No One in Lincoln Believes the Tory Charges Against Him.

STRONGLY ENDORSED AT HOME

Gossip About Potter's Resignation From the Burlington-Stout Purchases the Capital Hotel-A City Hospital Movement.

IFROM THE BEE'S LINCOLN BUREAU.! The recent prominence given to Patrick Egan in the bitter debate in the English house of commons has attracted much attention in Lincoln, where Mr. Egan is well known and greatly esteemed. When Patrick Egan, to escape persecution and to save his shattered fortune, left the land of his birth to become an American citizen and selected Lincoln as his home, there were none at the capital city but accorded him a cordial welcome. The past four years' residence in the city by Mr. Egan has only the more strongly cemented the friendships thus formed and there are none in the capital city but feel the aspersious cast by the tory press and government against him as

false and vicious falsehoods. Said one of the most prominent and influential citizens of Lincoln, and of the state as well, who traces no Irish blood in his lineage: "The repeated attacks in England, and the assertion that Mr. Egan is, or ever has been, an associate with criminals and murderers, is an outrage that citizens of every nationality in this. Mr. Egan's adopted home, would be only too glad to resent."

To those acquainted with Patrick Egan, socially or in a business way, there are none but realize how thor-oughly he is in carnest in his efforts for his native country, and they know oughly he is in earnest in his efforts for his native country, and they know equally as well that he is in every way a vigorous opponent to every measure of redress outside the pale of the law. The letter of Mr. Egan's to the under secre-tary of Ireland, published yesterday, is a fair index of the willingness of Mr. Egan to meet the charge of being a criminal. If, in the course of this procedure, Mr. Egan should go to Dublin to face the criminal charges the English government are prefering against him, his going from are prefering against him, his going from Lincoln would be with a backing of which any one would be proud, and his return would be an ovasion.

MR. POTTER'S RESIGNATION The news of the resignation of General Manage Potter, of the Burlington route, created a ripple of Sunday excitement in railroad circles at the capital city yrsterday. Judging from the few opinions that could be gleaned yesterday, the res-ignation will not cause any extensive regrets among the Burlington people in this vicinity. Lincoln people have al-ways regarded Mr. Touzalin's connection with the Chicago, Burlington & Quincy system as of particular favor to this immediate place, and Mr. Potter has never filled the vacancy in the view of old resi-denters. People who are posted have recognized the fact since Mr. Potter has been at the head of the Burlington system that he was not the man to Nebraska that Mr. Perkins or Mr. Touzalin had been. Mr. Potter's position has been rebeen. Mr. Potter's position has been re-garded among railroad men as not of es-pecial interest to Nebraska in the estab-lishment of permanent improvements. Under Mr. Potter's management the mileage in Nebraska of the Chicago, Burlington & Quincy system has quad-rupled, and a prominent and observing citizen of the state, only a short time since was commenting on the fact that since, was commenting on the fact that in this great increase of mileage under the Potter management but little if any additional outlay had been made in Nebrasks in in the increase of shops for construction and repairs, or in the increase of the established manufacturing and repair shops. It has been understood, to the contrary, that the policy of Mr. Potter has been to throw all manufacturing work for the Nebraska lines eastward to Aurora and Burlington, instead of doing this class of business in the territory where the work was needed. The BEE representative yesterday, in conversa-tion with a B. & M. man located at Lincoln, was informed that in the opinion of this gentleman the procedure in this re-gard would be changed, and that under the management of Mr. Perkins some important plants would be located in Ne-braska. MR. STOUT THE OWNER. Baturday afternoon the cash and papers passed hands which transferred the Capi-tol hotel building from the ownership of Kitchen Bros. to W. H. B. Stout. On the 1st of May Mr. E. P. Roggen, the lessee of the house under the new ownership, will assume control as landlord, and the always popular hostlery will undoubtedly remain as popular as ever. Mr. C. W. Kitchen, who has owned and managed the hotel the past year, is much esteemed by Lincoln people, who regret that the sale will take him from the capital city. Where Mr. Kitchen will locate is not stated, but it is understood that an advan-tageous offer a waits him at Pueble, Colo. MOVING FOR A HOSPITAL. MOVING FOR A HOSPITAL. A decided movement has set in of late for a city hospital in Lincoin, and the agitation of the question in the press of the city has brought favorable responses the city has brought favorable responses from a great many prominent and pro-gressive citizens. The many lines of railroads centering in the city bring a great many of the victims of accidents to this point for treatment, and often it is a struggle to secure suitable accommoda-tions and attendance for those. The city has also now, according to the en-thusiastic boomers, a population of 40,000 people, and the argnment is truth-fully made that no city of that magni-tude should be without a city hospital. The articles published were amended articles, the company itself having been in business for the past two years, and the amended articles were filed to allow the company to increase its business and handle more than was contemplated at its first organization. The amended articles, as filed, were signed by the president and secretary, who are, from the company's printed hst, only two of a large number of stock-holders located at different points in and outside the state. outside the state. MOVING FOR A COURT HOUSE. MOVING FOR A COURT HOUSE. The question of room has become an important one at the county offices and the commissioners have been agitating the question of leasing the new Bohan-non block in order to secure room suffi-cient in which to comfertably transact last session taken a different step entirely from leasing and have decided to call an election on the 30th day of May to vote upon the issuing of \$200,000 in bonds to erect a county court house upon the block in the city reserved for that purpose. The question of a new building has been but little discussed, but it will evidently re-ceive a generous amount of talk in the next thirty days.

