. The decline was steady and the bears were encouraged to get on top and help the market down to the best of their ability. The natural strength of the markets nearest the foreign buyers proved insufficient to counteract the flood of unfavorable advices from the northwest bearing down this way. Corn moved in sympathy with wheat. It opened strong at an advance of ¼@¾c, December being quoted at 37c and May at 42c, and declined ¼@¾c, the 1 o'clock range being at the bottom, 37c for December, 36¾@36¾c for January, and 41¾c for May. Scalpers who had gone long yesterday got from under to-day, and the feeling all around was one of weakness and decrepitude. Oats were slightly lower, but nothing of consequence was done. In provisions nothing has yet transpired to arouse the speculative market from its lethargic state. Price changes are insignificant, and the market was without new features.

2:30 p. m.—Wheat was weak on the afternoon board, selling down to 73¾c for December, where it closed. There was said to be some selling out of long wheat by prominent local operators. Corn was quiet and fairly steady. Pork was a little higher, closing at $10.05½ for January.

CURB—2:40 p. m.—Privileges on December wheat, 73¾@73¾c, and 74¼c sellers.

CHICAGO LIVE STOCK.

CHICAGO, Nov. 17.—[Special Telegram to the BEE.]—CATTLE—Trade remains in a depressed condition, not only in Chicago, but at all points where cattle are sold in large numbers. The receipts at Chicago are not heavy, but at nearly all points in the east the markets are overstocked. The unsettled condition of the labor market contributes largely towards this depression. On the surface matters seem quiet enough, but there is a deep undercurrent of discontent that sooner or later seems likely to come to the surface, accompanied with more or less disturbance and perhaps violent outbreaks, along with trade being slow. To-day prices were weak, some salesmen quoting a decline of 10c as compared with Monday on the ordinary run of fat cattle, and there are certain undesirable but useful and fleshy steers that sell at extremely low figures and for which there seems to be no fixed values. The run of rangers and Texans continues to dwindle down to small proportions and the outlook for common native butchers' stock is more promising, yet the same is just now making very low prices. The stocker and feeder trade presents no new features, and about the last load of stock calves for the season was sold to-day at $10 per head. Shipping steers, 1,350 to 1,500 lbs., $4.25@5.00; 1,200 to 1,350 lbs., $3.80@4.20; 950 to 1,200 lbs., $3.00@3.70; stockers and feeders, $1.90@3.45; cows, bulls and mixed, $1.40@3.00; bulk, $2.00@2.20; through Texas cattle weak; cows, $1.65@2.25; steers, $2.30@3.40; 546 yearlings, $7.00 per head. Western rangers, nominal; natives and half breeds, $2.75@3.75; cows, $2.10@2.95; wintered Texans, $2.80@3.50.

Hogs—The market was active, with a slight up turn, but no essential advance, closing firm. Rough and common may be quoted at $3.50@3.60; fair to good mixed, $3.70@3.75; best mixed, $3.80@3.85; fancy heavy, $3.90@4.50; light sorts, $3.50@3.90; Yorkers, $3.80@3.85.

FINANCIAL.

NEW YORK, Nov. 17.—MONEY—On call quiet at 3@7 per cent, closing at 1½ per cent asked.

PRIME MERCANTILE PAPER—4@5 per cent.

STERLING EXCHANGE—Dull and unsettled; actual rates, $4.81 for sixty day bills; $4.86 for demand.

GOVERNMENTS—Government bonds were dull but steady.

STOCKS—Stocks were active but the advance in prices was checked. Prices at the opening showed an advance ranging from ⅛ to ¾ per cent, Lackawanna, Jersey Central and Northern Pacific preferred being conspicuous for gains made. Reading, Union Pacific and Philadelphia gas were the strongest stocks of the morning, but the general list receded from the opening figures, though the losses were generally regained before noon. After a slight reaction the market closed rather heavy at or near the lowest prices of the day.
