

THE DAILY BEE. COUNCIL BLUFFS

OFFICE, NO. 12, PEARL STREET.
Delivered by carrier in any part of the city at
twenty cents per week.
H. W. TILTON, Manager.
TELEPHONE:
Business Office, No. 12.
Night Editor, No. 12.

MINOR MENTION.

N. Y. Plumbing Co.
New spring goods at Better's, tailor.
George W. Thompson & Co., real estate
Additional Council Bluffs news on page
seven.

The city council meets next Monday
night in regular session.

Ed Cook has the foundation completed
for his new residence on avenue F.

The popular resort is "The Manhattan,"
418 Broadway, Radio & Yennawine.

Thomas J. Burke was yesterday fined
for disturbing the peace while drunk.

Joe Smith is building a handsome cot-
tage northwest of Stewart's packing
house.

Sam Rodda has got the frame up for a
new cottage on avenue F, just off of Oak-
land avenue.

Permit to work was yesterday granted
to Samuel K. Russell and Eliza G. James,
both of this city.

The usual semi-annual digging out of
the Fourth street sewer is being done. It
is a great dirt catcher.

John Davey and J. A. Graves were as-
sessed the usual amount yesterday for
having intubed too freely.

The delegates to the Irish National
league left for Ottumwa yesterday to at-
tend the annual meeting.

At the next meeting of the city council
there will be a city physician elected, the
term of Dr. Lacy having expired.

For Rent—The store building known as
506 Broadway, next door to Pacific
house. Inquire of Radio & Yennawine.

Married—By Rev. D. H. Cooley, at his
residence, April 27, Samuel K. Russell
and Miss Eliza G. James, both of this
city.

The Manawa Lodge, I. O. G. T., had a
pleasant social Monday evening, at
which about seventy-five persons were
present.

Henry Spelman yesterday broke
ground for a handsome residence on the
northwest corner of Fourth avenue and
Tenth street.

Mr. James Ward, of Cheyenne, W. T.,
and Mrs. Martha Pearson, of Cherokee,
Ia., were married in this city yesterday
by Rev. G. W. Crofts.

Riley Clark and other Neola promi-
nents were here yesterday helping along
the attempted sale to the county of the
Leonard farm for poor house purposes.

L. P. Jensen had quite an anxious hunt
yesterday after his little three-year-old
boy, Eddie, who had wandered off on the
streets. He was gone several hours be-
fore found, and safely returned to his
home.

B. H. Egan yesterday found it expen-
sive to drink fighting whisky. A man
named Cartlin was arrested as a partner
in the disturbance, which took place on
lower Main street, but he was dis-
charged.

One of Harkness Bros.' show windows
is being fitted up with a display of mat-
ings. Yesterday one of their visitors
made a bold remark that it was Hark-
ness Bros.' mistake. He was told to go
and see for himself. He was so short of
breath as he was carried out on a
shutter.

The work on the county court house is
being pushed along well in every de-
partment, except the state. The contractor
for that portion of the work is expected
to arrive to-day, and then that part of the
work will start in.

A warrant has been taken out for the
arrest of B. J. Donahue on the charge of
having seriously assaulted Mrs. Murphy.
It has been some time since the Donahue
Murphy troubles have been in court. As
usual the matter will probably end with
the case being dropped on the payment
of costs.

Judge Hubbard, in his enthusiasm for
the paving of Harrison street, is running
against some disagreeable snags. He
has had several heated discussions with
some of the opponents of the project, but
yesterday was the hottest of all. George
Dresser did the talking on the other
side, and it was all the judge could do to
preserve the equanimity for which he is
noted.

Elmer Morehead a few days ago had
two men, Taylor and Dyer, arrested for
selling him a horse which had the glands
of the horse been heated by order
of the court and the two men have given
bonds to appear at the next term of the
district court. They in turn claim that
Morehead has been trying to extort
money from them and that this was the
cause of the action against them.

Various surmises are made as to the
details of the matters to be talked over
in the citizens' meeting to be held at the
opera house Friday evening. It is
enough that the mayor has made the call
at the request of the citizens, who want
steps taken to further the boom, and
keep the city growing. It is expected
that several important matters will be
ripe enough by that evening to present
to the people. Everybody, ladies as well
as gentlemen, are expected to be there.
The opera house should be crowded.

The Evening Herald does not make a
very flattering showing of the very cen-
ter of the city by its cut of the corner of
Broadway and Pearl street. The picture
represents the streets deserted except by
two street cars, apparently empty, and
waiting for some to come in sight. The
Herald is to be commended for its at-
tempt to picture the city, but its en-
thusiasm in booming the city, but it
ought to put more men, women and
children into its pictures. The streets
are full of them, and they would show up
well in the pictures. Pictures showing
the streets to be as void of people as the
old lady's scrap book is of news, are not
helpful or cheery. Picture the streets as
they are, or not at all.

