The Knights of Labor ball in Temple hall to-morrow evening promises to be largely attended.

Workmen are putting in new curbing on Mynster street and otherwise getting ready for the new paving.

If you want to cheer the police buy a ticket for their annual benefit ball to be given in the Temple hall May 5. Justice Barnett has tied the matrimonial noose joining C. Kemble and Miss Elizabeth Skelly, both of this city.

Sherman & Marsh have commenced a suit against the city to enforce the payment of \$700 general fund warrants.

Leave to marry was yesterday granted C. Mowry, of Fontanelle, Adair county, Iowa, and Carrie Triplett, of this city. Lund & Davis are preparing to enlarge their livery stable. The front is to be sixty feet and the building is to be raised

"Sport" Miller was yesterday assessed for the seventy eighth time for being drunk, and as usual went his way on the promise of paying in the sweet by and by. Property owners are signing a petition for paving Willow avenue to Eighth street, and Eighth street to Broadway. This would make a complete circuit of

Pearl street. J. R. Witherow has let the contract for his new residence on Second avenue. The house will cost \$3,500. McMullen has the carpentry and Wickham Bros. the masonry. Work will begin at once.

Charles Lefferts is to build at once a neat residence on First avenue, between Eighth and Ninth streets. It will cost about \$2,000. Monroe has the contract for the carpenter work and Wickham Bros. for the mason work Bros. for the mason work.

The Young-Man-Afraid, lately secured by the Globe, feels badly about a para-graph in the BEE yesterday. He will get used to the ways of the world after a time, and learn to eatch a joke on the fly, without allowing his heart to break.

Hans Christoferson was yesterday fined \$5 and costs for thumping one of the patrons of his bar. Hans has been rather prominent of late in connection with police court proceedings, but has always been the party sinned against.

The old city hall is being repapered, re-carpeted and repainted. The offices and council chamber will look better, but even at their best it is an old feed store. A new city hall commensurate with the size of the city is needed, needed bably. A petition is prepared asking the coun-

cil to order a sidewalk along the north side of Broadway between Thirteenth and Sixteenth streets. The property owners also want a lamp post at the corner of Broadway and Fourteenth streets. C. Voss will shortly open a jewelry store at No. 736 Broadway, Mr. Voss is a splendid workman, having learned his trade in Germany. He has been in this country only three years, having come from England. As soon as his fixtures arrive he will open up.

Pat Duffy was found about 4 o'clock yesterday morning sleepy drunk and lying in a vacant lot near Gilbert's ice houses. He spent the rest of the night in the police station and was quite indig-nant yesterday morning to find that the landlord charged him just as much as if he had lodged there all night.

Edward Gibson, while delivering telegraph messages on Broadway yesterday, was bitten in the leg by a dog said to belong to the Knepper family. The boy says he was going quietly along the street attending to his own business, when the dog suddenly made the attack. He has petitioned the city marshal to give the offending canine a dose of lead.

A special invitation is extended to the ladies of Council Bluffs to visit "The Manhattan" billiard and cigar parlors, No. 41 Broadway. They will receive the most courteous attention, and can see the celebrated oil painting that cost \$500 They will be given a view of the billiard manlors from a private room. parlors from a private room. M. Marcus and others are desirous that the council shall lay out the alley from Scott street west to Dohany's opera house, and along the south side of Indian creek. The old alley has been cut into by the creek, and new lines need to be established, in order to afford ingress and egress to considerable property in that vicinity.

given this same excuse to their mistresses. It is cruel to spoil these excuses, but the cold and stubborn fact exists that the Balvation army meetings are all over by about 10 o'clock.

It is proposed to have the city employ a man all the time looking after the Indian creek sewer ditch guarding against persons throwing manure, offal, etc., into the ditch; arresting offenders; watching for obstructions; preventing persons from taking away dirt from the banks, etc. E. R. Bates is seeking the appointment, and a petition has been prepared and signed by citizens, asking the city council to give him the position.

A New City Hall.

The project for a new city hall has been lying dormant of late, but it is now to be revived. It is probable that the city will at once take the necessary preliminary steps of locating a site and preparing plans. Mayor Groneweg and others are in favor of locating the new building near the site of the present one. It is proposed to condemn property enough on Main street to secure for the city the triangular piece of ground, whose angle is the intersection of Main and Bryant streets. Several other streets center there also, so that this site can easily be reached from various directions. It is suggested that there be in connection with the new city hall a market place, and that the improvements run back across the creek, which can be bridged. The plan is looked upon with favor by many, and preliminary moves may be expected at an early date. It is urged that there should be no delay in the condemning of the necessary ground, as the property will be more valuable, rather than less, and the city can get it cheaper now than ever again.

