

THE DAILY BEE. COUNCIL BLUFFS

OFFICE, NO. 12, PEARL STREET.

Delivered by carrier in any part of the city at twenty cents per week.

H. W. TILTON, Manager.

TELEPHONE: BUSINESS OFFICE, No. 44. NIGHT EDITOR, No. 22.

MINOR MENTION.

N. Y. Plumbing Co. New spring goods at Reiter's, tailor.

The city council will meet Monday night.

A grocery store is to be opened in the building No. 231, Broadway.

The popular resort is the Manhattan, 418 Broadway, Rudlo & Yensawine.

A good girl wanted for general housework. Mrs. H. W. Tilton, Bee office.

B. Terwilliger is making some improvements on his residence property.

The time of the district court yesterday was taken up with motions and other uninteresting matters.

Prof. Poulson is making some marked improvements in the residence on Fifth avenue, recently purchased by him of J. H. Clark.

The wind storm last night frightened the audience out of the circus tent, and the employees proceeded to let the canvas down.

A nine has been organized with the hope of downing the M. & K. nine, the contest to take place this afternoon at the fair grounds.

A reception is to be tendered the new pastor of the Presbyterian church, Rev. Dr. Phelps, and family, at the church tomorrow evening.

See the only standard bred stallions for service in Council Bluffs. "Dr. Archibald," No. 2, 915, and "Register," No. 5, 812. At the driving park.

The police succeeded in finding one man yesterday who was drunk enough to be taken care of. Otherwise police circles were very sleepy.

See the only standard bred stallions for service in Council Bluffs. "Dr. Archibald," No. 2, 915, and "Register," No. 5, 812. At the driving park.

John Wallace has been given the contract for filling the street in front of the Hall school house on North Eighth street, the price to be fourteen cents per yard.

The Ramblers appeared last night in their new uniforms. They look quite athletic. The pants, coat, cap and stockings are blue, and the shirts white. A number of them are becoming quite proficient in riding the wheel.

The members of the Thirteenth Illinois infantry are expecting a happy reunion at Rock Island on the 24. It is the twenty-sixth anniversary of the meeting of the Illinois militia out of the state service into the United States service.

Yesterday Frank Clark, proprietor of Hotel Manawa, purchased through W. E. Callaway, route agent Seavey Bro.'s manufacturing company, complete hotel cooking utensils, including ranges, etc., for hotel Manawa. The purchase amounted to a little over \$900.

Yesterday afternoon there was a happy gathering of young folks at the residence of Dr. Hanchett on Fourth street. The little guests being entertained by Mac Hanchett, as an observance of his eighth birthday anniversary. The gathering was a merry one, and all seemed to enjoy the occasion heartily.

All the ladies who intend joining the Ladies' Choral society (also the old members) must be present next Tuesday, May 24th, at Mueller's music hall at 4:30 p. m., as Mr. Frank will hear all the voices before deciding upon which society is most suitable for the society. He must also know how many solo singers there are, and what the compass of the voices. The executive committee hope to see many new members.

It is estimated that it will require about \$300 to complete the driveway around Lake Manawa to the beach, and to-morrow A. B. Walker and George Metcalf will start out with a subscription paper for this purpose. Mr. J. J. Brown's services have been secured gratis to superintend the entire construction of the road and dam. It is proposed to make a good wide drive around to Manhattan beach and on that to obviate the necessity of driving through the sand.

Mr. Frank Clark, who is building the Hotel Manawa, has decided to grant the request of a number of interested parties and will have a hop on the main floor of the new hotel on Wednesday evening next. The hotel, although not yet under cover will, no doubt, present a lively scene, as Mr. Clark will do all in his power to make this, the first event at Hotel Manawa, one long to be remembered by those so fortunate as to be in attendance. Light refreshments will be served, as well as ice cream, lemonade, etc., and the entire grounds will be lighted with calcium lights.

