Heavy Exports and Reports of Crop Damage Put Prices Up.

CHICAGO PRODUCE MARKET.

CHICAGO, April 6,-[Special Telegram to the BEE. |-The "point" given out at the beginning of the week was that May wheat would touch 82c and then go up out of sight. The low point was touched all right and it now remains to be seen whether the latter and most important part of the prophesy is verified. There were bull influences at work over night. Yesterday at New York a big export business was done, thirty boat loads of wheat being taken. The dry spell has not been broken, neither was the cold wave very much affected. There was no relief to the drought at San Francisco. Besides, the amount of wheat in passage both to the United Kingdom and the continent showed a decrease of over 1,000,000 bushels, notwithstanding 1,605,100 bushels were put affoat from the Atlantic ports of this country alone. There was a little bullish temper in all the pits to-day. It was caused largely by the steadiness with which the very large receipts of corn were taken. It is undoubtedly true that the bull side of this grain has been the popular one, and that there was a good deal of buying at the opening on the very fact that the receipts were large. Indeed, toe argument is often heard that if the price can hold up under car lots of 400 to 1,000, it can ndvance under smaller ones. Smaller receipts, of course, are yet to be realized. Then it is lorgotten by the crowd that there is the 5)3c difference between April and May, not because the receipts will be any greater in May than in April, but because of the tolls which the holder of cash will then have to pay the elevator owner. As the day advanced reports of damage to winter wheat cut more and more of a figure with the market. May began at \$2% c but soon got above \$32 and sold up to \$3% c and it was on no manipulation by cique brokers, but solely on the general un easiness that was abroad among shorts over easiness that was abroad among shorts over the crop and speculative situation. The clearances of wheat from the seaboard for two days were liberal—422,584 bushels—and helped the market along.

On the afternoon board wheat was weaker and lower early, but closed strong and Me higher. Corn, oats and provisions were steady. Wheat for May sold at 83(283)463,

CHICAGO LIVE STOCK. CHICAGO, April 6 .- | Special Telegram to

the BEE.]-CATTLE-Cattle buyers all tried to see how few cattle they could buy. The dressed meat men had their houses full of beef and Easter shipping orders were extremely light. Tuesday the market opened with some few cattle 10c higher, but closed with the advance more than lost. To-day prices were 10c lower than yesterday's close and bids in some cases were 10/4/20c lower. "Salesmen asked such fool prices," said an eastern buyer, "that there was no use trying to do anything, so we had to set back, and, as a consequence, prices are lower." For sometime past buyers have been stoutly fighting against paying any advance. Even when the receipts are very small they hold mining against paying any advance. Even when the receipts are very small they hold off and say, "There will be more cattle tomorrow," etc. It is true that London prices for American cattle are 1c lower than a year azo, and so export does not justify an advance. Said a salesman, however: "Buyers are holding back as hard as they can, and are using every possible effort to keep prices from advancing, but it is no use. These cattle are bound to sell higher." The very light receipts surprised nearly everyone, but a salesman said: "It takes cattle to make a market, and we can have better trade on 10,000 cattle than on 5,000." Shipping steers, 1350 to 1500 lbs, \$4.60@5.20; 1200 to 1350 lbs, \$4.30@4.55; 950 to 1200 lbs, \$3.80@4.50; stockers and feeders, \$2.00@4.30; cows, bulls and mixed, \$2.00@3.00; bulk, \$2.65@\$8.20; slop fed steers, \$4.40@4.90; slop fed cows and bulls, \$3.25@3.65; corn fed Texas cattle, \$4.25.

cows and bulls, \$3.25@3.65; corn fed Texas cattle, \$4.25.

Hoos.—The market was active and prices a shade stronger than yesterday, some salesmen quoting an advance of 5c on best heavy and medium, but the bulk of sales made show no such advance. Light sorts were dult and neglected. No branch of the trade seems to want that quality. Shippers cannot get orders and packers can't find a place for them at present. Common light, or light light, may be quoted at \$4.75@5.10, and Yorkers at \$5.25@5.50. with a few fancy at \$5.60. The best heavy sold at \$5.75@5.87%, and packing sorts at \$5.60@5.65, with common at \$5.25@5.50.

NEW York, April 6,-[Special Telegram to the BEE: |-STOCKS. - Thus morning the stock market opened active at prices not materially changed, with Coalers again the feature in strength, but after first dealings values declined fractionally on realizing. Friends of the Coal stocks says this class of securities are to have a turn towards higher prices now, that there is a large short interest in Lackawanna, and that it is good for 140 this week. Union Pacific soon forged to the front, claiming a large share of attention for the strengh manifested, and under good buying by Moore and Schley and L. L. White, who found little stock for sale, advanced 134 points, when it eased off a little. There was no particular reason assigned for this, but the rumor was current that President Adams, who goes to New York to night, will consummate the Oregon Railway & Navigation lease before his return. It is uncertain, in event this tran-spires, whether Union Pacific will assume the management this month or wait until congress legalizes it. Corbin people in Jer-sey Central say that stock is bound to go to par, and they have been right on the advance of 20 points which has already taken place | G.

GOOD TRADING IN WHEAT a good deal about St. Paul say there is a little cloud hanging over this property, and that it may sell off a few points this week. If it does it is thought to be a purchase, but insiders' advice is not to bull it just yet. The directors are going to meet this week, and the story is that there is apt to be a breeze in the board over certain board transactions. It was said that Louisville & Nashville had sold \$3,000,000 5 per cent bonds for an extension to the Norfolk & Western. By the close of the session the advance in Union Pacific was nearly all lost, the last figures being but % per cent over the opening. St. Louis and San Francisco showed considerable strength. advancing 1% points on common and 1% on preferred, easing off a little at the finish. St. Paul closed % lower, Norfolk & Western % lower, and Richmond Terminal % per cent lower. Reading was heavily traded in but did not get above 43%, while the close was at 42%. Atlantic & Pacific earnings for March increased \$102,301. The total sales were 409,509 shares.

GOVERNMENTS-Government bonds were dull out steady.

OMAHA LIVE STOCK.

Wednesday, April 6. Cattle.

Cattle.

The receipts of cattle were the same as yesterday. The market opened at prices very nearly steady with the day before, but closed 10c lower. The market was slow and dragging all day and a good many were left over. Hogs.

Hogs.

The receipts of hogs were liberal and show a gain of 200 over yesterday. A few of the best loads were picked up in the early morning at about steady prices. The market was very slow and dull all day and closed about 10c lower than yesterday's market. Twenty loads were left over. The demand is lighter on account of the absence from the market of Squires and North, of Boston, who have been heavy buyers during the past week or two.

Sheep. There were no fresh receipts and nothing was done on the market.

Thomas Riley Albion, was a visitor at the yards. He marketed four loads of cattle and two loads of hogs.

D. S. Underwood, of the firm of McCoy & Underwood, live stock commission dealers of Kansas City, was at the yards to-day. It is an amusing sight to see the representative of a great packing house sit on the fence from early in the morning until after sun-down before buying anything.

Swift & Co. have endorsed the proposed plan of closing the market at 3 o'clock p. m. The Angio-American packing company however, object to it. The holding of stock until sundown before selling may be a pleasure to some, but the great majority of those doing business at the yards would like to see an earlier hour fixed upon as the limit.
