

THE DAILY BEE. COUNCIL BLUFFS

OFFICE, NO. 12, PEARL STREET. Delivered by carrier in any part of the city at twenty cents per week.

MINOR MENTION.

Ascension day. N. Y. Plumbing Co. This day has many knights.

New spring goods at Reller's, tailor. Additional Council Bluffs news on the fifth page.

Strawberry social at the Baptist church this evening. Two drunks were yesterday placed inside to sleep it off.

Another "Devil's Auction" company is to visit Council Bluffs. The popular resort is the Manhattan, 418 Broadway, Radio & Yenawine.

A good girl wanted for general housework. Mrs. H. W. Tilton, Box office. It is rumored that some newspaper developments will soon be announced.

There will be a regular meeting of Harmony chapter No. 35, O. E. S., this evening. The state association of Congregational churches meets in Charles City May 25 to 29.

The Married Ladies' Progressive Euchre club will be entertained to-morrow evening by Mrs. M. E. Smith. The fifth regiment band has chosen Prof. Dalby as leader; Joseph, president; T. E. Kohl, treasurer; Charles Adolf, secretary.

Squire Biggs yesterday made a Council Bluffs trip very happy. They were Theodore Batchelder and Ada L. Prouty. Handley, the man who threatened to shoot Judge Conner, has been sent to the insane asylum by the authorities of Green county.

The work commenced yesterday on the addition to the cannery works. The capacity of the works will be increased fully one-half when this new building is completed.

This evening the ladies of the Baptist church gave a social at the church. Strawberries and ice cream will be served, and an enjoyable evening had. Everybody invited.

The club has already secured 150 members, and within a day will reach the maximum of 200 will be reached. Those who secure a membership after that will have to pay more than double the amount paid by the incorporators.

The entertainment given at the opera house last evening as a benefit for the Father Healey proved a success financially and was enjoyable as well. "Lancashire Lass" was given by local talent very acceptably.

Yesterday afternoon Master Lattie Pryor celebrated his eighth birthday anniversary by having a gathering of his young friends, who spent several hours in playing upon the lawn and in partaking of the needful refreshments. The little folks seemed to have a merry time.

Will the lady who called on me on Bancroft street, Council Bluffs, soon after my husband's (Dr. E. D. Cross) trial at Glenwood, Ia., and who at my request called on Wright & Lathrop, please call, or send me her name and postoffice address, and much oblige Mrs. E. D. Cross, Revere house, Council Bluffs.

The concert in Bayliss park last evening by the Bavarian band drew a large number of people. The band played well, and the numbers were varied and of a popular character. The Bavarian band has long been a favorite with the public and it certainly did itself credit last evening. Other concerts are to follow.

This evening Daniel Sully, the Irish comedian, is to appear at the opera house in his new domestic play, "Buddy Nolan." One of the attractive scenic incidents will be a working model of the great Brooklyn bridge, with cars crossing, electric lights, real ones, etc. Sully will doubtless have an enthusiastic audience as he has had elsewhere.

On May 20 and 27 King & Franklin's phenomenal 10 cent tent show is to be here again. This show was here a year ago, and their tent was crowded with delighted people. They give the greatest show for the least money of any combination that has yet visited this city, and this year they promise to outdo all previous efforts. There will be numerous attractions and wonders.

The Wilson case is still on in the district court. It is proceeding very tediously, but it is an important case—not merely on account of the amount involved directly, but from the fact that if Mrs. Wilson recovers damages for what the flood did to her property, others would be encouraged to commence similar suits against the city. The case is therefore being fought sharply, and its result will be watched with interest.

The new delivery wagon just turned out of Hattenhauer's factory for George W. Schindler is one of the finest to be seen on the streets of any western city. There has been a great improvement in the class of mercantile and business vehicles in this city during the past two years. There are numerous metropolitan appearing vehicles now to be seen on the streets, and the demand for better ones still is increasing.

The proof sheets of the new maps of Council Bluffs and Omaha, prepared by C. B. Allen, have arrived here, and the maps themselves will soon be from the press ready for distribution. This map, showing both cities, will be one of the finest pieces of work ever done by Mr. Allen, and will be so convenient as well as accurate as to be in eager demand. It will show both cities and one can see at a glance the relative distances of all parts of these cities.

