Rothacker's Roarbacks. We deeply sympathize with Mr. Rothacker. He is a sorely afflicted and sadly disappointed man.

unsatisfactory. Mrs. J. S. Lowell, the intelligent member of the STATE BOARD OF CHARITIES of New York, regarding this law and its operations, says:

Sworn Statement of Circulation. State of Nebraska, County of Douglas, s. s. Geo. B. Tzschuck, secretary of The Bee Publishing Company, do hereby solemnly swear that the actual circulation of the actual average daily circulation of the Daily Bee for the week ending Feb. 11th, 1887, was as follows:

It Assures the Boom. With the passage of the charter, public improvements and the extension of the city limits, excluding South Omaha, will be an assured fact.

The Business Situation. Little change is noted in the general trade situation. Jobbers have had a better trade owing to milder weather, which has quickened preparations for spring wants.

Mr. Sullivan insists that he must write a book. Mr. Sullivan has always been treated kindly by the American people. He is cold, unfeeling and selfish.

Which Eyes are Fairest? Joseph Alphonsus Farrell in Atlanta Constitution. Which eyes in a woman are the fairest? Money, these eyes are not.

STATE AND TERRITORY. Nebraska Jottings. Culbertson has organized a fire brigade. Patterson has sold her fire engine to O'Leary.

SCHOOLS FOR REFORM. Views on the Work of State and Private Institutions. COLDWATER, Mich., Feb. 10.—To the Editor of the BEE: In the Chicago Tribune of the eighth instant there was an article on "An Industrial School for Girls," in which the closing sentence is as follows:

There is nothing in this world like perseverance. Colby talked against the Omaha charter until his health failed, and although "being very sick in bed," as his spokesman said it, instead of devoting what might have been a few brief hours left him for prayer and confession, he fooled his friends and physicians by claiming that he was preparing a will, when it truth, it was a vigorous written kick against the Omaha charter.

Fourth. It is untrue that the council is compelled to include thirty square miles under municipal taxation. While the right given, provisions are made for giving extension of the city limits until thirty square miles have been enclosed.

Mr. Little, of Ohio, following Van Winkle's proposition, on Monday introduced a bill in congress proposing a constitutional amendment for the election of senators by the people of the several states. Should such an amendment become a law, there would be a cheerful rattling of dry bones out this way, about a year from next November.
