SLAVERY'S SINGULARITIES.

One of the Most Remarkable Romances of Those Stirring Times.

HONEYMOONS AND HONEYCOMB

Real Actors in a Romance-Twenty Years Before the War-A Couple in Distress-Life of Mystery.

Memphis Avalanche: "The story which, with your permission, I am going to relate had real men and women for actors and is known to all the old-time residents in and around Louisville. It presents one of the most remarkable complications of old slavery times that ever came to my knowledge, and I am not over young.

'Fifteen or twenty years before the breaking out of our late civil war a young girl in her teens came up from Louisiana and settled in Louisville, giving the name of Lizzie Carlton. Nothing more was known of her than that she was accompanied by a young man who was, or pretended to be, deaf and dumb, and who, after aiding her to secure a situation with Mrs. Williams, a milliner and dressmaker on Fourth street, returned at once southward by river. Lizzie was a handsome brunette, with a wealth of raven hair which almost swept the floor, bright, expressive eyes, and altogether genteel and dignified in her general appearance. Her ladylike deportment and strict attention to the interests of her employer soon made her superintendent of the establishment. Social barriers were not so stubborn then as now, and hence the young and beautiful ftranger was soon received into the best society, forming a number of friends outside her regular business patrons, among others a Mrs. E., a prominent member of the Baptist church, at whose house the dark-eyed beauty was a fre-quent visitor. She in time attached hermost exemplary member. During her visits to Mrs E. our heroine met Philip S., himself one of the pillars of the church, who, after living in single blessedness for years, enjoying all alone his wealth and family station, soon con-ceived a tender sentiment for the young and beautiful sister. It was not long sfter the match-makers got their heads together till Philip and Lizzie were made THE MARRIAGE CEREMONY

took place at the Baptist church then standing on the southwest corner of Fifth and Green, the Rev. Mr. Buck officiating. and many old timers living to this good day will recall all the facts exactly as I give them. After the ceremony the bride and groom and their friends repaired to Mr. S.'s residence, about ten miles from Louisville, on the Bardstown pike, where the usual wedding festivities were en-

joyed. The honeymoon, with other moons, dripping with honey, 'sweeter than the honeycomb,' waxed and waned. The old 'bachelor,' happy in the new world that dawned before him; the young wife, with her back upon the past and its memories. was even forgetting that she had been a hard-worked milliner in the struggle for

'Alas! that ever man's avarice and brutality should break in to mar and destroy a scene of happiness like this. About sunset one afternoon the door bell rang. Lizzie —, now Mrs. S., left her husband's bedside (he was confined to his room by a slight illness at the time), arranged her toilet, and descended to the

parlor.
"One piercing scream that startled the echoes groused Mr. S., who rushed down stairs. What was his astonishment and dismay to find his bride fainting on the floor, and a strange gentleman, attended by a uniformed policeman, standing over

her. "'Sir,' said the stranger, 'this woman is my slave. Her name is Meli da Cass I am a Louisiana planter; here is the bill of sale. I bought her a few months before she escaped from my home, and I have been on her track ever since, and now she must return with me.

The distress of the unfortunate couple drew about them at once a large concourse of their friends, who were as much at a loss what to advise in the midst of these strange revelations as were the two most deeply concerned. The hus-band, after the first paroxyism of his grief and mortification, vowed eternal fidelity to his wife, bond or free, and with the assistance of Deacon E., Rev. Mr. Buck and others, it was arranged that, in order to quiet matters, the Louis-iana planter should be indemnified for the loss of his slave, and a little party of friends met together at the Galt hou where the Louisianian was paid \$700 for compensation, and returned home."

THE WORST TO COME.

"And this ends this strange, eventful

history?" asked the reporter.
"By no means. The worst is to come. Mr. S. being a man easily influenced by his stronger-minded relatives, was so beset by his uncles, his cousins, his sisters and his aunts, that he turned his young bride out of doors. They could not tolerate even a single drop of negro blood, however concealed by a fair ex-terior. The poor deserted wife went heart-broken from place to place in the capacity of a seamstress, and soon gave birth to a son. She managed to support herself and child and bear up bravely under all her misfortunes until Mr. S. married another. This was more than she could withstand, and, taking to her bed, she was kindly attended by the ters of Charity and a few Baptist sisters in Louisville until she died of a broken

heart."
"Did she really have negro blood in That is the question. Mr. E. went south to get a true statement of her history, but the reports there were as con-flicting as elsewhere. Lazzie Carlton persisted with her dying breath that she was of pure Caucasian blood, a free woman by birth. She related that her mother, a Portuguese, on reaching this country, being a dark brunette, formed the acquaintance of a wealthy planter in New Orleans, who became so infatuated that he took her to his home, and to conceahis purpose from his wife, passed the woman off as a slave—her complextion enabling her to pass for a light mulatto. Lizzie was the offspring of this illicit's strategy, and the planter, dying suddenly and without disclosing the true character of his mistress, who also died soon after, Lizzie, quite a child, descended to the heirs with the other 'property.' The es-tate was left involved and Lizzie was sold on the block to the planter who after-ward pursued her to Louisville. She further explained that the young man who fled with her to Louisville was her ball brother, the son of her mother's seducer -and that she fled to escape the persecution of her new master, who persisted in soliciting favors she would not con-

"A few pitied, while more blamed the unfortunate woman for having imposed herself, as they call it, on the community and for having married into one of the best families. But time soon mellowe best families. But time soon mellowed the harshness of the judgment and made many believe her story to have been true in all respects. Many of our oldest in-habitants believe she was indeed the daughter of a Portuguese woman, and was the innocent victim of the unholy love which drove her parents to the base subterfuge. Their sudden death was the subterfuge. Their sudden death was the cause of all her woes. Even her ostensible 'master' may have been innocent of ter true history. How terrible were the ins of the parents visited on the child!"

spring of her marriage with Mr. S., is he still hving?"
"His life is shrouded in mystery. Soon

after the death of Philip S., the relatives of the latter sent the boy to Hawesville, Ky., to be reared and educated under an assumed name, and since that time nothing has been known of his fate unless to the relatives of Mr. S. alone. They, you can understand, may have selfish reasons for wishing him to remain in ignorance of his own origin, for there was, and may yet be considerable property at stake. 'And the story is a true one in all re-

spects?"
"True in every word, syllable and letter. I withhold names for prudent reasons, but there are many men and women in Louisville to-day who can read the record and fill up the blanks without hesstation. Lizzie Carlton fills an humble grave in the Western cemetery at Louisville, enjoying that peaceful rest which man's inhumanity denies to the living."

Critics Take Warning. For the benefit of critics and faultfinders we reproduce the story of the "Owi Critic." After the reader has perused it to the last line we will ask how many persons in their acquaintance would withstand the ordeal of the "Owl