The board of equalization hopes to complete this week the work of going through the assessor's book. There are a large number of property owners whose assessments have been raised. The board will have to post up notices to such and then adjourn for a week. On re-assembling an opportunity will be given such persons to appear before the board if they want to protest against the raised assessment. It is expected there will be an army of kickers, and the board will have a lively time before they complete the work.

The Des Moines Leader reports Spencer Smith as saying in an interview at Des Moines: "If I were going to invest in real estate, do you know I would do so right here in Des Moines in preference to any place that I know of in the state." If Smith made any such statement as this it must have been because he was away from home, and was dealing on a little tally to the Des Moines syndicate which gave him the position of railway commissioner. He will have to be more guarded in his statements so long as the Des Moines reporters have such long ears, or else he will have to square himself with the home constituency. He has shouted "work to build up Council Bluffs" so many times that it seems hardly possible that he could have given such tally as the above with any idea that it would get into print.

Cheap storage in either small or car-load lots at Nos. 22, 24 and 26 Pearl street, J. B. Snyder.

Drs. Hanchett & Smith, office No. 19 Pearl st. Residence, 120 Fourth st. Telephone No. 10.

J. W. & E. L. Squire make beautiful abstracts of title, and deserve the success they are enjoying.

SERVICES OF ASCENSION DAY

The Knights Templar Will Make a Mounted Pilgrimage.

SEARCH FOR A STOLEN SADDLE.

A Young Man Found Here Who is Wanted in Chicago—Personals and Brief Bits of News From All Parts of the Bluffs.

The Knights Templar. The Knights Templar have looked forward to this Ascension Day with much interest, and have made more than the usual local arrangements for its observance.

Some five or six years ago there was a mounted pilgrimage here, the first in this state, and since then there have been none in this city until to-day. In 1887, in accordance with general order No. 10, issued by the grand commander of Iowa, enjoining the subordinate commanderies of this jurisdiction to observe one or both of the days apart by temporary for devotional services, Ivanhoe commandery No. 17, K. T., has taken definite action towards the holding of an appropriate ceremony on Ascension Day, Thursday, May 19, 1887, by attending public worship at St. Paul's Episcopal church in this city, after which the commandery will perform a mounted pilgrimage, commemorative of those pilgrimages undertaken by our ancient fathers, during which a visit will be made to the graves of the knights of those Sir Knights whom death has taken from our ranks, and there pay to them the honor and respect so justly their due.

The presence and co-operation of each Sir Knight of our commandery is necessary to successfully carry out the purpose and intent of these ceremonies, and to that end:

You are hereby ordered to appear in full uniform at the asylum of our commandery at 10 o'clock on the morning of May 19, 1887, for the purpose named, and thereafter be subject to the order of the proper officers of the commandery until said ceremonies shall have been completed.

Eminent Commander. THOMAS B. LACEY, Recorder.

The following is the order of exercises: 1. 8 o'clock—Saint Paul's Episcopal church. The services will be conducted and an address delivered by Sir Knight T. J. Mackay.

2. 12 m.—First mounted pilgrimage from church to Sir Knight Croft's, where refreshments will be served.

3. 1:30 p.m.—Second mounted pilgrimage to Fairview cemetery and appropriate ceremonies at the graves of Sir Knight W. W. E. Foster.

4. 2:30 p.m.—Third mounted pilgrimage to Fairmont park.

5. 4 p.m.—Rest and refreshment at residence of Sir Knight James.

Yield to the church has been beautifully decorated with flowers for to-day's service, which begins promptly at 11 o'clock a.m. The rector, Rev. T. J. Mackay, will preach. A choir, composed of Mrs. Dan, Mrs. Ward, Mr. Troyer and Mr. Ed. Spooner, will render the musical portion of the service. The seats, except those necessary for the accommodation of the knights, will be at the disposal of the public.

Besides the resident knights a large number from Omaha are expected to arrive on the 9 o'clock dummy this morning, bringing their horses with them. There are probably sent twenty-five mounted knights. The Glenwood knights are to come from there on horseback. Silver City, Plattsmouth, Missouri Valley and Logan will also be represented, and knights are expected from other places.