Those who have signified their willing-
ness to join in a business men's club will
meet at the Ogden house Saturday eve-
ning to make the preliminary organiza-
tion. There are already over a hundred
names on the roll. The membership fee
is to be ten dollars. The purpose of the
club are not merely to have a good time
socially, but to take action for the im-
provement of the city in various ways.
It is to be a happy combination of busi-
ness with pleasure. Such social organi-
zations, under proper restrictions, are
helpful, as bringing the business men
into closer relations, and enabling them
to act more enthusiastically and harmo-
niously in enterprises of public bene-
fit.

For acre property, residences and busi-
ness property call on W. C. Stacy & Co.,
No. 9 Main street.

Miss Mollie Corcoran, dressmaker, 714
Mynster street, between Seventh and
Eighth.

Office of Mulholland & Co., removed to
in under the Citizens' bank. Telephone
No. 162. Leave your orders for ice.

J. W. & E. L. Squire make beautiful
abstracts of title and deserve the suc-
cess they are enjoying.

Drs. Hanchett & Smith, office No. 12
Pearl street, Residence, 120 Fourth st. Tele-
phone No. 19.

Money to loan on real estate. Council
Bluffs Real Estate Loan and Trust Co.
Room 6, Everett block.

WHO WILL PAY THE BILLS?

The Victims of An Accident Liable to Die
While It Is Being Decided.

SMALL SAFE BLOWERS.

They Decline to Take Postage Stamps
—The County Board Selecting
Court House Furnishings—An
Omaha Wife Wanted.

Cruel Technicalities.

Deil Perkins, who had his foot taken
off by a freight train, is at the Cottage
hospital. The Chicago & North-western
railway company disclaim all responsi-
bility for the man's condition, and from
the story of the accident, as told by the
victim, it seems that he does not blame
the company as much as he does his own
weakness in drinking too much. The
company instructed its agent and its sur-
geon here to turn the man over to the au-
thorities, and gave notice that it would
be in no way responsible for his care.
Mr. Alworth, the agent, tried to obey the
order received by him, but he did not
find it so easy to turn the man over to the
authorities. The city would not take any
responsibility for his care, as the acci-
dent did not occur in the city. The
county board was in session, and the
matter was referred to that body. The
objection was raised that the county had
nothing to do about the matter as the
man was a resident of Omaha, and, be-
longing to another state, that state
should take care of him. The question
was referred to the county attorney, who
asked for time to look up the law in the
case. In the meantime the man was
lying at the hospital, in a critical con-
dition, and were it not for what Dr. Lacy,
Mr. Alworth and others did on their per-
sonal responsibility, the man might have
died from sheer neglect, while the techni-
calities were being decided upon.

This case is only one of many similar
ones. The railway companies used to
take temporary care of persons injured
along the line of the road, whether by
any fault of the company or not. Last
fall a change was made, however, and
where tramps are hurt by trying to
jump onto trains, or any similar accident
occurs, the company orders its agents to
turn such persons over to the authorities
to care for. Under this arrangement an
issue is liable to arise at any time, and
the unfortunate victim has to be depend-
ent upon private charity, or be neglected
until the authorities can pass upon the
matter.

In some cases private persons have
thus taken care of the injured or sick,
and the attending physician has had the
encouragement of having his bill disal-
lowed altogether by the county, the
board having decided that it was a
county case that the county physician
was employed to attend to such duties.
In view of the likelihood of such acci-
dents occurring any day, it seems that
there should be some definite understand-
ing and arrangement, by which there
would be no delay in caring for the un-
fortunate victim, and the responsibility
of the same could be adjusted afterwards
when there should be more time. At
present it seems like the chestnut in-
cident of the Frenchman who would not
pull a lady out of the water, because he
had not been introduced to her.

The County Board.

The board of supervisors was in session
yesterday. The chief theme was the
furnishing of the new courthouse. Archi-
tect Mann, of St. Joseph, was here, and
the most of the day was spent in decid-
ing what was needed in the line of desks,
counters, shelvings, etc. The judges and
the attorneys were called in to express
their opinions and preferences as to how
the court room should be fitted up. They
managed to agree pretty well except on
tables. Some wanted large tables, and
some small ones. Some objected to wide
tables, because it was too far across to
hit a brother at the bar, in case hot blood
made such a move desirable. Others fa-
vored wide tables, for just the same rea-
son. The board with several of the at-
torneys visited the building and took a
personal survey of the rooms, in order to
better frame a judgment of the ques-
tion. In the furnishing of the various
offices, the present officers were
called in for consultation, it being
wisely considered that they could better
suggest what was needed than those not
familiar with the peculiar workings of
each office. It is the intention of the
board to get the arrangements completed
for letting the contracts by the 1st of
June, so that the furniture and fixtures
may all be ready by the time the build-
ing is finished.

