While the council is in an investigating... SENATOR VAN WYCK'S following is consolidated...

GENERAL THAYER'S suggestions as to revenue reform have attracted more general and favorable comment than any part of his message.

ALL roads in ancient times led to Rome. All the political highways this week will center in Lincoln.

SUGGESTIONS for a republican tariff bill are all in the line of revenue reduction without a decrease of the tariff taxation where it is most needed.

ALL the European counts are kindly advising Bulgaria to consent to political suicide by accepting Prince Nicholas of Mingrelia as their ruler.

In handing in his resignation as chancellor of the exchequer, Lord Randolph Churchill threw overboard the neat little salary of \$25,000 a year.

COUSIN BEN FOLSON is holding aloft the American flag abroad. He has organized a base ball club at Sheffield and will prove a worthy successor to Minister Sherman in initiating the natives into the mysteries of the great native indoor game of poker.

The great shipbuilder, John Roach, died yesterday morning after a lingering illness. The immediate cause of his death was a cancerous affection somewhat similar to that which afflicted General Grant.

A NEW YORK dispatch states on the authority of the Times that city that Dr. McGlynn, who had been summoned to Rome to explain his course in advocating the land theories of Henry George, has decided not to regard the summons, and will leave the church rather than abandon his opinions.

SENATOR CALKINS, of Franklin county has proven himself to be a man of honor and principle. When the legislature was about to organize he was invited to join in republican caucus.

No Caucus Needed. The election of Speaker Harlan by caucus nomination does not necessarily furnish a precedent for the senatorial struggle.

There can be no good reason advanced under prevailing conditions for a return to the tyranny of the caucus in the coming senatorial contest.

Omaha's earnings have passed the \$6,900,000 point and are still climbing upward. Last week our increase over the corresponding week of the previous year was 137 per cent.

In both of his annual messages President Cleveland recommended that the salaries of the civil service commissioners be increased.

Queen Victoria will give away 2,000 titles and decorations in connection with the celebration of her jubilee.

Atlanta's Drinking Water. The motto of drinking men in Atlanta, Ga., at the present time should be, "Jug not, but ye be not jugged."

The Empress Augusta of Germany, has been under the massage treatment for many years. King Humbert is very fond of his son, the prince of Naples, and is about to build a palace for him to play billiards in.

The queen of Romania, already an eminent poet, has engaged to deliver a course of lectures on "Modern Literature" next year at the Bucharest high school.

The Emperor William makes daily visits to the imperial household. For thirty years he has been accustomed to deal with the same stores. He goes at 8 o'clock in the morning to evade public curiosity.

Queen Victoria wishes all her family to be in England during the coming jubilee celebration next year. Hence the duke and duchess of Edinburgh and Prince George of Wales are coming home from Malta at the end of May, 1887, and the duke and duchess of Connaught will return from India for a couple of months.

The people gleefully hail the freshet of iron highways. Benkenman boasts of five babies, all boys, born one day last week.

The voters of Grand Island will determine the question of granting a street railway franchise on the 15th. Five churches are doing a thriving business in Ashland. Two printing offices and no saloons are conspicuous features of the town.

The railroad business at Norfolk last year was extensive and profitable. The Union Pacific took in \$18,172,633; the Omaha, \$1,063,133, and the Elkhorn Valley, \$1,000,000.

The loss in the coal mine fire at Cable will probably reach \$200,000. Woodbury county, including Sioux Falls, is one of the most active assayers for Van Wyck's old shoes.

POINTERS FROM THE PRESS.

State Editorial Friends of the People on the Senatorial Question. VAN WYCK'S CHANCE OF VICTORY.

Harlan's Election a "Big Straw" - His High Character - First Blood for the Old-Man-Honest - Disgraced Democrats.

Significant Straw. Fremont Herald: We observe not one word of censure in the Omaha Herald against Vandemark and Campbell for voting with the republican leaders to elect a president of the senate - not a word.

Leader of the "Blind" House. The undaunted, has taken a seat in the legislative body, for what reason it is not difficult to determine.

Team of Dark Horses. Fremont Herald: Harlan, the Van Wyck candidate, was elected speaker of the house by the republican leaders which the stalwarts had so much to say about.

Never Failed in Eighteen Years. Grand Island Independent: The Independent has taken an active interest in every senatorial contest for the past eighteen years, and has never in a single instance failed of having the satisfaction of seeing its candidate elected.

He's the People's Choice. Clay County Democrat: There is scarce a doubt if the question of the election of a United States senator was left to a direct vote of the people of the state Van Wyck would be his own successor.

Not to be Snuffed Out. Grand Island Independent: The most bitter opponents of Senator Van Wyck now admit that the senator's combined forces are not to be snuffed out on one twitch, but on the contrary the more they snuff them the brighter they seem to shine.

He Looks Up Magnificently. Blair Pilot: Over against this magnificent field looms up Old Man Van Wyck. The question is, can he beat him? Will the field unite against him so solidly that he cannot detach a fragment of a faction to his already recognized support.

Three Honorable Senators. Grand Island Independent: Every conceivable method will be resorted to to enter the list of candidates for the reelection of Senator Van Wyck, but the effort will fail. Tschuck-Schminke-Sprick - three German senators, are as true to their constituents and Senator Van Wyck as is the needle to the north pole.

The First Blow Tells. Webster County Winner: The Van Wyck element seems to have won a victory in the election of Harlan for speaker, but his opponents are working tirelessly and insinuate that a great deal of change may be seen before the time for balloting.

There Will Be Muste. Central City Courier: The composition of the present legislature doesn't appear to differ materially from that of its predecessors. Unless we are much mistaken, however, it will furnish some music never heard in this state before. Public sentiment isn't the same as it was two years ago.

First Blood for the People. Dawson County Herald: The lower house of the legislature organized yesterday by the election of N. Van Wyck, of York, as speaker by a convincing majority. Mr. Harlan's election is a pointer, he being the Van Wyck candidate for that position, and marks first blood for the republicans in the corporations in the senatorial fight.

inclined. If Van Wyck can hold all the strength that his friends claim, and that outside appearances give him, he has got a pretty sure thing on election.

Miller Mum and "Consistent." Fremont Herald: We observe not one word of censure in the Omaha Herald against Vandemark and Campbell for voting with the republican leaders to elect a president of the senate - not a word.

Couldn't Fill One of Them. Fremont Herald: Harlan, the Van Wyck candidate, was elected speaker of the house by the republican leaders which the stalwarts had so much to say about.