The knights will gather at the Masonic temple, and will start from there at 10:45 on foot for the church. The march will be from the temple to Willow avenue, along that avenue to Sixth street, and to the church. After the services the knights will mount and the first pilgrimage will be from the church to Willow avenue, thence to Seventh street to Sir Knight Croft's residence. After refreshments there, they will proceed to Fairview cemetery, passing along Broadway to Brent street, and thence to the cemetery. There are two knights buried there, and at the grave of each there will be a brief address. Sir Knight Joseph Lyman will give the address at the grave of Sir Knight W. W. E. Foster, and Charles Hart will give the address at the grave of Sir Knight Ficara. Then the knights will proceed on their third mounted pilgrimage, which will be to Fairmont park. The route will be from the cemetery to Broadway, thence to First street, and to the park. From the park they will swing around the lower road to Main street, along Main to First avenue, down that avenue to Sixth street, then to Willow avenue and to the residence of Sir Knight W. C. James, where on his beautiful lawn they will be served with refreshments. The pilgrimages will be under the charge of Sir Knight Joseph Lyman as acting captain general. The knights will of course be in full uniform and mounted. The horses will all wear covers, and the parade will be one of the most brilliant ever seen in this city.

Gold Watches and Chains. The largest and best stock to select from at the lowest prices, at C. B. JACQUERIN & Co's.

A Chicago Skipper. The police yesterday received a telegram from Chicago directing them to open their eyes for a young man wanted there for larceny. The young man's name was given as George H. White. In less than an hour from the receipt of the telegram Chief Mullin and Captain O'Brien had him, and put him behind the bars. The young man has been in this city for about three weeks, and had secured employment here. He seems to have carried himself quite steadily since he arrived, and his employers were quite pleased with him. No details were received here as to the offense with which he is charged, but it is reported that the young man got to living a pretty fast life in Chicago, was drawn into gambling, and in a desperation he stole some jewelry belonging to his sister, and disposing of this skipped out. The Chicago officers have been notified, and will probably be here to-day to take him back.

Office of Mulholland & Co., removed to in under the Citizens' bank. Telephone No. 102. Leave your orders for ice.

A Missing Saddle. James Ward claimed to have lost a valuable saddle rather mysteriously. It was in a Union Pacific car with other goods, and was stolen by some one. The saddle was of a peculiar make, bought in Portland, Ore., for \$45. On discovering the loss Ward began hunting about, and in some way got his suspicions directed towards a railway employe, S. A. Southworth, living at 1904 Ninth avenue. He went to the house on the pretext of renting it, and in going through the cellar discovered his saddle. He then came out, and an officer went there and got the saddle. Southworth was away from home, and it is not known what explanation he makes in regard to the saddle. Ward is not disposed to spend any time here in prosecuting Southworth, and was quite satisfied to get back his saddle. The papers are filled in Justice Shurz's court.

ELECTRICITY! DR. RICHARDS' Electric Bath Rooms and Office

No. 607 Mynster St., Council Bluffs.

One Square North of the P. O. Building.

Treatment and Baths Given Ladies by Mrs. Dr Richards on Tuesday, Thursday & Saturday.

Electricity is a remarkable natural agent which has long been known and utilized as a remedy for disease and continued experience has enlarged its sphere of usefulness and improved its appliances by which it is employed with utility and virtue has become second to no other known remedy, in the treatment of certain forms of disease. This agent is employed here in all its most serviceable forms by the aid of large batteries, static machines, electric cabinet baths, electric water baths, the electric chair and electrodes for treating all parts of the body. We are prepared to do all that can be done with these great remedies. In cases of Rheumatism, Neuralgia, Paralysis, Spinal Irritation, Rectal Diseases, Nervous Diseases, in females arising from Uterine disorders and many other chronic and subacute troubles, it stands at the head of all known remedies or methods cure. A thorough study of it for years and the successful treatment of hundreds of cases, after all other remedies had failed, is sufficient evidence of its great worth and perfectly satisfies us with its good effects on the diseased body. In the great hospitals and sanitariums of America and Europe, electricity is leading all other methods of treatment. In all leading colleges the professors are teaching electricity as one of the potent remedies and special chair is appointed in many of them. Many of the ablest physicians of all schools are making a specialty of electricity to the exclusion of almost everything else. This great remedy has often fallen into disrepute by being recommended and used by persons, and physicians, perfectly ignorant of its properties and powers, who would as often advise and use the wrong current, as the right one or depend upon it in diseases for which it is not adapted. We are sure that when the people become educated in the use of electricity for many diseases with which the body is afflicted and find the great good therein, the medicines and patent righted nostrums upon which they now rely will grow old and dusty on the shelves. Electricity is nature's great remedy and to fully understand and skillfully apply it is our effort and aim in life.