Whole Lump. A disease in one part of the body will eventually fill the whole body with disease. Every year or two some part of the system grows weak and begins to decay. Such part should be removed at once and new matter be allowed to take its There's no need of cutting it out with the aurgeon's scalpel. AN EXCELLENT JUDGE

Of clothing remarked last week that our prices were too low. Maybe they are. The cheapness of some of our goods make buyers suspect the qualities. The secret is our stock is all new, bought very low, and we can sell cheaper than others, besides we want to build up a large trade, and are therefore offering extra inducements. A glance at our show window will give you an idea how we sell goods. Step into the store and examine quality and make of the garments: you will not be urged to buy. Prices are marked plain on the goods and there is only one unalterable price for all--no deviation--the poor est judge can buy as safe as the best. If you can find other garments better made or cheaper elsewhere, bring ours back and the money will be refunded to you.

Our Furnishing department is well stocked and prices throughout equally low. We mention today, particularly, our line of medium and light weight Underwear in all colors and all grades.

We will present, this week to each customer, in our Boys' and Childrens' department, with a handsome set of dominos.

All goods marked in plain figures and at one price.

Good Resolutions.

The resolution passed by the South Omaha Land Syndicate is just what both the poor and the rich man have been looking for. Read it in another column

and you will be convinced. There are inducements thrt will prob-ably never be offered again. Truth is immortal.

Truth is immortal. In every metropolitan city the majority of business men live in the suburbs, and even miles in the country. Now, while we know that Omaha is the "Queen of the West," and a most desirable place in which to dwell, we yet realize the fact that only the "favored few" are able to buy in the city, consequently men who are seeking homes are going to the out-skirts. Such parties will consult their own best interests by looking at those own best interests by looking at those lots in South Omaha. Drop in at C. E. Mayne's and he will tell you all about

Transportation Facilities.

There are still some very desirable lots in the original plat of South Omaha for sale at low prices and on easy terms. Don't forget the transportation facilities that will be afforded by the varioas rail-roads, street and cable car companies this summer, and that will surely warrant an increase in the scale of prices. Secure these lots through C. E. Mayne, sole agent, and double your money be-fore others take advantage of Omaha's advancement and rapid growth.

Cancer of the Tongue.

Cancer of the Tongue. My wife, some three or four years ago, was trom-hed with an ulcer on the side of her longue near the throat. The pain was incessent, causing loss of sicep and producing great nervous prostration. Accompanying this trouble was rheumatism. If had passed from the shoulders and centered in the wrist of one hand, are almost losing the use of it. Between the suffering of the two, life had grown bardensome. By the use of a half dozon email-nised bottles of Bwitt's Brecific, she was entirely releved and restored to health. This was three years ago, and there has been no return of the dis-case. R. L.