Two Omaha carpenters were here yesterday in hot pursuit of their partner, whom they claimed to be going crooked. They say that in some way he got possession of about \$300 of partnership money, and a certified check for nearly as much more, and then skipped. After hunting about this city they got a glimpse of him at the St. Louis house, but he noticed them and ran away. In the chase he proved to be too feet-footed, but lost his hat in the run. The police then began the hunt for him, but he evidently succeeded in getting beyond the city limits.

Eddie Lamsdorfer, a mere boy, about three weeks ago was playing about the new Catholic church and boy like jumped from the wall to the ground. In doing so, he fell, dislocating his wrist. The little fellow kept the fact a secret from his parents, although the wrist was badly swollen and he suffered greatly from it. He shrewdly managed the wrist so that it would not attract the attention of his parents, and it was not noticed until yesterday. A physician was at once summoned, and the child was put in condition where it will have some chance for recovery from the injury. The incident recalls a similar one, which lately occurred in another family. The boy was fooling with a revolver, in violation of the commands of his father, and he shot himself through the hand. He went to a drug store, got the hand cared for, explained to his folks that he fell while at play and a nail run into it and kept the real fact a secret until long after the wound was healed. There seems to be not such a great difference in boys after all.

Now For the Kicks. The city board of equalization held its forty-second session yesterday, the board having met that number of days consecutively, except Sundays. Many changes have been made in the assessments as returned by Dr. Patton. The names of the persons whose assessments have been raised, and the amounts have been posted up in front of the city building, and also posted in the postoffice. Those interested can there inspect the lists. The board adjourned yesterday to meet Monday, May 30, to hear complaints, and to grant a day in court to those whose assessments have been changed. There will be a large number who will avail themselves of this opportunity to make their grievances known.

Office of Mulholland & Co., removed to in under the Citizens' bank. Telephone No. 123. Leave your orders for ice.

Drs. Hanchett & Smith, office No. 13 Pearl st. Residence, 120 Fourth st. Telephone No. 10.

THE BOTTOM BRIDGE BIDDER.

The Contract Awarded and the Assurance of Work to Commence at Once.

TO-DAY IN THE CHURCHES.

Visiting Presbyterian Clergymen to Fill General Pulpits—Amusement Notes—Personal and Short Stop Items.

The Bridge Contract.

T. J. Evans was yesterday smiling even more brightly than usual. "You can announce, if you want to, that the bridge contract is awarded to the Edgemoor Iron company, of Wilmington, Del., they being the lowest bidders. There's no more foolishness or delays, and the bridge is now going right along. You can make that announcement, if you want to." Of course the BEE wants to, and makes the announcement gladly, not because it has been in doubt as to whether the bridge would be built, but because there are even now a few doubting ones, who refuse to be convinced that any great enterprises are to start as a rule. One after another of the enterprises proffered have been questioned and doubted by this class of unbelievers, and one after another the enterprises have started just as predicted. It is gratifying to see these doubters convinced in spite of themselves, and to see their numbers dwindling down until they are now so few that they are hardly worth the mention. The announcement of the awarding of the contract sped along the streets yesterday and everywhere carried joy with it. It was astonishing how many faces of the "I told you so" class. Everybody smiled, inquiries for more real estate began coming in to all the offices, and those who have property stiffened their prices a little and began figuring over prospective advantages. The real estate dealers are looking for rapid and sudden advances over present prices. The property has been held here so low and there has been so little of the fictitious values that all concede that investments cannot be so safe and remunerative. Even those who have been certain that the bridge would be built have been planning on dealing more when the work was fairly started, and now that all possibilities of any delays are removed, a greater boom than ever may be expected, and one which will keep booming.

The work on the bridge to commence within ten days and will be completed within a year. The sub-contractors were notified yesterday of the result of the award, and the preliminaries of securing material began before the sun went down. The general description of the bridge has been given before, and the public is quite familiar with the general design. With the cheap and easy communication which this bridge will establish between the two cities, the bottom lands will jump into demand for various purposes. Great changes are to be looked for within the coming twelve months and this season will see many of them.

