 One of the new window lights in the
 new county court house has been
 smashed.

The Fortnightly club meet this evening
 with Mrs. J. D. Edmondson, on Willow
 avenue.

Dear Jones, colored, was jailed yester-
 day for being drunk and disturbing the
 peace.

The vicinity of Harlan is being trou-
 bled with horse thieves, a three-year-old
 bay mare having been stolen Saturday
 night.

No finer place in the west to spend an
 evening than at "The Manhattan" bill-
 iard and cigar parlors, No. 418 Broad-
 way.

C. Spears on Saturday night had his
 forehead cut in a rumput at Boehning's
 saloon and yesterday was placed in jail
 for drunkenness.

A fine residence property fronting on
 Bayless' park will be raffled June 1. Tick-
 ets are for sale by Smith Bros., agents, at
 \$3 each. Get a home for \$3.

A city nine went out to the Institute
 Saturday, to cross bats with a mute nine.
 The latter were defeated, the city boys
 scoring eight to the mutes' six.

The Salvation army on the afternoon
 parade yesterday was minus all their in-
 struments except the tambourine. They
 were out in two companies and marched
 around the residence streets.

There is a great scarcity of girls for
 housework in this city. Wages are run-
 ning high, and the girls here formed com-
 bination rates. A hundred good girls
 could find ready employment in this city
 to-day, at fair wages.

There are many changes and improve-
 ments going on in the Union Pacific
 yards. Many tracks are being laid,
 and there is enough railway and building
 material on the ground to indicate that
 this is but the beginning.

Officers Anderson and Thompson, of
 the Merchants police force, yesterday
 morning went to Honey Creek lake to
 look after the illegal fishing. The Fish
 Protective association are bound to stop
 all fishing with seines.

On next Thursday evening, April 21,
 Franklin assembly No. 955, Knights of
 Labor, will give a ball in Masonic hall.
 Tickets admitting gentlemen and ladies
 are \$1 each. This assembly is only
 about two months old, and is the second
 one formed.

A meeting of the Pottawattamie county
 fish protective association will be held in
 the office of Rice & Raymond on North
 Main street. All persons interested in
 prohibiting illegal fishing with nets are
 requested to be present.

The entire force of clerks in the Peo-
 ple's store were at work yesterday pre-
 paring for the opening which takes place
 to-night and to-morrow night. Messrs.
 Eiseman & Co. propose to make this the
 finest opening ever given by them. This
 is promising much.

A devotional meeting of the Women's
 Christian association will be held this
 afternoon at 3 o'clock in the parlors of
 the Baptist church, corner of First ave-
 nue and Sixth street. Ladies who are
 interested in the work and who desire to
 become members will be cordially wel-
 comed at any time.

There are more repairs and enlarge-
 ment of residences this spring than ever
 before in the history of the city. Nearly
 every property owner is spending some
 money in refitting, filling, painting,
 building additions, or making some per-
 manent improvement.

The Northwestern has laid a new track
 from avenue A north past the round-
 house for the use of the Union Pacific in
 securing dirt for filling the grade of the
 new bridge. The track will afterwards
 be used by the Northwestern as its main
 track, leaving its present track for
 freight.

The Chicago & Northwestern is laying
 new tracks near its depot and the gang
 of men at work there yesterday indicates
 that this company is getting ready as fast
 as possible so that if it desires it can
 transfer its own freight in its own yards.

The Northwestern has been in poorer
 condition than any of the Iowa lines to
 meet the present emergency. It seems
 that the company intends to be in readi-
 ness if another such issue should be
 raised, even if the present complication
 should be straightened out so as to let
 business be resumed at the transfer.

Getting Nervous.
 The walls of Doherty's old opera house
 are in such a condition that they should
 be examined by an expert. There is a
 large weight on the main floor and in the
 gallery at the meetings of the Salvation
 army, who occupy the building as their
 headquarters, and should the walls of
 this old building be allowed to show their
 large proportions is very liable to occur
 at any time. Whether there is any real
 danger or not, there are enough people
 who are nervous about it to warrant the
 issuance of a certificate from some expert
 to quiet this nervousness, if it is right.
 If there is any danger, steps to strengthen
 the building should be taken at once. The
 hall is often packed, night after night,
 gallery and main floor.

HAPPENINGS ON A HOLY DAY

Promise of Peace Between the Union Pacific
 and the Iowa Roads.

A DEMENTED FEMALE.

Light Thrown Upon the Mysterious
 Child Desertion—Getting Nervous
 About the Salvation Army Hall
 —Car Coupling Victims.

