 Pearl st. Residence, 130 Fourth st. Tele-
 phone No. 10.

The Hambletonian stallion Arbitrator
 can be seen at my stable on Fourth or
 on a profit street, between the
 Hattenhaur's carriage repository. He is
 a grandson of Rysdyke's Hambletonian
 on the sire side, and a grandson of Mem-
 brino Chief on the dam side, the acknowl-
 edged principal producers of speed and
 general purpose horses in America, and
 Arbitrator is no exception to the
 rule. He is a horse of great in-
 dividual merit and speed, and for the
 purpose of breeding to breeders of
 high bred horses that he is all that is
 claimed of him, I will speed him a ten or
 twenty-mile dash on the road to 600
 pounds' weight with any stallion owned
 in the country. Breeders of high bred
 horses will make no error of his and
 carry it in their hats, as the owner of
 these horses puts all the money he has
 and can borrow into straight horses,
 and not into books, pamphlets and wind,
 talking about their forty-second cousins'
 performances.

Also Colonel Reve, bred by W. H. H.
 Colby, of Fort Dodge, Ia., sired by Star-
 light, by Star of the West, dam by Con-
 tinent, Jr., by Company, Rysdyke's Ham-
 bletonian. This colt is a stranger in a
 stranger in strange land, but his breed-
 ing is certainly all any man could wish
 His great and positive individuality,
 his true and powerful stride, his wonder-
 ful constitutional powers, and his power-
 ful steel-converted frame work, insure
 for him a career that will place him
 among the greatest, if not the grandest
 stallions in the west.

Musical Culture.
 The executive committee of the Ladies'
 Choral society have issued a number of
 invitations to our musically inclined ladies
 to become members. The society will
 begin the rehearsal of an opera on May
 24, after which date no new members will
 be admitted. The opera is to be given in
 public as soon as finished, the profits to
 go into the treasury of the society to be
 used in bringing out other operas or oth-
 erwise encouraging the study of music
 among the members. The solo parts
 will all be given to members of the soci-
 ety and the soloists will be encouraged
 and assisted in attaining perfection in
 the art. No members will be admitted
 for a less period than six months, and
 the monthly fee of \$1.25 must be paid to
 the treasurer the first Tuesday of each month.
 Those members who enroll their names
 next Tuesday, May 17, will only pay a
 50 cent fee for the month of May and can
 attend three rehearsals in that month.
 All those who have received invitations
 should at once send in their names to
 Mrs. D. W. Bushnell or be present at
 Mueller's music hall May 17, at 4 p. m.
 The society is at present under the lead-
 ership of Mr. Nathan Franko, late of the
 Mendelssohn Quintette Club, the execu-
 tive committee, composed of Mrs. Henry
 Robinson, president, Mrs. D. W. Bush-
 nell, secretary, and Miss Julia Judson,
 treasurer, are working hard to make this
 society a success, and expect to bring out
 some fine voices during the coming year.
 Address all communications to Mrs. D.
 W. Bushnell, secretary.

Don't Give It Away.
 First Citizen—"It is the funniest thing
 on earth to see how that man Tipton does
 so much real estate business. I've stud-
 ied the thing over, and 'by gum' I can't
 see how he does it. Why, the fellow to-
 day, lone handed, is selling more real
 estate than any ten men in this county,
 and he seems to do it just as easy as roll-
 ing off a log."

Second Citizen—"Well, I'll tell you the
 secret of his success, but don't give it up,
 even to your wife. To begin with, he's
 a walking directory and knows more peo-
 ple than any man in the county.
 He can see a buyer through a brick
 wall, and can smell a bargain forty
 miles. He is a lawyer himself, and sees
 that his customers are not troubled with
 clouded titles. He never sleeps, but like
 rent, interest and taxation keeps going
 on. When others come out yawning and
 stretching, Tipton jumps into the ring
 smiling, and whenever a man does busi-
 ness with him once, he invariably re-
 members his good treatment, and goes
 back again. He never closes a deal, but
 that in the end he is the agent for both.
 And don't you think a couple of fellows
 were going to fight the other day to de-
 termine whose agent he was, but Tipton
 heard of it and snouted at them through
 his telephone, No. 246 in his office, 527
 Broadway, and they adjourned sine die."

The Contract Let.
 Yesterday the contract was let for the
 building of the new sash, door and blind
 factory, to be started here by
 Strook Bros., of Princeton, Ill. Martin
 Hughes has the brick work and will
 commence to-morrow. The work will
 be pushed along as rapidly as possible,
 and it is now confidently expected that
 the factory will be running by the first of
 July. This will give an important ad-
 dition to the industries of the city.
 Strook Bros. are experienced men, and
 men of means. They will meet with
 success here, as they have in their old lo-
 cation, and hope for even greater success.
 They are heartily welcomed, and will be
 given encouragement and such practical
 help as is needed to make the enterprise
 a success. The new factory is to be lo-
 cated on Tenth avenue just west of the
 Ogden iron works.
