CHICAGO PRODUCE MARKET.

CHICAGO, April 11.- (Special Telegram to the BEE. |-May wheat this morning sold down from 83%c to 82%c on promises by the an assessment, but it was only a rumor. The weather bureau at Washington. For several days rain has been promised, and because total sales for the day were 394,803 shares. the predictions were not realized the market has been excited and higher. The advance on Friday above Sic for May was caused altogether by the failure of the promised rain to materialize. A wetting down in northern California Saturday, however, broke the price to \$334c and a pretty liberal fall at Des Moines, and light rains over Iowa, Nebraska, northern Kansas and northern Texas made the feeling so much easier this morning that May sold under S3c. Commission houses took no share in the trading about the wheat pit early. Neither the clique houses, nor houses which operate for people outside of the clique were doing anything up to the time of the announcement of the visible supply figures. Scalpers were doing the selling. ply figures. Scalpers were doing the selling, and doing it recklessly. It was known quite early that the visible supply figures on wheat were going to be a disappointment. The decrease esti-mated last week was very large and the ac-tual decrease for the same week a year ago was very large. Guesses and theories on the wheat elique are still in vogue. It is known that inquiries which were started to trace the amount of wheat bought by the three clique houses-Kershaw & Co., Rosenfeld & Co. and Irwin, Green & Co.-discovered only 13,000,000 bushels, but it is also true that only forty-seven different houses made answer to inquiries. A gentleman who ran a little oat deal once in this market says in that deal he was surprised to find 150 different firms were short on a petty oat deal, 300 houses would be short on a wheat corner. The visible supply statement was a great dampener on the spirits of the bulls. The in-crease in the visible supply was something alogether unlooked for, and especially as last year, when exports were small, the de-crease for the corresponding week was 1,300,000 bushels. At the moment and doing it recklessly. It was known quite altogether unlooked for, and especially as last year, when exports were small, the de-crease for the corresponding week was 1,300,000 bushels. At the moment of the greatest depression Kershaw & Com-pany supported the market. The May option was "pegged" at 82% cand not allowed to get long under that figure. The crowd also been "monkeyed" at New York and that they would have to be corrected. Corn took a spurt at about noon on the failing off in receipts of car lots for Tuesday. These are estimated at only 175 for to-morrow, against over 1,000 last Tuesday. Poole, Kent & Co. were covering Sid Kent's short ribs this morning, and Armour's brokers were also buyers. May advanced 35c. Lard was largely bought by Sawyer. May closed at 7.52%c. Dard were quiet. Wheat broke 1,00% by the corn and provisions were steady. CHICAGO LIVE STOCK.

CHICAGO, April 11 .-- |Special Telegram to the BEE.]-CATTLE-The beef cattle supply to-day was light and the demand was not very strong. Buyers were evidently disappointed that the receipts were so small, and they started out very slowly. It was late before buyers and sellers could come on terms, and trade on all rough, heavy and thin cattle was very slow. Average prices, however, were steady, and the supply was well cleared. Nice, handy 1100 to 1200 lb well cleared. Nice, handy 1105 to 1200 10 cattle, fat and of good quality, sold readily at good prices, some sales of that class being a shade higher. The or-dinary kinds of beef cattle, however, sold very slowly. A Boston buyer had to pay \$5.00 for some very nice 1400-16 cattle, such as he bought last Thursday at \$4.85(34.90, while good 1600-16 cattle which he bought at \$5.10 were no higher. As a rule there is a while good 1600-1b cattle which he bought at \$5.10 were no higher. As a rule there is a very limited demand for cattle weighing over 1450 lbs. Shipping steers, 1350 to 1500 lbs, \$4.85(65.25):1200 to 1350 lbs, \$4.50(04.90); 950 to 1200 lbs, \$4.00(04 50); stockers and feed-ers, \$2.60(04.15); cows, bulls and mixed, \$2.00 (02.90; bulk, \$2.70(03.10); through Texas grassers, \$2.75(03.40); corn-fed, \$3.85(04.20). Hoos—The market was active and prices a good 5c higher than Saturday. Light sorts, such as suited the shipping trade, especially Yorkers, were wanted. Common light or hight light may be quoted at \$4.75(05.15, and Yorkers at \$5.40(05.00, with a few fancy at \$5.65(05.70). The best heavy sold at \$5.75(0 6.85, and packing sorts at \$5.65(05.75, with common at \$5.25(06.50).

which, though vague, was encouraging to the bulls. The Omaha's report for the year ending December 31 showed a net surplus for the year 1886 of \$979,719. Reading and Jersey Central were features of the day, advancing materially. There was not a great deal of activity in the rest of the list. It was dull, in fact, aside from the new leaders, which, by the close showed about ¥ point decline. Northwestern was off 1/4 point, Pacific Mail 1 point, and New England sold 1 point lower. but reacted a little. In Reading and Jersey Central there was little news. Reading opened at an advance of 3% points and sold up 2% points, closing a little under the top, and Jersey Central advanced 1% points, which was not wholiy maintained. General Produce. The following prices are for round lots of produce, as sold on the market to-day. BUTTER-There has been very little chanze in the situation in the butter market since a week ago. The receipts continue very light and the supply falls short of the demand. The bulk of the receipts is very poor quality and a considerable portion of the better grades comes in such poor shape that it has to be sold at a disadvanta.e. There is an occasional package of fancy butter that sells above the quotations given below. Choice country. 18@20c; fair to good, 14@16c; com-mon, 10@12e. Choice fat chickens have sold quickly at 10@11c, and fancy stock has brought even more. By reason of the light receipts of chickens, turkeys have been selling fairly well at He and ducks at about the same price. Dressed poultry is practically out of season and the present high prices are due largely to the scarcity of live poultry. Live Poultry. Chickens are selling readily on arrival at \$3.00@3.50 according to size. Large fat hens are in the best demand and
