D ADDITIONAL COUNCIL BLUFFS.

A Drug Store Case. The supreme court has decided a case in regard to drug stores, which is of interest to every dealer in the city, as similar suits were brought against several here some time ago. The following is the case and summary of the decision:

State of Iowa ex rel C. A. Hinkley, appellant, vs. F. S. Mortland et al. Plymouth circuit; opinion by Rothrock. Reversed.

This is an action upon a bond given by the defendants for a permit to sell intoxthe defendants for a permit to sell intoxicating liquors. The petition was dismissed upon the motion of defendants. The defendants had a permit to sell liquors and gave bond, and in the month of July, 1884, he failed to file the reports required by the statute. The relator, a citizen of Plymouth county, claims to sue in behalf of himself as well as for the benefit of the school fund, and, he demands judgment for the county for the use of the school fund for \$50, and judgment for himself for a like amount. The action was brought under section 538 of the code as amended by of the code as amended chapter 140, twentieth general as sembly, which provides in case of such failure to make returns the druggist shall forfeit \$100, one-half of which shall go to the informer and one-half to the to the informer and one-half to the school fund. The defense claimed in their motion to dismiss that the plaintiff was not authorized by law to maintain the action upon his own motion, and that an action can only be brought at the in-stance of the district attorney, relying upon section 1532 of the code, which directs the district attorney to commence such actions. The court says: "We think that the position of counsel for the defendants cannot be sustained. Section 1538 plainly authorizes a suit to be brought in the name of the state on the relation of any citizen of the state on the relation of any citizen of the county. It is true that section 1532 has not been repealed, and a district or county attorney may, under the authority given by that statute, bring the action. But since the enactment of section 1538 his right to do so is not exclusive, because any citizen of the county may bring the action and of the couniy may bring the action and prosecute it without the aid of the district attorney. This appears to us to be so plain as to require no more than this mere reference to the two sections of the

Wearing Irons.

On January 15 four mules and three horses were stolen in Woodbury county from Hedge's farm. All the property has finally been recovered and the thieves are now under arrest. At the time of the robbery Sheriff Donald McDonald, of Sioux City, went to work on the case, and with the assistance of his deputy, John Gambo, has run down the two men who were implicated, catching them about ten miles south of Lincoln. Yesterday morn-ing they arrived in this city and were lodged in the county jail during the day. Their names are Charles Brown and George Hansen. They were last night taken to Sioux City by the officers, the sheruf having come down to meet them

yesterday morning.

What few people who knew of Sheriff
McDonald's presence in the city did not
think that these were the correct
names of the men arrested nor is it on this charge, but that they are in some way implicated in the Haddock murder. To those who are familiar with the methods of Sheriff McDodald this looks plausible, as on several occasions he has intercepted those arrested in connection with the Haddock murder just as he did these two men yesterday. The sheriff's only remark about the Haddock murder was that the trial in this case would soon be a thing of the past.

The Ladies' Choral Society.

"The Ladies' Choral society held a business meeting March 16, at the residence of the secretary, and voted against the proposal that the society sing in Mr. Franko's benefit concert at Boyd's opera house, March 18. However, the soc expressed a wish to assist Mr. Franko all in their power, and propose attending his concert in a body, going to Omaha on the 6:30 dummy and returning at 11:25. The members are requested to come prepared to buy their tickets next Tuesday—the regular meeting—that we may be able to tell Mr. Franko how many seats we want reserved. If any member cannot be present Tuesday they will please leave word at Robinson Bros.' store, 410 Broadway, whether they want a seat reserved or not. Mr. Franko will be assisted by the Fort Omaha Military band, Mozert Quintette club, Mendelssohn, Quartette, Bertha Damon, a clever soubrette, Mme. Muenteforing, pianiste, and others not yet announced. We hope to see a full attendance of the society, which will not only assure Mr. Franko of expressed a wish to assist Mr. Franko all which will not only assure Mr. Franko of our appreciation, but afford the oppor-tunity of hearing a good concert. Mrs. D. W. Bushnell, Sec'y."

Putting Up Cash.

That the Broadway bridge will be built between this city and Omaha across the Missouri river is and has been a question long settled in the minds of many, but to satisfy a few who have, ever since the bridge bill was passed by both houses of congress and signed by President Cleve-land, been doubting the certainty of it, the following facts are given: There was a meeting of the incorporators held in Omaha on Saturday and until 2 o'clock to-day was given for each man interested to put up \$10,000 in cash. At the above hour the Council Bluffs delegation, as well as those of Omaha who are interwell as those of Omaha who are interested, will come to the front with their money, and there is no question but that the full amount will be forthcoming. At the meeting Saturday it was decided that the money must be put up by each man, as business was to shortly commence in earnest. This is an indication that the bridge will be pushed to completion as rapidly as possible. rapidly as possible.

BUTTER—There has been a very noticeable falling off in the recepts of choice butter during the past week. There is hardly any country butter coming in that can be graded as strictly choice. The receipts of the poorer grades are liberal and the market well supplied. The demand is for choice butter and poor butter will not sell very readily and only when the better grades cannot be obtained. The warm weather has a tendency to bring out the poor qualities in the butter and on that account poor butter does not sell

EGGS-The egg market is lower than a weak account of the decline in the EGGS—The egg market is lower than a week ago on account of the decline in the eastern and western markets. The receipts have been liberal all the week and stocks have been moving freely. The local demand has been very good and the shippers have taken all the surplus stock. In spite of the heavy receipts the market has been kept eleared up and in good condition. The warm weather is lessening the demand somewhat for dressed poultry and at the same time is increasing the demand for live poultry. Dressed chickens are selling mostly at 10c with an occasional sale of extra stock at a little more. Turkeys and ducks have been selling at about the same price as chickens. A few small, fat turkeys have sold at 11c.

at 11c.

LIVE POULTRY—The warm weather has created some demand for live poultry and the demand will naturally increase as the weather becomes warmer. There have been a few chickens in which sold readily at \$2.75@3.00 dozen. A few that were not extra choice per went at \$2.50. There were live turkeys in this week which sold at 6c per lb. Turkeys are going out of season and the demand is not heavy.
