"Is the judge in," asked a middle-aged woman, poking her head into the police court room through the half-opened door yesterday morning.

OFFICE, AUDITOR OF PUBLIC ACCOUNTS.

State of Nebraska, Lincoln, Feb. 1, 1887.

It is hereby certified that the Nebraska & Iowa Insurance Company of Omaha, in the state of Nebraska has complied with the insurance law in this state and is authorized to transact the business of fire and marine insurance in this state for the current year.

Witness, my hand and seal of said office, the day and year first above mentioned.

(Signed) H. A. BARCOCK, Auditor Public Accounts.

Superintendent Deuel Remembered.

As a testimonial of the esteem in which they are held by Cheyenne friends, Superintendent and Mrs. W. A. Deuel were on last Monday evening presented with a magnificent silver service.

The set rests on a massive silver tray which is most elaborately engraved and chased. In the center are these words: "Presented to Mr. and Mrs. Deuel by Cheyenne friends."

Each piece, besides being elegantly chased, contains the single engraved letter "D."

The service makes a beautiful gift. Both Mr. and Mrs. Deuel were taken completely by surprise by the host of friends who swarmed in upon them.

The presentation speech was made by Colonel Murrin and received a brief though fitting response from Mr. Deuel.

The South Omaha Land company have appointed C. E. Mayne sole agent for the sale of their lots.

He will show the property and furnish all desired information upon application.

(Signed) W. A. PAXTON, President.

A New Snow Plow.

The rotary snow plow which the Union Pacific purchased a short time ago on trial has proven an entire success.

It is now doing yeoman service on the Idaho division where for the past few weeks heavy snows have prevailed.

Careful experiments show that this plow can clear the track of snow from four to six feet deep, at the rate of twenty miles an hour.

The old-style plows could not be shoved at a speed higher than eight or ten miles an hour, and would even then be very often stalled, especially when the snow was at all sticky.

It is probable that the new rotary will be exclusively adopted on the Union Pacific. It has certainly proven a success.

English, German, Danish, Swedish, in fact all languages are spoken in the office of W. G. Albright, the real estate owner and dealer, 218 South 15th St.

All classes and all nationalities purchase of him, and you cannot do better than secure a lot in his valuable addition to South Omaha, known as

Albright's choice.

W. G. Albright has other property, improved and unimproved, in all parts of the city, and offers the best bargains.

Matrimony and Flames.

James Delaney, a member of Fire Company No. 3, was married to Miss Mary Shea yesterday morning at the church of the Holy Family by Rev. F. Koopmans, S. J.

The groomsmen were James Connolly, and the bridesmaid Miss Annie Sullivan. After the ceremony a wedding breakfast was served at the residence of Mr. John Donovan.

The wedding reception took place last night at the residence of Captain Thos. Ruane, of the hook and ladder company. The men of No. 3 having the honor of presenting the newly-wedded couple with a handsome easy chair.

W. G. Albright's South Omaha Office will be opened soon in charge of Mr. John M. Campbell, who will have horses and buggies ready at all times to convey intending purchasers to the valuable business and residence property known as

Albright's Choice.

This is the only property through which the U. P. and B. & M. R. R.'s, and Bellevue avenue run.

A Traveler From Callaway.

J. Woods Smith, of Callaway, with his wife, is at the Paxton. He is on his way to Lincoln. He spoke of his town as being in a most prosperous condition.

It is at the junction of two lines of the Union Pacific, one from Howard and the other from Kearney. The feeling of the people in the vicinity is that the town will be made the end of a division of both lines, which will be of great advantage to it.

Mr. Smith has just erected an opera house at Loup City, the patronage of which, he says, has been something wonderful.

Business is Business.

and Real Estate is valuable only where there is business. Purchasers should bear this in mind and not buy lots far away from the center of business, just because they are cheap.

ALBRIGHT'S CHOICE lies in the great industrial and commercial mart of South Omaha, and the immense business interests there insure a rapid advance of values. Eighty acres adjoining Albright's Choice are reserved for some of the largest establishments in the world.