History of a Wail.

A few weeks ago, as the readers of the
 Bee will remember, a boy baby about
 four weeks old was found on top of a
 clothes basket in the rear of No. 407
 Willow avenue about 8 o'clock in the
 evening. The child was then thought to
 be an illegitimate one, and the following
 facts have since come to light.

A certain professional gentleman, also
 a well known gambler, have been
 frequent visitors at the house of a girl
 said to be about 25 years of age, and until
 recently a resident of the neighborhood
 within a few blocks of the Pacific house.

Each of her male admirers' visits was
 unknown to the other, and the young
 thing went along smoothly until it
 was discovered that she was enceinte.
 She was somewhat gone on the gambler,
 he being young, or about, as she thought,
 nearer her own age than the professional
 man, and tried to induce him to marry
 her, but without effect. The young
 gambler thought he'd try a little of his
 "profession" on her and gave her the
 bluff. She then brought the influence of
 her other friend who had been attending
 her, into play. The professional gentle-
 man advised the gambler to marry the
 girl and used all his powers to that effect.

Time was growing precious. The girl's
 home was changed about from place to
 place. The gambler was repeatedly
 asked to marry the girl, but he continued
 his bluff game. During the excitement
 of the matter, the gambler and his
 associate were prepared to steal away from
 the city at a moment's notice. For
 fully five weeks the gambler remained
 ready for removal to parts unknown. During
 the time a boy baby was born and
 on a dark night Mr. William Morris went
 into the rear yard to bring in his wife's
 clothes basket and there discovered a boy
 baby.

The child Mrs. Morris yesterday told
 a BEE man, who called at No. 407 Willow
 avenue, is a fine, bright, heavy baby, but
 as she has not the time to spare she has
 made up her mind to let some one else
 care for it until the parents call for it
 or it gets ready to call for its parents.

Such is the history of the tiny baby boy.
 The professional gentleman and the gam-
 bler, as the young mother, have regain-
 ing their equilibrium, but the young
 girl does not receive such marked atten-
 tion from either of her two former ad-
 mirers as previously.

Waking Up Again.

Work at the transfer now goes on as
 before the meeting of general superin-
 tendents which was held here recently,
 but how long it will continue remains to
 be seen. Late Saturday afternoon the
 general superintendents of all the roads
 centering in this city were notified by
 the Union Pacific railway to continue the
 old methods of freight transfers, until an-
 other meeting of general superintendents
 could be held, and that arrangements
 satisfactory to all concerned would then
 be made. Thereupon the local agents in
 this city received notification and again
 the freight transfer to be transferred under
 the supervision of the Union Pacific.

For several years there has been much
 dissatisfaction existing in regard to the
 expenses of running the freight trans-
 fer, as the Union Pacific has only been
 paying 50 per cent under the agreement,
 while the five eastern roads have divided
 the other 50 per cent equally between
 themselves. It is claimed that numerous
 attempts have been made to get the
 general superintendents together within
 the past two years, to re-arrange the pro-
 portion of the expense that each road
 should pay, but without the desired
 result. Recently, however, after much
 trouble, they were finally assembled in
 the parlors of the Pacific hotel, and the
 proposition that the Union Pacific pay 70
 per cent of the freight transfer expenses,
 while the eastern roads pay the remain-
 ing 30 per cent was carried, the only
 roads voting against it, being the
 Wabash and the Union Pacific. Fifteen
 days were given the Union Pacific in
 which to make their conclusions
 known to the eastern roads, but they
 failed to comply the eastern roads
 withdrew and began to look after their
 own transfers. Some of the agents of
 the eastern roads had engaged check
 clerks, freight handlers, and look
 after their interests, but late Saturday
 night received notice to continue as be-
 fore.

A meeting of the division superin-
 tendent was to have been held to-day, at
 the passenger transfer, but as matters now
 stand, it is exceedingly doubtful whether
 these gentlemen will put in an appear-
 ance. It is thought that a meeting of the
 general superintendents will take place
 within the next week or ten days in order
 that an amicable arrangement may be
 entered into before the first of May.

Cruel Couplings.

Chris. Anderson, the young man who
 was so badly squeezed between two
 freight cars at the transfer, recently, is
 still alive at the St. Joseph's hospital in
 Omaha and hopes are entertained of his
 recovery.

Jack Hildebrand, the other switchman
 who was hurt in the same manner and
 by the same identical cars is recovering
 at the "Platters" hotel on South 14th.

