

DOINGS IN SUPREME COURT.

But Little Business Transacted Before the State Tribunal Yesterday.

MORE NOTARIES COMMISSIONED

The State Association of Trotting Horse Breeders Decides on Omaha For the Summer Meeting—Capital City News.

FROM THE BEE'S LINCOLN BUREAU: Business yesterday was resumed in supreme court and a number of attorneys were in the city attending upon their sitting.

The following causes were argued and submitted: Goodman vs Pence; Barbor vs Boehm, revived in the name of the executor, Palmer vs Rowan. Court adjourned till to-morrow morning.

To-day the following new notaries will be commissioned by Governor Thayer: Thomas B. Clawson, Ohio, Fillmore county; S. S. Bishop, Imperial; L. H. Lewelling, Crete; John Gagnon, Falls City; E. E. Harwood, Lincoln; John B. Van Dyke, Nebraska City; L. F. De Gette, Nebraska City.

In the state auditor's office yesterday, \$11,000 refunding bonds of Dawson county were registered; also \$3,000 bonds, issued by the city of Kearney to the Kearney and Lincoln Lighted Company, were examined, approved and registered as required by law.

NEBRASKA HORSEMEN: The state association of trotting horse breeders was organized and the principal business of the session was to select the location for the summer meeting and fix the date. The association found that it was required to choose between two points, Omaha and Red Cloud—each of which had made equal offers. Upon due consultation Omaha was selected for August 10 and 11. The arrangements include seven trotting and pacing races, an incident the regularly advertised purses the society will add \$80, which will insure very interesting contests.

MINOR MATTERS.

B. H. Hollister, who checks cars in and out at West Lincoln, was riding to the city Monday evening on a locomotive which was coming in from the stock yards. When near the B. & M. round house another engine was met, and it looked so favorable for a first-class collision that Hollister jumped to the ground, breaking a leg in the fall. The trainmen stopped the engines, however, before they struck and an accident was missed by only about three feet. Hollister was taken home, his limb set, and with due care he will be about again and on duty in a few weeks.

At the council meeting Monday evening a fair index of the preparations for building was shown in the numerous applications presented asking that buildings might be removed in different parts of the city and asking certain privileges for using parts of streets in accumulating building material. Among these petitions was one relating to the building of the six-story Burr block on Twelfth and O streets.

The city council is taking the right step in sidewalk matters in ordering owners to put in proper walks at once. The vicinity of the public school on Q street has been noted for defective walks, and the order will be enforced in that locality at once.

Marshal Post has issued orders for all property owners to proceed at once with the work of clearing out their alleys and back yards. The marshal proposes to have this week commenced in season and pushed to completion before the summer time.

Charles O. Bates, of Beatrice, is in the city and has been presenting the Jackson Marion case to Governor Thayer, asking the commutation of the prisoner's sentence from being sent to the penitentiary in his efforts on behalf of his client and will present every possible feature for favorable consideration.

Charles Ulrich for the past six months on the reporter staff of the State Journal, has resigned his position and dropped the tired faber in that office. Mr. Ulrich will visit friends in the east preparatory to removing to California, where he intends making his permanent home.

George E. Spencer, who for some time has been the proprietor of the Little Gold Dust saloon in the city, has sold his business and with his wife and James E. Spencer, embarks in the real estate business with offices in this city and Hastings. The new firm promises to make business lively.

Colonel Hyde, of the News, sold a ten acre tract yesterday just outside the city that thirty days ago cost him \$5,000—the selling price was \$12,500 and the investment proved a paying one. The colonel had built at that a two-story brick house in West Lincoln.

In police court yesterday John Collins was committed to jail in default of a \$5 fine, for drunkenness. Thomas Carroll and Charles Flint were fined \$5 for warrants up in police court yesterday. They were fined \$30 each and costs and will board it out with the city.

At the West Lincoln packing house yesterday the receipts were 1,800 head and the prices ranged from \$3.75 for heavy to \$3.45 for light, a slight advance over this market of the day before.

A man named Durfee helped himself to a coat that was hanging on a dummy in front of the Globe clothing house yesterday afternoon. He will have his hearing in police court this morning.

A party named Harris, who was arrested on suspicion of stealing a saddle, had his hearing before Judge Parsons yesterday and established his innocence of the charge. They had picked up the wrong party.

