

THE DAILY BEE. COUNCIL BLUFFS SATURDAY MORNING, FEB. 19. OFFICE, NO. 12, PEARL STREET.

Delivered by carrier in any part of the city at twenty cents per week. H. W. TILTON, Manager. TELEPHONE: 109. BUSINESS OFFICE, NO. 45. NIGHT EDITOR, NO. 23.

MINOR MENTION. N. Y. Plumbing Co. Heavy suits cheap to order at Reiter's.

City warrants are now at 90 cents and rapidly climbing up. J. W. & E. L. Squire's abstracts are giving good satisfaction.

George Roberts, for vagrancy, was yesterday given ten days' bond. J. Dunn, found begging on the streets, was yesterday given ten days' free board.

George W. Thompson & Co., real estate, No. 105 Main street. The German ladies will give another of their popular socials in Dancho hall Monday evening.

Permit to work was yesterday granted to W. F. Smith and Mattie E. Lattiman, both of Davenport. R. V. Innes yesterday bought fifty feet on Broadway, between Seventh and Eighth streets, of D. C. Bloomer.

The G. A. R. massed for a Tuesday evening (yesterday) to a great success, and a goodly sum secured for the relief fund. New embroideries at Harkness Bros'.

J. Dickenson, while full of booze, sought to settle some trouble with the Evening Herald folks. They turned in a police call and the police turned in Dickenson. He paid his fine. Dresses cut and fit, 714 Mynter.

Deputy Sheriff Haines came near causing a sensation in court yesterday. A revolver slipped out of his pocket, and fell to the floor. Luckily it was loaded. It is the unloaded revolver that always does the mischief.

Squire's Park addition is a sure investment. Pacific avenue will be built up with store buildings within a year. Mike O'Connor was found lying across a sidewalk about 2 o'clock yesterday morning. The police did not consider that sort of a sidewalk crossing a good one, and so took it up. It cost Mike \$7.00 to sleep the rest of the night at the station.

Mr. Sacken, who has been cared for at the Cottage hospital, has been in a very critical condition and it seemed that he could not recover, but a change has now taken place, and the crisis is believed to have been safely passed. He was formerly a resident of Grand Island.

The man Rogers, who was fined for not taking out a hook-sealer's license, is still in the city jail. He claims to be in correspondence with his attorneys in Des Moines, and following their advice. He threatens to sue the city for heavy damages, and is satisfied to remain in the dungeon as he is sanguine about making the city pay well for his imprisonment. Others see little show for him beyond a chance for him to spend some money in the courts if he feels so inclined.

The voters are strangely negligent in getting registered. To-day is the last chance for many of them. They should be sure and get their names put on, for if they do not appear before the board in person they cannot vote. Council Bluffs should show its full voting strength, and thus give additional basis to the boom, also, and put to rest the jealous statements that Council Bluffs has not as many voters as is claimed. Every man to the front.

The question of erecting a new city hall is being discussed. That such a building should be put up this season is conceded by all. The only question on which there seems to be difference of opinion is as to the exact location. The proposal to condemn property near the present building, and build through to Main street, seems to meet with much favor. The plan for securing enough ground for a market place in connection with the city hall is also meeting with favor. A move will doubtless be made at an early date to go ahead with these improvements.

Pacific house is the nearest hotel to the majority of real estate offices in the city. \$3.00 per day. New goods are now arriving at Harkness Bros. Personal Paragraphs. George A. Mears, of Salt Lake, is at the Ogden.

