## Heavy Damages Claimed.

An important suit was commenced yesterday, it being Barle, Haas & Co. against the Citizens' state bank and Chas. Hanna, the cashier. Damages are claimed to the amount of \$18,000, mainly on the ground of libellous publication affecting the credit of the firm. It is claimed by the plaintiffs, who are a large and well known wholesale drug firm, that the bank has been injuring its credit by returning drafts on the firm sent the bank for collection. One of these instances was in January .nst, when the

defendants received a draft from the Ottaxed \$25. tawa glass company, drawn on Harle, Haas & Co., and sent to the bank for colection, the amount being \$322.64. On the next day the draft was presented to the firm and the bank informed that the indebtedness had been already paid. The bank returned the draft with some notations calculated to injure the credit of the firm. The tirm claims \$1,000 damages

on this count. Another claim is that in May last Reed & McCormick, of New York City, drew on the firm for \$62, and that the bans did not present the draft for payment, but returned it with the note on the back, I bonds, which he readily secured.

The matter of J. P. Goulden's appli cation for bonds for certificates he holds for work done over a year ago, referred. The city attorney reported the Tenth avenue ordinance, with amendments. ways. which caused much discussion, but reached no conclusion. Mr. Wright, the Union Pacific attorney, asked the committee to prepare their ordinance giving the Union Pacific the right of way through Tenth avenue or the alley and he would submit it to the officials of the road in Omaha, and, if it was satisfactory, the council could then pass it. that he has a regular monthly stipend which he received from Europe, and that while he was in the clutches of the law in Omaha recently, his wife forged his name and obtained his remittance of \$300 which rightfully belongs to hun. Justice Frainey, before whom the "in-nocent kid" appeared, issued a warrant for her "royal nobs," and she will be given a chance to tell how she got Freddy's money. It will be remembered that while Mr.

Fred was being tried in Omaha last week his wife was arrested here on Broadway in company with a sport named Olive Jones, who claimed she was half red and half white blood, and the pair were fined for being drunk.

A Woman in Indian Creek. An old Irish woman was discovered last night in Indian creek, just west of

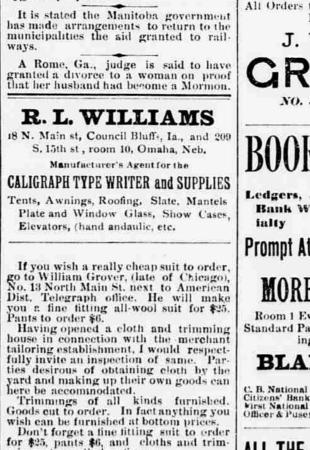

the Main street bridge. George Curtis and several others fastened a rope around her and pulled her up. She was com-pletely exhausted and was cared for by some colored people in the rear of No. 49 North Main street. When she came to her senses she claimed that she had fallen into the creek but would say nothing about the old man that was found near her under the bridge except that she knew him. For a long while she refused to give her name but tinally told a BEE man that she was a sister to Thomas Brennan, commissioner of charities and corrections of New York City; that her name was Mary, and that she lived on Willow avenue, between Main and Fourth streets. After admitting that she had been drinking she said her name was Mary Hughes.

Ten Town Girls Fined. Ten of the girls of the town were up before Judge Aylesworth yesterday morn-

ing to answer to the charge of vagrancy. Some were white and some were colored. They were arrested iate Friday night and early yesterday morning. Three of them plead guilty to the charge and were fined \$10.60 each, while the others put in a plea of not guilty, but before the day was over they concluded that they had better pay the necessary \$10.60 and leave the jail. It is understood that a number of their "sisters in sin" will be arrested tomorrow and subjected to the same fine. This is the regular monthly fine, it being the understanding if the girls send in \$6 it will be unnecessary for them to appear, but if they fail they are charged with \$1.60 costs while the proprietors are

## Alleged Seduction.

Thomas McFadden, a young man of Walnut, was yesterday before Justice Schurz on the charge of seduction, it being alleged that he had seduced Mag-gie Haggie, who is now in this city under the care of a doctor. The day was taken up by the counsel in arguing as to the limit of witnesses that the defendant be allowed to testify as to the chastity of the girl. It not being certain as to what they all would swear to, they were limited to five and the defendant placed under \$750