The new B. & M. train from Lincoln to Ravenna, on the Broken Bow line, seems to step into a heavy business from the commencement. This makes two trains daily on this line and with the spring immigration both will be largely patronized.

Seward; J. H. McCall, A. S. Baldwin, Plum Creek; P. Schwenke, S. W. Hayes, Norfolk; J. E. Doty, David City; H. W. Curtis, Ashland; S. M. Baker, Silver Creek; E. McIntyre, Seward; Andrew Gossett, H. J. Crook, K. S. Sudborough, George S. Smith, W. H. Riggs, John A. McShane, Howard Kennedy, Omaha.

"Doctor, I can neither lay nor set. What shall I do?" "I think you had better rest," was the reply. Now if the doctor had prescribed a bottle of Serravallo's Tonic for the poor fellow's rheumatism, it would have relieved his patient at once. 25 cents.

Straw hats and linen dusters will not be so very popular as heretofore. Dr. Bull's Cough Syrup, however, will be just as popular as ever at 25 cents.

What Senator Nelson Thinks of All-cocks Porous Plasters.

On the 27th of February, 1887, I was taken with a violent pain in the region of the kidneys. I suffered such agony that I could hardly stand up. As soon as possible I applied two ALCOCK'S POROUS PLASTERS, one over each kidney, and laid down. In an hour my pain was so much relieved, the pain had vanished and I was well. I wore the plasters for a day or two as a precaution, and then removed them. I have been using ALCOCK'S POROUS PLASTERS in my family for the last ten years, and have always found them the quickest and best external remedy for colds, strains and rheumatic affections. From my experience, I believe they are the best plasters in the world. HENRY C. NELSON.

Card From Ashinger.

OMAHA, Neb., March 8.—To the Editor of the BEE: I think a great deal of injustice is being done Mr. Prince by newspaper attacks. Of course no one can make a programme in athletics without the dissatisfaction of some. Mr. Prince has made mistakes in some ways to which we are all liable. He did what he could to help Mr. Bullock in the race, but did not impede my riding in the least, although it might have appeared so to the spectators.

While I was being pocketed on the east end on Wednesday evening, Bullock had the lead and Prince followed. I could have taken the lead at any time had I so desired, but I did not care to, as I had but little training and wished to do my good work at the latter part of the week, when I would have become hardened to the work.

Mr. Prince is capable of giving good sport to the Omaha people if they will but consider a little and judge from both sides and not criticize him too sharply.

I would at any time rather have half a dozen men in a race working against me as some thought Prince was, than have friends by the score promise me sums of money from \$10 to \$100, diamonds and silk hats if I would win, as some did in this race and then not show a penny. Such friends I do not wish to have. If my betting is being done I care not a fig if nothing is said to me about it. But when they come to me for information and promise this, and after all is settled and the race has been decided in their favor, not show their faces, it just makes me weary. I will take a John S. Prince in the place of one of these every time.

Seeking a Pardon. Two years ago Leon Peril was sentenced to the penitentiary for seven years for the alleged shooting of a boarding house keeper. His friends have been working up evidence to show his innocence. It was also discovered that there were errors in the interpreter's translations on the trial. Those facts having been brought to the attention of Judge Neville, he added his name to the petition. Mr. Martinovich, who has taken great interest in the matter, will go to Lincoln to-day to see the governor in Peril's behalf. The prisoner's friends are confident that a pardon will be granted.

"Can't eat a thing." Hood's Sarsaparilla is a wonderful medicine for creating an appetite, regulating digestion, and giving strength.

An Omaha Inventor. W. G. Ingram, of the Union Pacific telegraph corps, besides being an expert man at the key, is an inventive genius. His latest invention is a little device for holding a spool of thread so that the thread can be rapidly unravelled. This is attached to a pin, which can be adjusted on the dress of the seamstress. The device is also equipped with a small knife, which enables the thread to be cut any length desired. The whole is small and compact and easily handled. It will fit any sized spool. Mr. Ingram has taken out a " caveat."

The witness Fitzgerald who was used in the Kelly robbery case was taken back to the penitentiary by Deputy Sheriff J. N. Phillips, last evening. He had been convicted of the same offense, robbery at a previous term of the court.
