THE JUDICIAL BILL ERROR.

Its Announcement Creates Excitement in the Legal Profession.

LATE OFFICIAL APPOINTMENTS. June 3 Fixed Upon As the Date For

the Sale of State Lots-The Bohannon Case-State Capital Happenings.

[FROM THE BEE'S LINCOLN BUREAU.] The announcement of the glaring error In the judicial bill that passed the last legislature has created a small furore in legal and political circles. Yesterday Mr. Caldwell, of the Lancaster delegation, was conning the enrolled bill at the secretary's office, and to all appearances the error in the bill is one committed in the enrolling and engrossing room, which, if a fact, will leave the judicial bill as engrossed and signed differing from the bill that actually passed. In this view of the case the judicial redistricting bill stands in danger of going the way that the recorder of deeds bill did two years ago, which, to certain sections of the state, particularly the Third district, would be a calamity. Judging from the original bill and the printed bills and amendments, both houses passed the measure as understood, that is, giving the Second district two judges, the same as it has had the past two years. The journal of the house shows that amendments to this end were passed by that body. However, it is certain that the bill, as signed by the governor, does not include the amendment stating that the Second district shall have two judges, but to the contrary it enumerates the Third district as to have four judges, the First, Fourth, and so on to have two judges, and leaves the Second district to come under the list of remaining districts to have one judge each. The question therefore appears to be one of reckless engrossing and is additional evidence of the foolhardiness of employing a small army of irresponsible clerks to flirt with the lobby and butcher bills of the greatest importance. THE LATEST APPOINTMENTS

Governor Thayer yesterday made the following appointments for the new Norfolk insane hospital: Superintendent, Dr. E. A. Kelley, of Omaha; steward, J. R. Nichol, of Antelope county; matron, Mrs. Jennie M. Hurlburt, of Norfolk. In this connection it might be in order to add that, despite the almost daily announcements of appointments, there is yet a host of applicants and their friends daily invading the executive office and not until the last appointment is made will the pilgrimage cease.

Attorney General Leese has prepared a motion to submit to the United States supreme court asking that the case of Quin Bohannan against the state be advanced for hearing. The attorney geneneral cites as reasons for the advancement of the case, First, Because the execution of the criminal laws of the state of Nebraska are impeded by the long delay occasioned by waiting the calling of this case in its regular order. Second, Because the plaintiff in error, Quin Bohannon, has been duly convicted of the crime of murder in the first degree, and now is ADVANCING BOHANNON'S CASE. non, has been duly convicted of the crime of murder in the first degree, and now is confined in the county jail of Otoc county, Nebraska, under sentence of death, and which sentence has been suspended by this court until the final determination of the case, which facts will more fully appear in the affidavit filed in support of this motion. The affidavit of the attorney general cites the history of the case from the first indictment to the present time cites the fact of live years. the case from the first indictment to the present time, cites the fact of five years waiting, and the consequent expense to Otoe county, and the effect it has upon the enforcement of the criminal law in the state. The attorney general also dwells upon the evil effects that arise from the uncertainty of punishment developed in cases of this character, and as there is no question presented as to the guilt or innocence of the prisoner but simply a question of law involved, the attorney general urges an advancement. If this motion is sustained and the advancement ordered there is no probability of a hearing of the case until October of the present year.

A petition is going the rounds asking for the pardon of Christian G. Herold, a former merchant of the city, who is serving a two years sentence in the penitefitary for defrauding his creditors. Herold has been in the penitentiary for about a year and the principal plea on his behalf is made on the grounds that he is a sick man, in failing health, and has been confined to the hospital since his mearceration. It is expected to have the petition, accompanied with a physician's statement, in the hands of the governor at an early day.

Yesterday was a lively day for the frail females who are inmates of houses of il-fame in the city. The night before the police raided a half dozen of the places of police raided a half dozen of the places of notorious repute, and papers were served yesterday against twenty-one of them. Of these the landladies were fined \$20 and costs, and the other inmates \$10 each and costs. Up to the noon hour fifteen out of the twenty-one had called at police headquarters and paid. At

If the mayor would require, or the police indge would require that every man's name as arrested be placed upon the docket so that they could be pub-lished in company with all other offend-ers, a way would be opened for some genuine reform. WONDERFUL POPULARITY of the RENOWNED MEDICINE.

The Greatest Curative Success of the Age-A Voice from the People.

No medicine introduced to the public has ever met with the success accorded to Hop Bitters. It stands today the best known curative article in the world, Its marvelous renown is not due to the advertising it has received. It is famous by reason of its inherent virtues. It does all that is claimed for it. It is the most powerful, speedy and effec tive agent known for the building up of debilitated systems. The following witnesses are offered to prove this.

What it Did for an Old Lady.

Her old remedies, or physicians, being of no avail. I sent to depo it, forty-five miles, and got a bottle of Hop Bitters. It had such a very beneficial effect on her that one bottle improved her so she was able to daess herse'f and walk about the When she had taken the second bottle she was able to take care of her own and walk out to her neighbor's and has improved all the time since. Last May I was induced to try Hop Bitters. I used oue bottle, but did not see any change; another did so change my nerves that they are now as they ever were. It used to take both hands to write, but now my good right hand writes this. Now, if you continue to manufacture as honest as good an atticle as you do, you will accumulate an honst fortune and confer the greatest blessing on your ellow-men that vas ever conferred on TIM BURCH.

A Husband's Testimony.

My wife was troubled for years with blotches, moth patches and pimples on hef face, which nearly annoved the life out or her. She spent many dollars on the thousand infallible (?) cures, with nothing but in jurious effects. A lady friend, of Syracuse N. Y., who had had similar experience and had been cured with Hop Bitters, induced her to try it. One bottle has made her tace as smooth, fair and soft as a child's and given her such health that it seems almost a A MEMBER OF CANADIAN PARLIAMENT.

I traveled all over Europe and other foreign countries at a cost of thousands o pollars, in search of health and found it not retured discouraged and disheartened, and was restored to real youthful health and spirits with less than two bottles of Ho.