Another matter somewhat considered
was the claim of N. Bohlen, for fees as
justice of the peace. County Attorney
Bailey has been slashing through these
fee bills, and it is claimed that he has
pruned beyond the warrant of the law.
The purchase of a poor farm is also a
matter for the board to consider. The
county having sold the old one finds it
itself without a place to keep its paupers,
and the difficulty of buying a new one
seems greater than that of selling the
old.

Contractors and builders will find it to
their interest to get prices on lime-
cement, plaster, hair, etc., from Council
Bluffs Fuel company, 639 Broadway.
Telephone 130.

Safe Showers at Work.

A case of successful safe blowing is re-
ported as having occurred at Macedonia
Monday night. The safe was at the
store of Ashley, Cook & Co. It was com-
pletely ruined. Mr. Ashley being postma-
ster there were in the safe about \$80 of
stamps, but these were not disturbed.
The cash, amounting to about \$15, was
alone taken. There is no clue to the
burglars, but suspicions are directed to
two strangers who were noticed about
the town during the preceding day. The
job was quite skillfully done as the ex-
plosion was not heard, although there
were three persons sleeping in the ad-
joining building. The fellow who vivac-
iously took a hasty flight, as they left some
of their tools behind them.

Jewel, Jewel, Jewel.

The Jewel Machine Stoves are guaran-
teed to be the best in the market. Call,
examine and get prices at P. C. De Vol's,
504 Broadway. Satisfaction guaranteed
or stove taken back and money re-
funded.

Mass Meeting Friday Evening.

There will be a mass meeting of citi-
zens of Council Bluffs in Dohoney's opera
house on Friday evening, the 29th, at 8
o'clock sharp. The object of this meet-
ing is to take into consideration measures
of vital importance to the city of Council
Bluffs. A special invitation is extended
to every lady and gentleman interested
in the future of the city to attend this
meeting. W. M. GROENEWEG, Mayor.

Besides Quick Meal Vapor Stoves Cole
& Cole have one of the heaviest lines of
Refrigerators and household supplies in
the west.

Within three and a half miles of the
Omaha and two and a half miles of the
Council Bluffs postoffice you can buy a
beautiful acre or acres of ground near
the street cars and depots from \$800 to
\$500 on reasonable payments by calling
on or writing to F. J. Day for full infor-
mation, No. 89 Pearl street, Council
Bluffs.

ELECTRICITY!

DR. RICHARD'S Electric Bath Rooms and Office

No. 607 Mynster St., Council Bluffs.

One Square North of the P. O. Building.

Treatment and Baths Given by Mrs. Dr. Rich-
ards on Tuesday, Thursday & Saturday.

Electricity is a remarkable natural agent which has long been known and utilized
as a remedy for disease, and continued experience has enlarged its sphere of use-
fulness and improved its appliances by which it is employed until its utility and virtue
has become second to no other known remedy, in the treatment of certain forms of
disease. This agent is employed here in all its most serviceable forms by the aid of
large batteries, static machines, electric cabinet baths, electric water baths, the elec-
tric chair and electrodes for treating all parts of the body. We are prepared to do
all that can be done with these great remedies, in cases of Rheumatism, Neuralgia,
Paralysis, Spinal Irritation, Rectal Diseases, Nervous Diseases in females arising
from Uterine disorders and many other chronic and subacute troubles. It stands at
the head of all known remedies or methods cure. A thorough study of it for years
and the successful treatment of thousands of cases, after all other remedies had failed,
is sufficient evidence of its great worth and perfectly satisfies us with its good
effects on the diseased body. In the great hospital and sanitariums of America
and Europe, electricity is leading all other methods of treatment. In all leading
colleges the professors are teaching electricity as one of the potent remedies and a
special chair is appointed in many of them. Many of the ablest physicians of all
schools are making a specialty of electricity to the exclusion of almost everything
else. This great remedy has often fallen into disrepute by being recommended and
used by persons, and physicians, perfectly ignorant of its properties and powers,
who would advise and use the wrong current as the right one or depend upon it in
diseases for which it is not adapted. We are sure that when the people become ed-
ucated in the use of electricity for many diseases with which the body is afflicted
and find the great good therein, the medicines and patent righted nostrums upon
which they now rely will grow old and dusty on the shelves. Electricity is nature's
great remedy and to fully understand and skillfully apply it is our effort and aim in
life.

For further information call at the office or send for de-
scriptive and illustrated pamphlet on Electricity and
Electro-Therapeutic Baths, by