It seems certain now that the Union Pacific will proceed with the improvements contemplated and planned some time ago. It is stated that arrangements are being made for putting on at once about 200 men to proceed with the construction of the tracks, buildings, etc., planned some months ago. In fact Council Bluffs is having sunshine and a promise of much more. In the manufacturing line there is much encouragement. The canning works have proved so successful that the work of enlarging has begun and the capacity of the works are to be increased 50 per cent. The purchase of the new works by J. C. Ogden is being followed up by his active and personal enlargement and supervision of the business, and with experience and capital these works will soon be among the leading ones in the west. The work has commenced on the new asphalt and blind factory of Strook Bros. These gentlemen have in the east been successful in this line and they come here enthusiastic over the prospects of doing still better here. The handle factory is kept busy, Hattenhauer's carriage factory has been enlarged, and in fact there are numerous enterprises which indicate that manufacturing interests here are on the boom.

The iron and ties are on the road for the new motor line to Lake Manawa. The hotel is raised, and the bathhouse and other improvements there are nearly completed. In driving about the city one is surprised at the number of residences going up. There never has been so many built in any one season as have been put up thus far this year. Houses still are in demand, and it is difficult to get any desirable house to rent.

In fact, Council Bluffs has many reasons for keeping up a regular thanksgiving day. The business men seem to be having an unusually good trade. The outlook in all directions seems to grow brighter and brighter, and it seems that nothing can now stay the progress and prosperity of the city.

Lime, cement, plaster, hair, coal, etc., Council Bluffs Fuel company, No. 539 Broadway, telephone 126.

Mirth and Music.

Last evening the Jubilee singers appeared at the opera house before an enthusiastic audience. They are certainly wonderful, and one cannot listen to their songs without being thrilled. Their reputation is being wonderfully sustained, and the merits of their entertainments do not seem to lessen.

On Monday and Tuesday evenings the popular Irish comedians, Sheehan and Coy, are to appear at the opera house in "Grogan's Elevation," and promise to give a whole evening of solid fun.

On Wednesday and Thursday evenings "The Devil's Auction" occupies the opera house, and the assurance is given that the spectacular will be presented with more pleasing effects than ever before in this city. The company is a large one, and the mechanism is very elaborate.

Those who remember King & Franklin's tent shows last year will be glad to know that they are to appear again here May 29 and 30. There are many new attractions. Last season they gave the greatest show for a dime ever given in this city, and this season they promise to do still better for the public. The public will be glad if they give as many new entertainments as last year, and their tents will surely be crowded at every performance.

The Mueller Music Co. has the largest and best assortment of Baby Carriages, Wagons, Velocipedes and Bicycles in the city. Prices low.

Now Don't You Do It.

If you don't want to buy a house and lot, "don't see Tipton," because if you see his list and then go and see the cozy little homes he is offering so cheap and on such easy payments, you will be liable to do something you don't want to and it would make a change in business all around.

To Investors.

If you want to make a real estate deal that will double your money see Tipton's bargains on the Manawa motor line.

DRESS GOODS SALE THIS WEEK.

Eiseman's Peoples Store Offer Their Entire Stock of French Novelty Dress Goods at Half Cost of Importation.

At no time in the history of Council Bluffs or any other city in the west has there ever been such a sacrifice sale of clean, new and choice novelty suits as will take place at Eiseman's Peoples store during this week's sale. The goods were all imported this season, not one of them has been carried over as we make it a special point to clean out each season's goods in the seasons they are intended for.

Read the prices: Lot No. 1.—All of our combination suits sold in the early season for \$12, \$14 and \$18 each, will be given away this week for \$20 each.

Lot No. 2.—All the combination suits sold in the early season for \$18, \$20 and \$22 each, will be sacrificed at this sale for \$12.50 each.

Lot No. 3.—All the combination suits sold in the early season for \$12.50, \$14.00, \$15.00 and \$16.50 reduced to \$9.00 each.

All-wool dress goods reduced in the same proportion as are bound to make these goods move quick if low prices will do it.

Don't miss this great sale. Be on hand early and bring your friends with you. EISEMAN'S PEOPLE'S STORE, 314, 316, 318 and 320 Broadway.

He Gives Good Advice.