Veterinary Work.

Major Birney, of the State Live Stock commission, was summoned to town Tuesday night by Dr. Chambers to act upon a supposed case of glanders. Yesterday morning he visited the affected animal near the Union Pacific depot and found that it was troubled only with a skin disease.

Dr. Ramacott, city veterinarian said that he quarantined, at the Bluffs' cattle yard, a stock of thoroughbred bulls which a dealer had brought from Illinois without proper papers. The bulls were to be shipped to this state.

Would Like to be Judges.

There are four democratic candidates for the position of district judge, and they are: A. N. Ferguson, W. A. Stowe, B. E. B. Kennedy and G. I. Gilbert.

Council Bluffs.

A large tract of land for sale within eight blocks of the postoffice in Council Bluffs. A good opportunity for a syndicate. Call on or address

JOHNSTON & VAN PATTEN, 33 Main St., Council Bluffs.

The Second Viaduct.

The Eleventh street viaduct is now planned firm, end to end, but some of the planks yet remain to be spiked. The road will be ready in a few days.

DRY GOODS MEN.

Mr. Kilpatrick and Tootle, Maul & Co. and Mr. Eggleston.

The Ber of a few days ago spoke about the possibility of the stock and good will of Tootle & Maul being sold to a gentleman named Kilpatrick, from Cleveland, and more recently from Chicago. Since that time Mr. Kilpatrick has been working in the matter of securing a certain amount of capital to add to his own to take hold of the business.

The stock and good will are valued at about \$200,000. It is Mr. Kilpatrick's intent to commence with \$250,000, nearly all of which he would represent himself. The balance he has been endeavoring to secure, and it is now pretty certain that he has succeeded in his object. He has refused more flattering

offers from St. Joe and Kansas City, feeling that Omaha is the place in which he desires to locate. The matter will be settled in a day or two.

A. P. Eggleston, of Boston, a dry goods dealer, is in town, with a view to examining the city for the purpose of opening a wholesale and retail dry goods store. He has been looking at the Paxton and Range buildings. He has been traveling on the Pacific coast for several weeks, and says that among all the towns he has seen none strikes him so favorably as Omaha. Speaking of speculation in real estate, Mr. Eggleston says that in San Diego the people seem to have gone crazy. It is estimated that there not less than \$50,000,000 of real estate, and these extend almost as far as the eye can reach on the mountain side.

South Omaha.

The future great packingtown of the west lies on the main line of the Union Pacific railroad, by which the cattle and hogs from the farms and ranges of the west and northwest arrive.

ALBRIGHT'S CHOICE is the only property through which the Union Pacific railroad runs, and is therefore the Best Addition in South Omaha.

Local Laconics.

Max Meyer—"I anticipate a big crowd at the Patti concert. There will be money in it both for the Patti management and the exposition association. A good many people from abroad will be present."

Ed Ballock—"If Eck can make a mile in 2:46 on the exposition track, I can do it in 2:45."

Fire Chief Galligan—"The new extension ladder truck is to be shipped from Chicago this week. It will be ready to use in a few days."

Judge Stenberg—"I am not in sympathy with the methods of the Salvation army, but I think they are entitled to the protection of the law."

Louis Heindrod—"The Turnverein masquerade ball on the 22d inst. will be the biggest affair of the kind ever held here. It will come pretty near equalling similar affairs in New York City."

Railroad Man—"Mr. Deuel goes to work to-day and you can rest assured that before long there will be a shaking up of some of the superfluous officers who have been more in the way of the employes than anything else."

B. & M. Official—"The effect of the inter-state commerce bill upon our road when it goes into effect," will be to disperse with about a dozen clerks in the rebate department. There are twelve men now employed there, and as rebates are prohibited by the law, there will be no work for these men, and they will doubtless be discharged. The bill also prohibits the issuing of passes, and in the passenger department of our road there are two men who have nothing else to do except look after passes and their receipts. These men, or possibly one of them, also will be compelled to seek other means of usefulness to the company.

ROYAL BAKING POWDER Absolutely Pure.
