

while monopoly continues to pool and fleece. While the railroads throughout the union, and their federated associates in manufacture annually earn 30 to 40 per cent, the laborer receives but a paltry 10 per cent, up with 1 and 2 per cent. When they complain of this injustice, they are told that they are not to be paid more than their worth. It will not require a very careful analysis of the statistics of this state to show that there is a genuine cause of complaint on questions which affect a very large proportion of our population.

THE COMMISSIONER'S MAKE-UP.

Considerable Nervousness in Washington As to Who Will Be Appointed.

WINDOW READY FOR SURPRISE.

Frank Hatton at the National Capital Booming John Sherman For President—Coast Defense Sentiment in the House.

Window on the Ground.

WASHINGTON, Feb. 8.—Special Telegram to the BEE.—There continues to be a great deal of nervousness about the appointment of the inter-state commerce commission. Secretary Windom, who is at Wormley's, says he is here on business connected with the Topeka railway, that he has not seen the president, that he is not a candidate for the inter-state commerce commission, and does not expect to be appointed. He says he naturally feels gratified, at the favorable mention of his name, but is not seeking this, or any other office. It is generally believed, however, that Windom is in a frame of mind which will not admit of a surprise being done for by the president at any moment and tendered a place on the commission. It was stated at the white house that the president had concluded to postpone these appointments for a few days.

HATTON BOOMS SHERMAN.

EX-POSTMASTER General Frank Hatton, now editor of the Chicago Mail, is here, and declares for John Sherman for president, the presidential nomination. He says Sherman can carry New York against any democrat who can be nominated.

COAST DEFENSES.

General Harner, of Philadelphia, a leading member of the house committee on naval affairs, and an eminent personal friend of the president, has just returned from his corresponding this morning that the bills appropriating \$21,000,000 for coast defense are being favorably reported in the house committee on appropriations, and will be favorably reported in the senate.

MR. CLEVELAND'S RECEPTION.

Mrs. Cleveland's noon reception to-day was attended by about one hundred ladies and gentlemen who had been invited to pay their respects at that hour. Mrs. Cleveland received in the green parlor and looked very bright and cheerful. Her mother, Mrs. Folsom, Mrs. Cleveland's mother, was also present and held a court of her own in the back parlors. Mrs. Cleveland wore a rich black silk dress with a white collar and cuffs, and a white waist. She is quite well satisfied with the determination to exclude the general public at her private reception, and she yesterday admitted only those who receive invitations from her.

FORTY-NINTH CONGRESS.

SENATE. WASHINGTON, Feb. 8.—Mr. Ingalls presented a memorial from citizens of Lexington, O., asking the initiation of a treaty for the acquisition of Canada. Referred to the committee on foreign relations. House bills were reported back from the committee on military affairs and placed on the calendar, as follows: To authorize the secretary of war to credit the territory of Dakota with certain sums for ordnance and ammunition stores, issued by the territory to provide for the location and erection of a branch home for disabled volunteer soldiers west of the Rocky mountains. Mr. Van Wyck offered a resolution requesting the committee on appropriations to have read in the senate any communications received from the commission of the general land office showing the disposition of money heretofore appropriated for surveys of public land bearing on railroad land, and on lands last week referred to in the senate debates and to have the committee report thereon. The following bill passed the senate: To prohibit any officer, agent or contractor of government hiring or contracting, out of the land of prisoners. The unfinished business (the bill) was read until Thursday.

Changed the Receivers.

DES MOINES, Ia., Feb. 8.—[Special Telegram to the BEE.]—The district court this morning set aside the appointment of Frank Allen as receiver of the bankrupt Missouri Insurance company and appointed instead Mr. Isaac Brandt. Mr. Allen was president of the company and his appointment as receiver was followed at once by protests from creditors.

ADOPTING A LINE OF POLICY.

The Central Traffic Association Meets and Discusses Inter-State Commerce.

NOTHING DEFINITE DECIDED.

Commissioner Blanchard Thinks the Organization Can Still Remain in Existence Under the New Law.

Can the Pool Be Maintained?

CLEVELAND, Feb. 8.—The executive committee of the Central Traffic Association met today at the office of President Kevel, of the Lake Shore, and adopted a very important series of resolutions. The meeting had been called for the purpose of deciding the fate of the organization—whether, under the inter-state commerce act, it could maintain an existence; if so, in what form and what relations to this recent national legislation. Commissioner Blanchard delivered an address to the committee outlining what he thought should be the policy of the association in respect to the inter-state commerce act. Other addresses followed from various members, and resolutions embodying the sentiment and opinion expressed were unanimously adopted. These resolutions are in effect a declaration of policy for the purpose of promoting arbitration and encouraging reciprocal commercial relations between the United States and the neighboring countries of Mexico, Central and South America and the empire of Brazil.

