Speculative Trading in Chicago Dull at Slightly Lower Prices.

FIGURING ON FOREIGN MARKETS.

Both Bulls and Bears Have Conclusive Testimony to Guide Their Trades-Corn Very Sluggish -Provisions Very Dull.

CHICAGO PRODUCE MARKET.

CHICAGO, March 20 .- | Special Telegram to the BEE.]-Wheat was steady to-day at a slightly lower range than that ruling yesterday. The market was very dull and price fluctuations were within the narrow limits of 1/6%c during the long session. The opening trades were 1/@1/4c off as compared with yesterday's closing. Nothing trans-pired to arouse a spirit of speculation throughout the whole day and the volume of transactions was very small. Cables were quietneither strong nor weak-and domestic news was unexciting. A good deal is being writ-ten on the subject of crop damage, but as yet this sort of gossip has not been of a character to create a sense of general alarm. The possible requirements of the old world between now and the 1st of September is the all absorbing theme of discussion and speculation among grain merchants and speculators. Bulls and bears alike are fortified by statistics without limit and by arguments and deductions absolutely convincing. It is singular that with this weather and the statistical lore in reach of everybody. that there is not more harmony of opinion, but every addition to the general store of knowledge seems only to intensify the darkness and increase the prevailing confusion. Incontrovertible proof is advanced that Europe will be obliged to take anywhere from 30,000,000 to 50,000,000 bushels of American 30,000,000 to 50,000,000 bushels of American wheat before the new crop becomes available or starve to death. Testimony equally as strong is proffered that Europe will be entirely independent of America inside of sixty days and that the markets of the old world will then be literally defuged and overwhelmed with Indian, Russian and other foreign wheats. Meanwhile a moderate degree of activity is observable in the export trade, and our wheat and flour continues to float out upon the ocean. New York and other domestic markets are quiet and had no news to volunteer today. The only item of fresh intelligence that came to hand this forenoon was a cable that the official estimates showed a prospective 25 per cent deficiency in "important that the official estimates showed a prospective 25 per cent deficiency in 'important provinces' in India—the provinces not named. The market hardened somewhat on this news, but there were no heavy dealings on the strength of it. The corn market dragged quite heavily and the general tone was one of weakness. The large stocks, liberal receipts and lack of speculative demand, together with the downward trend of the cash market caused a dull feeling and dealers appear to be getting tired of their load. Oats were decidedly weak in all branches of trade to-day, cash and near delivery showing a were decidedly weak in all branches of trade to-day, cash and near delivery showing a break of about \(\frac{1}{2}c, \) while May and June de-clined \(\frac{1}{2}c \) \(\frac{1}{2}c, \) Dullness was about the only noticeable feature in the provision market. The day all told was not only one of the slowest, but one of the most unevent-ful experienced in the pit for some time past.

CHICAGO LIVE STOCK.

Cnicago, March 29 .- [Special Telegram to the BEE. |-CATTLE.-The supply of beef cattle to-day was moderate. Higher prices were asked and many dealers thought prices would be stronger. The market, however, was slow, as buyers disliked the idea of paying more money. There were some sales that were lower, while some others were at fully strong prices. The smooth, fat "blocky" cattle of good quality sold fairly well at steady prices, while nearly all other kinds sold slowly and at rather easier prices. Dealers were anticipating much heavier runs for the remainder of the week on account of the new railroad law and partly on account of the faxes which are collected in Nebraska the 1st of April. "There are just lots of people," said an old stockman, "who had rather lose \$10 a head at market than to pay \$10 per head taxes at home." Prices for stockers and

head taxes at home." Prices for stockers and feeders were unchanged. Some of the common light steers were comparatively neglected while buyers considered prices for the best heavy stock too high.

Hogs—Prices to-day ranged at \$5.30@5.40 for rough, heavy and common mixed and \$5.50@5.85 for fair to very choice packing hogs, with Philadelphia and butcher pig tops. The general market opened 5c higher and there was a good deal of strength, though it was largely speculative. Later in the day, when it was found that the receipts would be about 12,000, the market weakened and prices lost the early advance. Some smooth 197-ib mixed hogs sold to a packer at \$5.75. The general shipping demand was nominal. Packers paid stronger prices for good to Packers paid stronger prices for good to heavy hogs, but, considering the fact that the quality was better and that the market finally closed dull and weak, the prices of the day for packing and shipping were not quotably better than yesterday

FINANCIAL.

NEW YORK, March 29.- [Special Telegram to the BRE. | -STOCKS.-The stock market opened strong to-day in response to higher markets in London. First prices were about the same as yesterday's close, though Louisville & Nashville, Missouri Pacific and Union Pacific each started a little higher. Commission houses bought Grangers and there was some covering of shorts, but prices eased off somewhat soon after the opening under a good deal of realizing and selling by big traders. Money advanced to 7 per cent, which doubtless had its effect also. The market continued quite strong, however, taking stocks well, and there was no serious slump. Union Pacific showed the most strength and advanced a little, due to considerable buying by Boston, some purchases for London account, and the New York shorts covering. Bull talk was again prevailent last night, one of the most conspicuous arguments advanced being the good showing of the railroads. It is said that Cammack has taken on a long line of shorts having been persuaded to do so by Gould. The gossip goes that after the 1st of April when the money market gets into shape, the Gould party proposes to start an advance in Texas Pacific. Mr. Gould tells his friends he owns 30,000 shares of this stock, the most he ever neid. The talk is 60 to 75 for it this year, and that when the fight time arrives Kansas & Texas is to be put up. But little is said about the latter at present. The Mills people sold Western Union this morning and Gould brokers bought. Henry Clews had a dispatch from Boston saying that the Atchison road had bought the Chicago & Eastern Illinois. The former stock was up to 106 or the Boston exchange, the highest price thus far. During the afternon there was quite a general improvement in the market and the small decline of the morning was recovered, the close being at about the opening prices.

GOVERNMENTS-Government bonds were firm and strong.

OMAHA LIVE STOCK. Tuesday, March 29.

Cattle. The receipts of cattle were more liberal to-day, there being three times as many as there were yesterday. The market opened strong at about yesterday's prices and was fairly active. There were some choice cat-tle in which sold higher than anything for several days. In some instances the market might be called higher on the better grades.

Hogs. The market opened active and strong at yesterday's prices and two choice loads brought more than anything sold yesterday. The market weakened rapidly as the day advanced and closed 5@10c lower than the opening. Everything sold except four loads which came in late.

Sheep. There were a few in and one load was reported sold at \$3.75. Receipts.
