Arrangemenes are being made for quite a party of Council Bluffs folks to start for the great ice carnival in St. Paul next Friday night. The tickets are only \$11.20 for the round trip, and the event is one which will well repay for the time and expense. The remains of William Quinn, who died on Wednesday last, yesterday morning arrived in this city and were taken to the home of his brother; John Quinn, No. 1315 Eighth avenue, where the funeral will take place at 2 o'clock this afternoon. Harkness Brothers will lose nothing by thus considering the interests and wishes of the clerks.

A party is being made up of Council Bluffs people who will leave here next Friday night to attend the ice car aval at A number of the party intend to spend only Saturday and Sunday there, and to be home Monday morning, while the balance will remain and return next Thorsday, when the six-days ticket expires. The Worthy Work of Christain Women During the Past Year.

TALK ABOUT REAL ESTATE.

The Mystery of a Bible Stolen Eleven Years Ago-Church Services To-Day.

#### WORTHY WORKERS.

Annual Report of the Woman's Christian Association.

Another cycle has rolled around and brought to us another annual meeting. this time after an interval of only six months, making this in fact a half yearly report. This is occasioned by a change in the constitution by which the election of officers occurs in January instead of June as heretofore. The close of our last year found us with plans of work projected, which the succeeding months failed to see fuffilled. But while those failed, other steps, perhaps no less important, have been pursued. Our last undertaking, under the shadow of the old year, was the raising of money by giving an entertainment for the benefit of the ndustrial school, and while it was not a brilliant financial success, it served to unite us more firmly in our aims, and to bring the work and the aims of the assocuation more definitely before the public For the success of that enterprise we are greatly indebted to Miss Ella Page, of Chicago, an accomplished and successful teacher in the kindergartens of that city. Our best wishes follow her to Minneapo is, where she is now engaged in her prolession, and we are sure that wherever she may go, her kind heart and willing hand will ensure her many friends.

Our first plan was to purchase the old Scandinavian Baptist church on Mynster street, remove it to a lot of our own, and establish permanently an industrial school for girls, with different branches of instruction in domestic arts. A petition had previously been sent to the city fathers, asking the donation, or lease of a city lot for this purpose, and we were encouraged to be-lieve our prayer would be granted. In suspense we waited, feeding on the promise of attention from week to week, till expectation turned back to hope, hope turned to despair, and lo, the day of grace was past, for the old church was torn down, moved back and became the iome of the equine race.

In July incorporation papers were made out for us, Messrs. Wright, Baldwin and Haldone doing the legal work gratis. This was approved and signed by as many of the board of trustees as were in the city, and we became at last egally able to possess real estate. After a vacation of two months our

work was resumed in September. Meetings for a time were held at the Ogden house, afterward at the Baptist church. Soon after reassembling the work of opening a cottage hospital was proposed, but owing to the importance of the step, plans matured slowly.

Difference of opinion has at times shaken our little bark, but after each storm has come the angel of peace brooding over us, and the troubled waters have settled into rest; indeed we are too firmly anchored to the rock on which we built, for the waves of dissention to sweep us ashore stranded and broken. The close of the year finds us in possession by ease of a cottage on Williams street, in the north part of the city, christened "Cottage Home," equipped for hospital service as well as we have been able to do, with a matron in attendance, and a capacity at present for accommodating a limited number of patients; but we expect to increase the facilities as soon as the case demands, and the generosity of our patrons and donors permits. The industrial school, under the management of Mrs. Mattie Gaylord, has been only moderately successful, through no fault of the manager, however, but for lack of sufficient assistance and a suitable place of meeting. We hope soon to add to its usefulness and influence. A small fund s left from the Thanksgiving donation of 1885, which has been reserved for un-doubted cases of sickness and necessity mong the poor.

This brief resourse of the six months' efforts, which closes the current year, is not brilliant with achievements. It is more a record of work begun than of labor done. If the history of work done could but equal that of our wishes and our ambition, we might give you a picture which would kindle enthusiasm, and pave the road to a speedy achievement of success and triumph. Yet, surely we feel that the Spirit of our Master has been with us all the way, and there is much to encourage us in the near future if we work heartily and together. Onward

and upward is still our aim.