Both these men were crushed between
 the same two freight cars. One being
 hurt the day after the other, and only a
 distance of about thirty rods lay be-
 tween the two places where the accidents
 occurred. In both instances the men
 stepped between the cars to pull the pin,
 the slack coming up and squeezing them,
 as the drawhead was out of one of the
 cars and they were chained together.
 Hildebrand's injuries were of a much
 lighter character than those of Anderson,
 and the former will probably recover,
 while the chances are greatly against
 Anderson.

Her Head Whirled.

A woman reported at the police station
 on Saturday night that she had no place
 to sleep. Officer Rose took her to the
 Bechtel hotel and secured her lodging
 for the night. Yesterday morning Officer
 Stevens placed her under arrest, as he
 considered her demented. She says her
 name is Mrs. Mayo and claims that she
 worked for a farmer near Avoca, who
 did not pay her; that she was taken to
 the "Platters" hotel with her clothing, but
 she walked in to the city. Her case will
 probably be investigated to-day.

NATURAL GAS OUTDORE.

The New Fuel that Runs a 100 Horse
 Power Boiler for \$1 a Day.

At the Climax Reaper works in Corry,
 N. Y., an invention has been put in oper-
 ation, which promises to furnish one of
 the best and cheapest fuels known, and
 it is believed by many that it will be
 cheaper and better even than natural
 gas. The patentee is George Dock-
 lafer. He manufactures gas by the simple
 process of intensely heating crude petro-
 leum in a kiln, and conducting the re-
 sulting gas away for use through
 small pipes. The gas in consumption
 gives off an intense heat, and to-
 day it kept a 100 horse power
 boiler at the right temperature from 10
 a. m. to 6 p. m., with the consumption of
 only twenty gallons of crude oil of in-
 ferior quality, worth only 40 cents per
 barrel. Two bars of three-inch iron
 were placed in the flame of the new gas
 and were madly brought together. They
 immediately adhered, and on being
 quickly removed were found to be per-
 fectly welded together. In any other
 fire ten minutes would be required to
 heat the bars to this intensity. It is
 claimed that heat enough for a 100 horse
 power boiler can be kept up for four
 hours at a cost of \$1. The heat can be
 readily increased or diminished by
 increasing or diminishing the flow of
 oil.

Before You Start.

On a journey, go to a drug store and
 get a bottle of Chamberlain's Colic,
 Cholera and Diarrhoea Remedy, as a safe-
 guard against an attack of bowel com-
 plaint. Many prudent and careful per-
 sons never travel without it. Hundreds
 of traveling men are never without a
 bottle of it in their grip. Many lives
 and much suffering has been saved by its
 timely use. No one can afford to travel
 without a bottle of this pleasant, safe and
 reliable preparation.

Elected by Lottery.

Baltimore Sun: Mr. William Hayne
 Perry, who represents the Fourth South
 Carolina district in congress, is known
 at home as a strict economist, and it was
 expected that he would rival, if not ex-
 ceed, Mr. Holman in guarding the treas-
 ury. During the Forty-ninth congress
 he did not figure very conspicuously in
 the debates, but with two sessions' ex-
 perience he may astonish his congress-
 sional associates in the next house. Some
 of his friends in Greenville remarked
 when he started for Washington, just
 after being elected, that "Perry would
 fall in a fit or drop dead the first time he
 entered a room appropriating several
 millions." He survived one term in con-
 gress, and hopes to pull through the
 Fiftieth. That he is a child of fortune is
 shown by the story of his nomination.
 After his predecessor, Colonel Evins,
 died there was a lively and prolonged
 contest over the nomination. Two hun-
 dred ballots were taken without a result.
 Finally, it was proposed to put the names
 of the three leading candidates into a
 hat, and that the first name drawn out
 should receive the nomination. Messrs.
 Perry, Gillyard and Monroe, were the
 rival candidates, and their names were
 placed in the hat. Mr. Monroe's repre-
 sentative had the first draw out, and to
 his disappointment, the slip of paper he
 drew from the hat contained the name of
 Perry.

Make Yourself a New Body.

Purge away the old, diseased and worn
 out body, says Dr. Brandreth. Replace
 the discharged matters of the system with
 good, simple food and thus build up a
 new and sound body in place of one
 feeble and diseased. Every man should
 know that he must be "renewed" at
 least once in two or three years, else he
 will soon break down completely. This
 renewing process is easily brought about
 by purging with BRANDRETH'S PILLS.
 They put new life into old bodies.