Yesterday after the bridge contract was let, one gentleman said to a cluster of other gentlemen: "Well, I am happy, I have from time to time purchased several pieces of property through J. G. Tipton's agency, Tipton would advise me to buy this piece and that piece, and I did so, and sometimes did against my own judgment, but it has all panned out right, and to-day I can take a handsome profit on any of my purchases. You can all have your own theory about Tipton's success, but I can tell you, that I think he knows all the time just what he is doing, and is honest enough to tell his customers what they ought to do, for their own good; that's the secret."

Chap storage in either small or car-load lots at Nos. 22, 24 and 26 Pearl street, J. R. Snyder.

WALKING

Advertisements!

EISEMAN'S

People's Store

Have tried all kinds of advertising in newspapers, books, by hand-bills, signs, circulars, etc., etc., but the most successful advertisement they ever put forth is a walking advertisement.

Have you seen them? Of course you have many a time. We refer to those walking advertisements so frequently seen on the streets of this city and all over the western country in the shape of one of our Suits with a man or boy inside of them.

What a splendid advertisement each one of these:

All Wool Suits, \$10.

We have a large stock on hand and they will talk for themselves. See them.

Four Button Worsted & Imported Corkscrew Suits

In all Shades, \$12.50, \$14.00, \$16.50, \$18.00 \$20 and \$22.

How they advertise us! It is true we don't make much on these goods, but it is a satisfaction every time we see a customer buy one, we know that he is ours.

The fit and satisfaction our clothing gives him will cause him to return for his next suit as well as advise his friends to do likewise.

We offer no bait with the hope of selling you something else when you reach our store.

The same principle of BIG VALUE for your money applies to every garment we offer.

Our tailor-made clothing has proven a blessing to mankind; the high-priced merchant tailor has been compelled to divide his trade and give us the largest share. Our tailor made clothing are made by the same men who work in custom shops.

In addition we will say that we carry more ready made clothing than all the other houses in the city combined.

Don't fool your time and money away, come to the Popular People's Store, where you get fair and square dealing and more than the value for the money.

Best quality grand army suits with buttons thrown in, at \$8.50.

ELECTRICITY

DR. RICHARDS' Electric Bath Rooms and Office

No. 607 Mynster St., Council Bluffs.

One Square North of the P. O. Building.

Treatment and Baths Given Ladies by Mrs. Dr. Richards on Tuesday, Thursday & Saturday.

Electricity is a remarkable natural agent which has long been known and utilized as a remedy for disease and continued experience has enlarged its sphere of usefulness and improved its appliances by which it is employed until its utility and virtue has become second to no other known remedy, in the treatment of certain forms of disease. This agent is employed here in all its most serviceable forms by the aid of large batteries, static machines, electric cabinet baths, electric water baths, the electric chair and electrodes for treating all parts of the body. We are prepared to do all that can be done with these great remedies. In cases of Rheumatism, Neuralgia, Paralysis, Spinal Irritation, Rectal Diseases, Nervous Disorders in females arising from Uterine disorders and many other chronic and subacute troubles, it stands at the head of all known remedies or methods cure. A thorough study of it for years and the successful treatment of hundreds of cases, after all other remedies had failed, is sufficient evidence of its great worth and perfectly satisfies us with its good effects on the diseased body. In the great hospitals and sanitariums of America and Europe, electricity is leading all other methods of treatment. In all leading colleges the professors are teaching electricity as one of the potent remedies and a special chair is appointed in many of them. Many of the ablest physicians of all schools are making a specialty of electricity to the exclusion of almost everything else. This great remedy has often fallen into disrepute by being recommended and used by persons, and physicians, perfectly ignorant of its properties and powers, who would as often advise and use the wrong current as the right one or depend upon it in diseases for which it is not adapted. We are sure that when the people become educated in the use of electricity for many diseases, with which the body is afflicted and find the great good therein, the medicines and patent righted nostrums upon which they now rely will grow old and dusty on the shelves. Electricity is nature's great remedy and to fully understand and skilfully apply it is our effort and aim in life.
