RUSHING TO DEATH.

In the attempt to swim the Niagara whirlpool rapids is no more reckless or danger-ous than to trifle with disease which each day secures a stronger hold and hastens the end of life. This is specially true of rheumatism, neusalgia, sciatica and ner-vous headache, which though perhaps slight at first are extremely dangerous, and readily secure a firmer grip until at last the agony is unendurable and sudden death brings relief.

These diseases can be cured by the use of Athlophoros which, in connection with Athlophoros Pills, never fails when properly used. Read the following from those who have tested it:

John S. Ksnnedv, Spearville, Kansas, says: "Nearly two years ago, four bottles of Athlophoros cured me of rheumatism, and I have had no return of the old com plaint since.

Mrs. A. Newton, wife ot ex Mayor Newton, Desmoines, Iowa, says: "I had been a great sufferer for years, and had rem-edies, but nothing would do what Athlo-phoros did for me. Athlophoros took the stiffness out of the joints of my fingers, which I had been troubled with so long.

Murray. J. Cochran, Denison, Iowa, says: 'It is now two years since I used Athlophos ros, and I have had no rheumatism since At the time I used this medicine I was crip pled so that I had to use crutches. My knees were swollen so that I had to cut my pant in order to wear them; my arms were stiff at the elbows; part of the time I could not feed nyself. While in this condition, I was advised to take Athlophoros; which I did. After using a few bottles, I was completely cured.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 122 Wall st., New York, will send either, carriage paid, on receipt of regular price, which is \$1 per bottle for Athlophoros and 50e for the

THE INDIANA SQUABBLE. Fun Predicted the Coming Week in Hoosier Legislature.

INDIANAFOLIS, Jan. 9.-The coming week will be one of intense interest in the indiana legislature. On Friday Speaker Sayre, of the house of representatives, sent the message to the senate, informing that body that on Monday morning he would proceed to canvass and deeclare the result of the vote at the November election for lieutenant governor, the law requiring that it has to be done in the presence of the two houses. The senate re-

ceived the message, laid it upon the table and

It is un-derstood that he will subsequently find it the means to officially inform the senate that he has been sworn into office and is ready to take his seat as presiding officer of that body. The republicans claim to be acting in strict con-formity with the law and insist that the claim of Senator Smith to the presidency of the senate will be utterly void after such no-tice. The arrest of Sherman Thurston on the charge of being a suspicious character is a surprise to his many friends and acquaintances in this city. While Mr. the majority of when he presents himself, the contest over the lieutenant governorship will of course be ended. If his claim is denied, which is among the probabilities, it has not yet been made public what steps will be taken. In reference to the schatorship the republicans are still united in their support of Harrison. Governor Gray has with-drawn in the interest of Mr. Turpic and the democrats are not yet united upon any can-didate. Holman is still here and pushing his candidacy. Bynum has gone to Wash-ington, leaving his interests in charge of his friends. Thurston is known as a sporting man nothing of a crooked charocter has been charged against him. building at once tilled with smoke and caused great consternation among the occupants in the third story in which a number of people have rooms. In one of the apartments was a well known young man who had been spending the night with his friend, a young man nad gone down town a short time before the fire, taking the key to the room with him. At the first cry of fire the guest stuck his head into the hall to find two affrighted ladies vainly endeavoring to raise a hall window to avoid being suffocated. The young man is polite to the ladies under any and all circumstances and without heeding the abbrevisited condition of his nether garments, he rushed to the rescue and by a heroic ef fort broke the refractory window frame from its frozen moorings and sent it skyward with a crash that woke a policeman on Harney street. The effect was sudden and start ling. The hall instantly cleared of smoke and the hero found himself standing in the bright morning light clothed in his in-nocence and some other white staff, be-tween two well dressed ladies. Heeding not their expressions of gratitude, he made one dash for his room, only to find that the fatal spring lock had done its work. The situation was getting decidedly em-barrassing, but the ladies in turn came to the rescue of their rescuer and hastily

retreating to their room, gave the hero a chance to again reach the window and bribe a kid in the alley to go to his friend's place of business and secure a key to the room. Rip Van Winkle Revived Last Night in German.

Last night the first benefit of the season of the Germen comedy company took place at the Boyd. The beneficiary was Edward Schmitz, the eccentric comedian of the company. His selection was the of the company. His selection was the play of Rip Van Winkle, in which, of course, he assumed the title role. There are few characters on the stage which, when well rendered, are more entertaining than that of Rip, the old vagabond of the Kaatskills.
