

CABLE COMPANY DISSENSIONS.

A Meeting of Stockholders and What It Disclosed. THROWING OUT PROXIES. A Stockholder's Story—Pugilistic Pointers—Sullivan's Charity A—Change in Telephone Rates—Police Matters.

The Cable Line. For some time past it has been generally known by those "on the inside" that trouble has been brewing among the stockholders and directors of the cable company.

The trouble took a decided form Thursday afternoon when the meeting of stockholders was held for the purpose of electing a board of directors for the ensuing year.

There were two factions among the stockholders—the one which is in the ascendancy, composed of C. R. Tyler and J. E. Evans of Council Bluffs, R. C. Patterson, Fred Millard, Dr. Mercer, E. L. Stone, C. B. Rustin and W. J. Smith of Kansas City and president of the cable road of that city.

The other faction is composed of L. B. Williams, Oscar Williams, S. R. E. Morse, J. W. Morse, W. V. Morse. The latter faction—or certain members thereof—is charged with trying to hinder and impede the construction of the road, working for their own private ends.

The two factions had a lively dash at the meeting Thursday afternoon. A motion was made and carried ruling out all the proxies presented on the technical ground that they were not under seal.

This move of ruling out the proxies was made on a bare technicality, I will admit," said one of the members of the board to a reporter yesterday, but it was legal and it had to be done.

Another ground of complaint against the action was that the board had managed the business and money matters of the company. A committee, consisting of Messrs. Rustin, Stone and Patterson, was appointed to investigate the book of the company.