The Mystery of a Stolen Bible. A strange finding of lost or stolen property was made yesterday. Eleven years ago Mr. Hoffman, who lived near the Chicago, Burlington & Quincy depot, had his family bible either stolen or lost, From all the circumstances attending its disappearance the family concluded it was stolen at the time, and during all these years there has been no trace of it known to them. Yesterday a boy who works about Belle Clover's house, on Broadway, came across a bible in the rear of an adjacent lot. Its appearance indicated that it had been but recently eft there, as it bore no indications of having been exposed to the weather. On examining it Mr. Hoffman's name was found to be written on the fly leaf, and so he was hunted up and the book restored to him. The mystery of its recovery is as puzzling as that of its disappear-ance eleven years ago. It had been well kept by whoever had it during all these years, and another feature of the find was no less remarkable. When the bible disappeared it contained several Sunday school cards which the children had got at Sunday school, and these very cards were found to be still between the leaves, where they laid loosely, and liable to be dropped out unless the book had been carefully handled. The only hint, and that not much of a one, as to who had the book is given in the fact that a man was noticed to drop something over the fence into the lot at about the place where the missing book was soon after discovered. The man was not recognized and nothing special was thought of the occurrence by

Services in the Congregational church this morning. Subject of the pastor's sermon, "Gen. John A. Logan, the Christ-ian Hero." A most cordial invitation is extended. In the evening there will be a

union meeting at the Presbyterian church. Preaching in the Baptist church by the pastor Sunday morning at 10:30 followed by Sunday school. Union services at the Presbyterian church in the evening. Communion services in the Presbyter-

ian church this morning. Rev. A. K. Bates preached his farewell sermon at the Harmony Mission chapel last Sabbath, from the text, "All Things Work Together for the Good of Those That Love God." Mr. Bates has always been willing to assist in forwarding this work and the members of the mission deeply regret his departure from the city. Gospel services today at 3 o'clock conducted by Mr. J. Mells of the Baptist

Rev. R. T. Dorsey will preach in the African M. E. church at 11 o'clock this morning and at 7:30 this evening.

Gossip About Dirt. "How's real estate?" asked the BEE man of one of the dealers. "It's been dull for a few days. Day before yesterday I sold nine lots, vesterday I sold only one, and to-day so far I have sold three, It will be better next week. In view of the inactivity which has characterized real estate in Council Bluffs in the past, this seems like a pretty good showing for one agent, and he not the largest dealer

Dr. Macrae who a day or two ago bought five acres of J. P. Casady has already been offered \$100 an acre advance. He refused the offer, and sees more money in it.

One of those who recently went into the syndicate, who bought the Ballard tract for \$200 an acre, has sold his interest for \$400 an acre. Others are looking for more money in it, and will doubtless

Some of the old timers are getting rather nervous. They have served as agents for non-residents, and got a comfortable living out of paying taxes and looking after the taxes. They have discouraged the selling of the property, for once off their hands the source of revenue would be taken away. Now some of these non-resident property owners are looking into matters for themselves, the news of the boom reaching their ears. Much of this property will probably be sold to residents and for actual improve-ment, and the source of revenue will be cut off. It will be far better for the city to have it thus.

Eiseman's Drawing. Henry Eiseman & Co.'s People's Store appeared more than eyer a store of the people last night. The establishment large as it is, was thronged with men,

women and children, old folks and young tolks, large and small, and the crowd was so great that many had to content themselves with standing outside and getting glimpses through the show windows. In the rear of the first floor, near the office, was erected a platform, upon which the committee and the wheel were stationed. A large glass wheel arranged so as to mix the tickets was located sight of all. A number of citizens served as a committee to check the numbers and to see that the utmost fairness was shown to all. The drawing was certainly so conducted that no charge of favoritism could be made. Spencer Smith called out the numbers as a blindfolded boy drew them from the wheel, which was turned by County Clerk Shea. Colonel Shea eyed the wheel with a watchful eye, and at the tables keeping record were City Auditor Kinnehan, County Treasurer Plumer, C. A. Beebe, County Recorder Thomas, Mr. Pfeiffer, of the Free Press, and the BEE man. The result of the drawing is given in another column, and the holders of tickets can compare them and if holding fortunate numbers can apply at the store at any time, the prizes being there in readiness

Bound To Be Warm.

A few days ago a colored man, giving his name as Paxton, and claiming to have been formerly employed in the Arcade hotel at Omaha, was given the position of porter at the Bechtele hotel in this city. Yesterday he was discharged. It appears that sometime between then and night he slipped back into the hotel, through the rear, and coming up the basement stairway helped himself to clothing which was hanging in the stairway, the entrance to which is right off from the bar-room. Three overcoats, one belonging to Mr. Bechtele, another to his son, besides some other articles were thus taken. The clothing was soon missed, and evidence soon gained which led to the capture of the fellow. Most of the stolen property was recovered, and the colored man was locked up in the city jail.

King & Co.'s Prizes. Last evening the eigar and tobacco house of T. D. King & Co. distributed their prizes, the following being the re-

sult of the drawing: First-Fine meerschaum pipe, No. 1,089, George Gerspacher. Second--Fine meerschaum, No. 1,371,

John Schmidt. Third-Fine meerschaum eigar holder, No. 720, John Schmidt. Fourth-Fine box cigars, No. 1,263, John Olson. Fifth-Smoker's set, No. 1,381, John

Mr. Schmidt, the wonderfully lucky man, is of the firm of Pace & Schmidt.

The Old Fashioned District School The old fashioned district school was such a success, financially and otherwise, that a great many requests for the outline of the scheme have been received. The committee decided to have it published in book form, giving not only the text as arranged, but complete directions for its reproduction. It makes a pamphlet of about twenty pages, and the committee is prepared to mail this book at only a \$1 a copy. Orders may be sent direct to the BrE office in Council Bluffs.

The Edwards Case.

The arguments on the motion for a new trial in the case of Edwards occupied most of two days in Judge Carson's court. No decision was reached last evening, but one will probably be announced to morrow morning. Edwards was found guilty at the last term of court for having tried to turn a countryman on a confidence game, conviction being for utter-ing a forged check.

A Mondanim trio, Mr. A. Spooner, Miss Bryant and Mrs. L. H. Noyes, were in the city yesterday and at the Ogden. Mrs. George T. Phelps, who has been spending the holiday season with her sister, Mrs. Wheeler, at Janesville, Wis., has returned home.

J. G. Tipton, who has been lying dan-gerously sick, as stated in this paper some time since, at his home, No. 1017 Fourth avenue, is slowly recovering. F. M. and J. F. Stockman, sons of S. V. Stockman, of the People's store, arrived yesterday from Brooklyn, N. Y.,

and will make this city their future home.

Tim Blass, as he is familiarly known

among the cigar makers, has returned

from California, where he has been since last April. He was shaking hands with his friends here yesterday, but expects to

locate in Omaha. Mr. and Mrs. Jacob Sims were expected to arrive last evening from their wedding trip, but they were detained at Ottumwa by the illness of Mrs. Sims mother. They will probably arrive home the first part of the week, and will be heartily wel

comed. H. E. Seaman was greeting his old friends here yesterday. He has closed out his business in New York City, and now that he is foot loose his friends are urging him to resume business in this city, and join in the boom. He seems to take to the suggestion kindly.

J. G. Fountain and family, who have been stopping at the Ogden house for six weeks past, left yesterday for Omaha to remain a brief time at the Cozzens and then go to housekeeping in that city and remain there until his suits in court are disposed of. He is thinking of then re-turning to Council Bluffs and engaging in the real estate business.

THE WEAKNESSES OF WOMAN.

A Constant Study of a Noted Woman's Life.

Mrs. Lydia E. Pinkham, for years made the diseases and weaknesses of her sex a constant study, and as a result of it was the famous "Vegetable Compound." Her knowledge equals that of any first class physician and therefore the remedy can be taken with perfect confidence. The subjects of treatment are so delicate that it is hard to be understood without tres-passing on the grounds of what may seem improper language; yet it is a wel known fact that not one woman in ten i ree from pain and troubles, therefore there is no good reason why they should not have the means placed before them of saving themselves all, if not the greater part of the periodic and other suf-fering. The medicine is not an abortion remedy but is exclusively for good pur-poses and will aid and strengthen every voman who takes it in good faith.