G. W. Farbrush, of Lawn Hill, Ia., is at the Pacific. George Musgrove, of Logan, was at the Ogden yesterday. S. E. Smith, one of Perry's merchants, was at the Pacific yesterday. David A. Fisher, of Washington, D. C., was registered at the Ogden yesterday. Major Wood, of the C. B. & Q. railway, was here yesterday, on business with the grand jury. Smith McPherson, of Red Oak, ex-attorney general, was in the district court here yesterday. Dr. A. G. Smith and George A. Joplin were among the Omaha visitors to the boom yesterday. Thomas McEaden and Miss Maggie Haggie, of Walnut, were in the city yesterday, and dined at the Pacific. Mr. A. P. Wigham intends to start Sunday night for a trip to the east. He will combine pleasure with business, and expects to revisit the home, and friends of early days in York state. You can see a fine stock of embroidered white goods and spring dress goods just received at Harkness Brothers. Bargains in underwear at Harkness Brothers. "Don't say I told you." A rare treat of mirth and merriment is promised for Monday night at the opera house, Miss Kate Castleton at that time appearing in "Crazy Patch." It is a farce-comedy in three acts, and belongs to the family of "absurdities," but is better written than the most of them. The plot has some merit, but the attractiveness of the entertainment is in the fun, which is real. Kate Castleton is winsome and pretty. The Quick Meal stove is the only blunt valve stove made. Will not clog or leak; does as well the second year as the first. Call at Cooper & McGee's old stand, and examine the best gasoline stove made. Cole & Cole, No. 41 Main street. For Sale—Lot 5, block 6, Bayliss' first addition. The Nutt property on Broadway, being fifty feet front and one lot west of the government postoffice. Present price, \$225 per front foot, subject to change without notice. Enquire of Leonard Everett, No. 16 Pearl street. Best grades Iowa soft lump coal, \$3 per ton at yard; \$3.50 delivered. C. H. Fuel Co., 536 Broadway. Telephone 136. Miss Mollie Corcoran dressmaker, No. 714 Mynter street, bet. 7th and 8th Sts. Warning. Property owners take notice. If you don't want your property sold don't list it with us, for we mean business. GABMAN, WHITE & CO.

LOOKING FOR A LEEVEE LINE.

A Preliminary Survey Shows the Scheme to Be Practicable.

THE NEW FIRE ALARM. The Malvern Suicide's Actions While in This City—Gossip About the New Hotel—A Boy's Narrow Escape—Bluffs News.

Surveying For the Levee. City Engineer Tostevin is running the preliminary line for the new levee, so as to get at the property to be affected, and thus get at the facts on which to base his report.

The present plan is to run along the north line of section 37, so as to include the Porterfield, Polson, Corcoran and Carr tracts, as they are marked on the map. The levee is to commence at a point where the north line intersects with the present levee and run due west until it strikes the high bench of ground near the river, and turning will go southerly and extend to the Union Pacific dump.

There are portions of this line on which no work will be necessary. The low places are to be built up, and along the line there is for much of the distance a natural protection equal to the levee. City Engineer Tostevin is very sanguine that with a comparatively small expenditure the whole of the bottoms can be surely protected from any possibility of an overflow. There are large portions which stood above the high water in 1881 even when the water was higher than it probably will ever reach again.

The work will be commenced at once and will be done long before the June rise. There will be ample security against any possible danger from overflow. This move insures confidence in bottom lands even among the most timid. The expense for what work is needed is nominal. It is estimated that it will not cost twenty-five cents a lot to do this work.

"Tis True, 'Tis City, and 'Tis 'Tis True." Parents let their children die with diphtheria and outrun sore throat in the night. The night nurse has been contriving foot to keep the two alive, and have been trying to get the superintendent of the poor to render some assistance. The destitute condition of the two is said to be pitiable, and demanding immediate attention.

When you are in the city stop at the Pacific house. Street cars pass the door every fifteen minutes for all the depots. Meals 50 cents.

All orders from real estate brokers for job printing will receive immediate and careful attention at Pryor's BEE job office. Masonic. Special communication of Excelsior lodge No. 259 A. F. and A. M. this evening for work in third degree. Visiting brethren cordially invited. By order of the W. M. Call and see the beautiful dress patterns just received at Harkness Brothers.

Another Delay. The saloon injunction cases were to have come up before Judge Thornell again yesterday, but Mr. Haldane, the attorney for the defendants, was confined to his home by illness, necessitating a continuance. The cases went over until Monday. There has been a long and hotly contested battle over technicalities, so that no practical change in the situation is expected for months to come.

Garman, White & Co. have acre property, business property, residence property and vacant lots for sale. L. B. Crafts & Co., are loaning money on all classes of chattel securities at one-half their former rates. See them before securing your loans.

At the Pacific house you will save from 50 cents to \$1 per day. Try it and be convinced. Dollars For Deeds. The following deeds were recorded yesterday:
