CHICAGO PRODUCE MARLET. CHICAGO, May 24.—ISpecial Telegram to the BEE. |- Last night, on the curb, the feeling in wheat was so very strong that the crowd, under Hutchinson's lead, were pay-8014@8014c for June, and 8814@8814c for July wheat. This morning they sold a cent lower. Some of the old heads remarked that the curb was seldom so strong that the opening the next morning was weak, yet the alarm was so general that last night there was very little realizing. The local rains and showery condition generally increased the number of realizers at the opening this morning. When it was seen that the clique was not in the pit this morning, there was a rush to sell by the smaller tailers, and great haste to short the market by the big bears. The receipts of wheat-410 cars, a very large share of which came in over the Chicago. Milwaukee & St. Paul and Chicago & Northwestern railroads-bore out apparently the prediction that the recent rail cut on the big grangers was going to bring a great deal of northwest wheat here at once. At 88c, however, the June option was pegged. There was just about as much bull news as ever for the outside. From New Orleans 163,000 bushels of wheat cleared for France yesterday. At New York an immense export business was going on, which promised as big results as yesterday's shipments from Minneapolis, only 67,000 bushels made it look as if the talk of 1,000,000 bushels starting from there this week was a big bluff. Then the estimates on to-morrow's receipts put the wheat car lots at 175, a big falling off from to-day. New York was full of sensational stories about the Chicago deal, but representatives here seem to be taking things comparatively comfortably. July declined to \$71\sc. August opened at \$51\sc. sold to \$55\sc. and down to \$51\sc. The leading futures closed the morning session

from ye to %c lower than yesterday.

Corn was again weak. Crop reports were all favorable and advices from the corn belt all favorable and advices from the corn belt indicated increased movement to the consuming markets. There was free selling by miscellaneous longs and at \(\frac{1}{2} \) \(\frac{1}{2} \) \(\frac{1}{2} \) celling decline. The shorts took hold freely, but the market closed tame at 1 o'clock at almost inside figures. July opened at 40\(\frac{1}{2} \) \(\frac{1}{2} \) \(\frac{1}{2} \) opened at 40\(\frac{1}{2} \) \(\frac{1}{2} \) \(\frac{1}{2} \) or oke to 40\(\frac{1}{2} \) c, and closed at that point. September closed at 42\(\frac{1}{2} \) c.

Outs were dull and lower. The decline of yesterday caused by rains and heavy reports

Closed at 42½c.

Oats were dull and lower. The decline of yesterday caused by rains and heavy reports seemed to discourage trading. May and June held their own at the closing prices on yesterday. July declined ½c and Angust declined ½c. May closed at 25½c. June opened and closed at 25½c. August opened at 27c, reached 27½c and closed at 27½c.

Provisions were quiet but weak and prices declined 2½@5c on lard and 7½c on short ribs and closed tame at inside ligures. The receipts of hogs were large and the indications favored an increased run for to-morrow. There was plenty of product offered but buyers were conspicuously absent. July lard sold at \$6.72@6.80 and closed at \$6.75. July short ribs opened at \$7.32½ sold to \$7.27½ and closed at 10 clock at that figure. Mess pork was slow at unchanged prices.

Afternoon Session—The wheat market was railed savagely on the afternoon board, June selling down to \$73%c and July to 85c. June closed at \$73%c and July at 86%c. The excitement occasioned by the raid was heightened by arrangement of the machinery of the "indicator," which made it appear that the market had broken 3c in thirty seconds. For once the crowd was too much for the clique, and took the market away from it. Corn was easy; June, 38½c bid; July, 40c; August 41½c bid. Oats were easier; May about 25%c; June, 28½c; July, 27c asked. Pork remained at \$2.00 for cash; in May or June there was no trading. Lard was quiet and steady, closing at \$6.62 % for May, \$6.55 for June and \$6.75 for July. Short ribs closed at 2½c lower, or at \$7.17½ for May, \$7.15 for June and \$7.25 for July.

CHICAGO LIVE STOCK.

CHICAGO, May 24 .- | Special Telegram to the BEE. |- CATTLE. -Business was rather slow and there was but little or no change in values as compared with Monday, if anything a shade lower as a general average. Stock on sale was better than Monday, and was selling within the same range of prices. The receipts consisted of about 6,000 natives and 2,000 Texans, the latter selling 10@15c lower than Monday. Native butchers' stock is on the down turn. From this time along until the close of the Texan season all manner of bulls, cows and heifers will have to be bought cheaper in the country to make any money here. The stocker and feeder trade was again dull. The sales made are barely worth mentioning. The pens were overcrowded with veal caives. They are selling at whatever prices salesman can get. Shipping steers, 1,350 to 1,500 lbs., \$4,25@4.55; 1,200 to 1,350 lbs., \$4,10@4.50; 950 to 1,200 lbs., \$3,90@4.30; stockers and feeders, \$2,80@4.10; cows, bulls and mixed, \$2,00@3.80; bulk \$2,60@3.00; slopfed steers, \$4.50; Texas grassers, \$2,90@ \$.25; feed cattle, \$3,35@4.05.

HOGS—Business was active with a slight upturn at the opening, later down again and closed about a nickle higher compared with that of the close yesterday. The Tobey & Booth sort cost \$5.05@5.10. A load or two of fancy heavy sold at \$5.12\cdot @6.15; light light, \$4.40 @4.50 to average about 140 lbs.; light assorted averaging 160 lbs. or better, \$4.70@4.75; Yorkers averaging 180 lbs. and under, \$4.85@490, dull. The sales made are barely worth mention-

FINANCIAL

NEW YORK, May 24 .- | Special Telegram to the BEE. |-STOCKS-The stock market was active to-day and from the opening the course of prices was in favor of being bearish. The severe raid of yesterday made buyers cautious and served to frighten a good many timid holders into selling. St. Paul & Duluth again electrified sellers with a sharp advance, but after a gain of 3 per cent it quickly dropped back to the opening price. The feature of the day, however, was heavy and there was a continued selling of long stock. Vanderbilt's and Grangers were offered so freely that the bulls made no attempt to oppose the downward tide. Northwestern broke 1 per cent, and the report was that a good many people, who have been identified with the long side heretofore, were elling out. Cammack was reported to have

been a large seller of Lake Shore, and in fact all of the large operators were represented as favoring a drop in the market. Connor, Gould's broker, was a large seller, and he claimed that he was going out of the market for a while. There was nothing new about rate cutting from the west, but the situation was regarded as critical and not much hope was entertained that the managers at their Thursday's meeting would be able to compromise matters. The latest London price were all off 1/2 to 1 per cent, exercising a decidedly weakening influence on Vanderbilt's and the Trunk line stocks. At noon the market was soft and the feeling very bearish, sales to noon being 118,000 shares. During the afternoon the market dragged heavily, nearly everything sagging off more or less. The news from the west was more than ever bearish, the traffic manager of the Burlington & Northern being quoted as saying that on June 1 that road would reduce the rates an all classes of business between Chicago and St. Paul 40 per cent. At the close the market was weak at a slight reaction from the lowest point of the day. The total sales were about 225,000 shares. GOVERNMENTS-Government bonds were

dull but steady. VESTERDAY'S

OMAHA LIVE STOCK Tuesday, May 24.

Cattle.

The run of cattle was liberal to-day, and as compared with yesterday, there was a gain of 400 head. The market was lower but fairly active, considering the heavy run of stock.

Hogs.

The receipts of hogs were heavier than for several months past. There were a few loads sold early in the moraing, before it was known that the receipts were so heavy, at nearly yesterday's prices. The general market, however, was 5@10c lower. The market was active at the decline, and everything sold readily.

There were a few in, but none reported Receipts.

H. Ford, Bromfield, a frequent shipper to the yards, was here and sold two loads of hogs.

J. V. Wedergreene topped the market with load of 318-1b barrows from his yard at Oakland, Neb.

Mr. Thompson, the well-known shipper from Council Bluffs, was here and marketed a load of hogs. E. W. Black, the well known shipper of Plattsmouth, was in with two loads of hogs and one load of cattle.

J. Farrell, a North Bend feeder, was here and marketed a load of cattle. Sixteen head averaged 1,239, and sold for \$4.00. T. B. Hord, manager Lance Creek Cattle company, was in with eight loads of corn-fed western cattle from the feed yards at Central City. One hundred and forty-three head averaged 1953 and brought \$4.20, the top of the market.

the market. It is to be doubted if in the history of these yards there was ever as heavy receipts of hogs that were all sold before night. There have been heavier receipts on a few occasions, but never was there as good a market

at the same time. Notice was given to the commission men that O. A. Dorrance has been appointed to act in the place of the president of the stock yards company. This will relieve Congressman McShane of looking after all the details of the business.

I. M. Jones was in with a load of hogs belonging to C. M. Sears, a very successful breeder of Poland China hogs at Aurora. There were 57 hogs, which averaged 307 pounds, and brought \$4.65, the top of the market. It pays to have good hogs.

D. Guerney, Alma, was in with five loads of corn-fed cattle that had been dehorned when placed in the feed lots. The object was to make them feed more quiet. Mr. Gurney is very much pleased with the experiment, and has reason to be proud of his success. They were about the inest bunch of cattle seen in these yards in a long time. They were sold to the Hammond packing house at terms withheld at the request of the purchaser.

OMAHA WHOLESALE MARKETS General Produce.

The following prices are for round lots of produce, as sold on the market to-day.

Eggs.—The egg market has been somewhat unsettled this week. As the receipts have not been heavy, the dealers have been trying to put the market up from 11c to 11½c. Only a few single case lots are going at 11½c, while the bulk is moving at 11c.

BUTTER—Choice butter is being sold at 14 @15c, while good butter is going all the way from 10@12½c. Common butter is being sold at 6@8c. ONIONS—The market is well supplied with new stock at \$4.50\pi.600 per barrel.