A BLOODY FIGHT.

Two Texas Families Fight to the Death—Four Persons Killed.

KALAMAZOO, Mich., Feb. 8.—[Special Telegram to the BEE.]—This town was thrown into a fever of excitement yesterday when a man on horseback came dashing into town with information that a deadly fight had been fought about four miles from here. Four male members of a family named White were killed against Colonel John E. Ross, of the United States army, and a young man named Mills, resulting in the killing of the three Whites and Colonel Ross and the wounding of the boy. A few minutes sufficed to impanel a jury, who, in company with the officers and Justice Proctor, left hurriedly for the scene of bloodshed. A ride of four hours brought the party to the battle ground. The home of the Whites consisted of one room twenty feet square. The party entered and were struck with horror at the scene. On the ground in front of the entrance was found the body of J. C. White, a bullet hole through his breast and one through his side. In the center of the room the body of Ross lay dead, his head broken and his face swollen. A bullet hole through his head told how he met his death. In one corner of the room was found young Ross, shot through the head by a bullet from the other hand. The weapons that wrought so much destruction were found in the room. The scene of death did not end here. Half a mile further on the home of Ross was found the body of a young man named Mills, who had been shot through the head by a bullet from the other hand. THE STOCK MARKET.

Not Especially Active But Prices Well Sustained. NEW YORK, Feb. 8.—[Special Telegram to the BEE.]—The stock market was not especially active to-day, but prices were well sustained. St. Paul was the bull card, and the rest of the market was held principally on the strength it exhibited. Various stories were current in regard to the St. Paul pool. It was, however, conceded that Arnoux was not in the market, and that the pool had strong backing. Northwestern was carried up in part in sympathy with the movement in St. Paul, but the top prices were not sustained. Outside of granger stocks, which were made up of a bull market, the market acted heavy and the advice given by conservative commission houses was to wait for a reaction before making any purchases. It was unable to make much of an advance. There was some talk of a bull market, but it was not advanced to-day. The advance of nearly 2 per cent in it could hardly be explained as due to buying of an ordinary kind. It was thought that the stock up on expected benefits which would accrue through the operation of the inter-state commerce law.

Disastrous Railroad Wreck.

DES MOINES, Ia., Feb. 8.—[Special Telegram to the BEE.]—A Dubuque special says that a disastrous wreck occurred early this morning on the Chicago, Burlington & Quincy railway, near the city of Dubuque, Iowa. The train had caused a wash-out and the engine and twelve cars of a freight train went down the embankment. The cars were loaded with coal and oil and were smashed to kindling. The engineer, Vaughn, was seriously injured.

THE AMERICAN CARDINALS.

They are Having an Enjoyable Time in Paris. PARIS, Feb. 8.—[Special Telegram to the BEE.]—The American cardinals are having quite an vacation in Paris. Cardinal Gibbons is expected today at the church of Saint Roch, near the avenue de La Republique. Cardinal Tachereau performed mass at Mont Martre. Both the cardinals ate an excellent dinner at a fourteenth at the seminary attached to the church of Saint Sulpice at noon, and afterwards paid a visit to the Archbishop of Paris, who chatted very pleasantly with them for about an hour. Cardinal Gibbons then drove to the studio of Healey, the American artist, to whom he gave a preliminary sitting for the portrait intended for the Baltimore cathedral. The sittings will be resumed on the 11th of the month. Gibbons will return on the 14th. At 4 o'clock Mr. McLane, the American minister, called upon Cardinal Gibbons at the Hotel Biota.

THE LAWYER DELAY.

English Comment on American Law. LONDON, Feb. 8.—[New York Herald Cable-Special to the BEE.]—The evening's Globe, evidently taking for its text that in Lancashire next Tuesday a man will be executed for a murder committed one week after the execution of the same man for the same crime, carries out its text. The Globe instances the case of Maxwell in St. Louis, of Spies in Chicago, and of other cases in New York and elsewhere. It ironically says, touching the delay: "After sentence has been passed in America, the law of the republic holds as a first principle that the prisoner shall be allowed to give to a suspect to prove his innocence. The law will not take a mean advantage of a suspect simply because circumstances are cruel toward him. In a few years the witnesses might forget the point of their evidence, or the one or become so feeble as to be unable to testify. It is rampant and defiant. The knowledge of it is no barrier to acceptance in business circles and a known criminal is apt to be regarded as a little above the rest. The ball system, and the theory that a suspected man should be given all facilities for proving his innocence, are an exposure of some exceptionally hideous travesty calls attention to the hard fact
