As chief of the fire department and fire warden the administration very wisely retained the present very effective chief, W. H. In the interest of good reliable history it will be well, now that the Belle D Ball and husb principal appointments are made, to note how well the individual members of the Rosewater, north 12 original committee of twenty who were subdivision of lot w d. COMING EVENTS. One of the coming events of interest that has received very little public notice is the engagement of General Lew Wal-lace as the Decoration day orator in the city of Lincoln on May 30. General Wal-lace was great as a soldier, one of the country's ablest representatives to foreign courts as minister to Turkey, and greater than all as the author of "Ben Hur." The engagement of Gaparal Way Hur." The engagement of General Wal-lace, therefore, as the Decoration day orator in the capital city is worth more than ordinary attention and announce-ment. Governor Thayer has been en-Plattsmouth, and the governor will be perfectly at home there among many of his old First Nebraska soldiers. AT THE CAPITAL.

In the secretary of state's office yester-day were filed the articles of incorporation of the Hussey & Day Steam Plumb-ing company of Omaha. Their capital stock for business is \$7,000.

The secretary of the senate announces that his copy of the senate journal is ready for the printer, and it makes one of the pretiest jobs on record. The board of printing have advertised for bids to do

ars has been assistar the governor's office, has accepted the position of stenographer for Judge Marshall in the Fourth district, and has filed his papers qualifying for the place. The railroad commissioners are out in

the western part of the state investigating the killing of a man at North Platte, and also the case of killing a man at Grand Island.

Messrs, Gerth and Abbey, of the live stock commission, came in yesterday from Endicot, where they were called on professional business by an alarm of glandered horses at that place.

There remain several appointments to be made by the governor, but it is not probable that any will be announced be-fore the first of the coming week. A few of the recent appointces have not as yet qualified.

### CASES FOR COURT.

Since the adjournment of district court a number of new cases have been filed that will help swell the docket at the that will help swell the docket at the next term. Prominent among these is a divorce case, the parties being Marthe Tyner vs Joseph N. Tyner. The plain-tiff's petition recites that they were mar-ried in 1870 at Bloomington, 111, and that two years ago in Beatrice the plain-tiff was deserted without any cause or provocation. The petition represents that the defendant is a vulgar, vicious man, untit to care for a family, and there-fore the plain tiff asks for the care and fore the plaintiff asks for the care and custody of their two children.

C. W. Brinton asked and was granted a temporary injunction against E. V. Erickson, restraining the latter from disposing of a certain tract of real estate in Lancaster county until a hearing can be had in court. Lizzie C. Welch also asks an injunction against S. S. Chase to re-strain the latter from selling or using a strip of land in Chase's subdivision to the city of Lincoln.

Elendorf. Walter & Co., of Chicago, have commenced suit against Wicker-sham & Ware to collect \$1,155, a balance claimed by them on commissions and money advanced for storage, cartage, etc. The plaintiffs are grain commission men, and in the course of an extended business with defendants they find the above amount as a balance due them. William Murray has sued George Williams and others to recover \$000, claimed to be due on a loan made heretofore from the Kansas City office of the Lombard Investment company. John J. Faulkhaber against Gustin & Harpham is another case filed, this being an appeal from a justice court over the rights of property.

March. Two new plats of additions to the city were tiled with the county clerk yester-day—Benediet & Harris' sub-division, lo-cated in the northwest part of the city, and Cottage Home sub-division, located southwest of the city. The new plats flow in without ceasing. Yesterday noon the new police force

were sworn in and assumed their duties. Chief Cooper notified them to appear at headquarters at 7 p. m. and receive their assignments of beats. H. T. Clarke, of Omana, was in Lincoln yesterday looking after his building in-terests here. Mr. Clarke will build on the corner of Eighth and P streets a four-story brick block, 108x143, that will be an ornament to that part of the city. The plans for the building are not yet completed. completed.

It was a quiet day in courts yesterday. No cases were tried in the county court, and but two lonesome drunks were be-fore the police judge.