Not a day passes but what we outlit from one to five new comers with a Quick Meal stove and full line of household supplies, and still some old croakers say we are not booming. Cole & Cole, 41 Main st.

Improving Manawa.

The improvements about Lake Manawa have already commenced. The beach, which has again been leased by Odell Bros. & Co., is being put in better condition than ever. The lack of shade is being remedied by the transplanting of large trees, so that groves of considerable magnitude are being arranged as if by magic. Back from the beach for a considerable distance the land is being graded off. New and larger buildings are to be put up. A. Louie is planning on having a regular restaurant building, with permanent arrangements for sup-

plying as enjoyable meals as can be served at his up-town restaurant.

It is confidently predicted that the rush for this popular resort will be greater than ever this summer. The motor railway is practically assured. The contract will doubtless be signed this week, and then work will commence at once. The motor line will cost \$45,000. With this, and with easy communication with Omaha, there will be a rush from that city during the heated term. Last sea-son demonstrated the desirability of the place, and there were throngs of people there all the time. With the increased accommodations the crowd will be three times as great this season.

COUNCIL BLUFFS, April 19, 1887 .- To the Editor of the BEE: I am greatly obliged to your most excellent newspaper for the free puff of my alleged "lunch and lemonade stand on lower Broadway just now." But in order to have the public appreciate the beauty of being compelled to run such a stand, olease allow me to say that when I was re-elected constable last fall I presumed the magistrate, with whom it became my lot to officiate, would place in my hands such process as might issue from his court. But when I found that persons who were not officers were made special constables, to the exclusion of regular officers, it became necessary to pursue some other avocation. When magistrates elected by the people learn to respect under officers, also elected by the people, as functionaries who are entitled to serve the people who elected them, there will be no necessity for "Squire Briggs"—candidly I do not know any such person—or any other justice to ask the "county board or the town board, or both, to supply his office with a constable." Respectfully, R. RICKETTS.

The Free Pass Question. The inter-state commerce bill having made free passes a thing of the past, so to speak, on the trunk railway lines, a new modus vivend, has been established be-tween the newspapers and the railways. The newspapers propose to charge for all free notices of the railways and their managers, and the editor will be expected to pay for his ticket when he rides. The Chicago News announces the following as its new schedule for railway puffers. as its new schedule for railway puffery:

1. For the setting forth of the virtues (actual or alleged) of presidents, general managers or directors, \$2 per line for tirst insertion and \$1 for each subsequent

2. For puffs expressed in choice English, with occasional French phrases or poetical extracts (the whole with a palpable motive of honest enthusiasm), \$2.50 per line: 50 per cent. reduction on each subsequent insertion.

3. General passenger agent and divi-sion superintendents will be accorded half rates on the terms offered in rule No. 1. But in all cases where the titles of colonel is used regular first-class rates will be demanded.

4. Thousand-mile tickets on the basis of two cents per mile will be received in exchange for advertising done at our card rates, but these tickets must hold good on passenger as well as on freight trains. 5. No deviation from our card rates can be made in favor of parties handing us fivecent cigars with the puffs they desire published.

6. For complimentary notices of the

wives and children of railroad officials, we demand \$1.50 per line. We have on hand, ready for immediate use, a splen-did assortment of this literature. 7. Poetry will be made to order at \$3 per inch, agate measure. We are pre-pared to supply a fine line of heptameter puffs, also a limited number of sonnets and triplets, in exchange for 1,000 mile tickets. Epic poems, containing descrip-

tions of scenery, dining cars, etc., will be published at special rates. 8. General superintendents sending requests for the suppression of news must accompany their requests with \$10 bills—not necessarily for publication but as a guarantee of good faith.

Effects of the Kansas Prohibitory Law The new law passed by the late Kansas legislature, which is intended as a backbone to the present prohibitory law, is playing havoc with the liquor trade in Kansas. The St. Joseph wholesale dealers complain of a falling off in trade, and a firm that is known, one of the largest in the city, has taken four of its Kansas men of the road. In Kansas City, it is understood, the result of the law is the

same, the Kansas trade being virtually The law makes it necessary for a man desiring to open a drug store to have twenty-live women signers to the peti-tion, and any person who buys liquor must go before a notary public and make affidavit as to what use he will make of it, and that it is not intended to be drank

as a beverage.
St. Joseph's wholesale liquor dealers have in all taken about tifteen men off the road as a result of this amendment of
