BULLOCK THE CHAMPION.

The Omaha Favorite Beats All 100-Mile Records.

There was another record-smashing bicycle race at the exposition building last night and the result gives Omaha another champion. The race has excited a good deal of interest from the time the match was made. Eck, the Canadian champion, recently defeated Schock by a mile in a 100-mile race and Bullock's greatest admirers thought him gifted with the element commonly called "gall" in challenging Eck. The match was made however, and both men went into active training and both were in excellent trim when they started promptly at 5 o'clock yesterday afternoon for their ride of 100 miles. The race was a swift one from the start, it appearing was a swift one from the start, it appearing that Eck, whose chief hold is in short distance contests, was trying to run Bullock off the track in the first twenty-five miles. In this, however, he was not successful. Bullock either clung to the Canadian's wheel or of the track in the first twenty-five miles. In this, however, he was not successful. Hereafter, owing to a new ruling of the managers of the clearing houses, the debits only will be taken into consideration in the reports. The clearances for the past week show an in-crease of 63.9 per cent over the business of the corresponding week of last year.
