Let every man, woman and child buy a lot in Geo. H. Boggs' new addition, for the like was never offered before and will never be offered again.

1,200—Twelve hundred lots, all in one grand addition to Omaha, large lots, wide streets, high ground, wonderful prospects. The low roads MUST cross to Omaha. A new bridge MUST be built for them, of necessity it must be located close to this ground. Manufactories, warehouses, packing houses, lumber yards, coal yards, car shops, agricultural warehouses, and the thousands of other kinds of improvements that must and will follow—must and will all be located on this ground, and on these lots.

\$150! \$150! \$150! \$150! \$150!

No far-seeing business man can dispute what we say, and we challenge the Western States to show such another wonderful chance for speculation as we now offer in these lots.

These 1,200 lots lie on the high valley north of the Union Pacific shops, only a few moments' walk from the city limits of Omaha. The ground is at least 25 feet higher than any other ground in the valley. The lots are all covered with a dense growth of young timber, which alone is worth half the cost of the lots.

The location is a particularly pleasing one when you stand on the ground, and it is a dull intellect, indeed, that cannot figure out the glorious future in store for these lots.

We Offer These 1,200 Lots

FOR TWO DAYS,

MONDAY

—AND—

TUESDAY,

At the Nominal Price of

\$150 Each.

On Such Easy Terms as May Best Suit Purchasers.

We expect to sell all or nearly all of these lots on these two days, and any one who wishes to make an investment, where there can be no possible chance of loss, but a sure chance to make \$900 for every \$100 invested, should be on hand in time to secure a choice. If any one has their doubts about their "taking," we will say we have in one, without a word of advertising, sold 300 lots, and refused to sell any more until Monday morning at 8 o'clock.

Our office will be kept open on Monday and Tuesday from 7 in the morning until 9 in the evening of each day, including the noon hour, to give working people a chance to secure their lots. Don't forget the days—Monday and Tuesday.
