ANOTHER ADVANCE IN WHEAT.

The Price Put Up in Spite of Enormous Receipts.

STANDARD OIL MEN IN TOWN.

More Proof That the Monopoly's Money is Backing the Cilque-Heavy Dealing in Corn-Market Quotations.

CHICAGO PRODUCE MARKET.

CHICAGO, May 31.- | Special Telegram to the BEE. |- Three days' receipts of wheat at this point aggregated 1,170 cars, and the estimated receipts for to-morrow are 680 cars. The exports from the Atlantic ports in wheat and flour footed up 3,242,600 bushels last week, but in spite of the enormous outgo the visible supply shows an actual increase of 190,(0) busnels. The cheap freights from the west and the high prices here have conspired to greatly stimulate the forward movement from the interior, and wheat is coming in this direction in a mighty stream. The St. Paul and Northwestern elevators are full, but there is yet plenty of room in other warehouses, the total amount of grain in store in this city being less than 22,000,000 bushels at the present writing. The enormous receipts, present and prospective, are having no apparent effect on the price of wheat for near delivery. June sold up 1c. and rested at 1 o'clock at 88%c, or %c higher than Saturday. July sold down from 85%e to 85%e, but closed at 1 o'clock steady at 85%@85%c. August and more deferred deliveries were weak and lower, but not slumpish. There was some activity in the first and last half hours of the long session, but the intermediate period was one of extreme duliness. After the first half hour of trading there was no raiding. It was known that Flaggler, the Standard oil millionaire, who is supposed to have something to do with the wheat manipulation, was at the Grand Pacille hotel, with three or four others who have been constant. with three or four others who have been connected by gossip with the deal, and it was also reported that Rosenfield & Co., Kershaw & Co., and Irwin, Green & Co., had been furnished with a large amount of funds. Statements that the Standard oil people came to Chicago solely to attend a railroad meeting, were received with smiles of incredulity. The crowd has settled down to the conclusion that Standard oil money is largely invested in wheat these days, and any little circlicumstances tending to confirm this view of the case are seized upon as convincing proof. Ex-Attorney General Brewster, who is also connected with the Standard Oil is also connected with the Standard Oil company, and Wilshire, the Cincinnati broker and capitalist, are also reported in

town.

There was heavy liquidation in corn to-day. There was heavy liquidation in corn to-day, that being the principal feature of trade, in fact. Two or three prominent local operators bought in shore lines of anywhere from a quarter to half a million bushels each and although the demand from this quarter seemed to steady the market in early dealings a weaker feeling prevailed after the shorts were filled up and a shrinkage in values of \(\frac{1}{2}\)\(\fr

tion of drought is effectually settled for the present, as the most general and soaking rains have fallen all over the west and south

present, as the most general and soaking rains have fallen all over the west and southwest during the past forty-eight hours that have prevailed since early spring.

Oats during the regular session of the board declined 1/2c for June and 1/3c for July, the August option holding steady and practically unchanged at around 26c.

The provision market commanded a little more attention than during the past week. There was apparently no increase in outside orders of any kind, but as tomorrow opens the new month, professional traders were busily engaged in changing over near—by contracts to July and August. In both lard and short ribs the changes from June to July were generally made at a premium of 12½c, and from July to August at 10c. Lard at 1 o'clock showed a decline of 5c and short ribs of 5/67½c. Pork for cash, May and June was quoted at \$23.50, a falling-off of 25c.

CHICAGO LIVE STOCK.

CHICAGO, May 31,-|Special Telegram to the BEE. !- CATTLE-Business was fairly active with a slight upturn on desirable light and heavy steers. Anything that was in any way "grassy" in appearance was fully as low as any time. Then, again, big cornfed rangers and westerns were no higher than last week. The only advance was on fancy light and medium native steers, some salesmen claiming such were about 15 higher than last week. Texans were plentiful and sold at a shade higher, especially such as suited the dressed beef trade. The local butchers' and feeders' trade has dwindled down to small proportions. There seems to be no demand from the country a present. FINANCIAL

NEW YORK, May 31 .- | Special Telegram to the BEE. |-STOCKS-All the active stocks opened very strong to-day, and before noon had scored a gain over Saturday's closing prices of M@1 per cent. Reading was especially buoyant and pointers were out in abundance declaring that the strongest kind of people had bought it for a big dvance. The Grangers moved up on Pacific reports from Chicago regarding the prospects of a settlement at the meeting of managers which is in session. There was no tangible development in this matter, but every one felt certain that the gravity of results which would follow from a rate war would deter the managers from taking a course likely to precipitate one. It was reported that the financial statement to be submitted to the di-

1 rectors of the Northwestern company at the annual meeting Thursday would show earnings equivalent to 13 per cent on common and preferred stock, and the prediction was made that common would sell up to 150 this year. The feeling among traders was represented to be generally bullish. Mr. Connor, however, was said to be bearish. London prices were all higher and arbitrage houses reported a good many buying orders for foreign account. The coal stocks were bull cards towards the close of the day. The meeting of the managers of the Granger roads produced no definite result, but the opinion was very generally held that the difference would be ultimately settled. Lake Erie & Western moved up a fraction on light trading. Fort Worth & Denver was about the only weak feature in the market. The rest of the list closed very strong at about the best prices of the day. The total sales were about 280,000 shares. GOVERNMENTS-Government bonds were dull but steady.

OMAHA WHOLESALE MARKETS

General Produce.

Tuesday, May 31.

The following prices are for round tots of produce, as soud on the market to-day.

BUTTER—Butter continues to arrive in very liberal quantities and far in excess of the dean and of the local retail trade. Local farmers and dairymen are bringing in a great deal of choice butter, which they sell direct to the retail trade, and this cuts off just so much from the commission houses. The great bulk of these receipts is selling at 100/212c, with the greater proportion at the Tuesday, May 31. 10@12c, with the greater proportion at the less price. An occasional package of the best is sold to the retail trade at 13@14c, but it has to be strictly choice to bring that price. The shipping demand is good and the ship-pers are able to keep the market cleaned up and prevent any accumulation of stock.

EGGS—The receipts have been a little more liberal this week in proportion to the demand than last week. The prevailing price has been 11c thus far this week, but stocks have been moving a little slow with a tendency to accumulate. Yesterday there was a weak feeling on the market and a good many dealers were looking for a dealing. Today dealers were looking for a decline. To-day, however, the receipts were heavy and eggs were selling generally at 11c, with round lots at 10½c. There are a good many state lots at 1014c. There are a good many state eggs received and shippers would do well to candle their eggs and thus avoid paving ex-press charges on stock that has to be thrown

press charges on stock that has to be thrown away on its arrival.

Live Poultry—The receipts of chickens are not heavy and the market is firm. Old fowls of fair size sell readily at \$3.25@3.50.

There have been no spring chickens in of any account this week. Good sized spring chickens would sell well. A few small ducks were received and sold at \$3.50 per dozen.

Potatoes,—There is a strong demand for old potatoes but very few coming in. On account of the scarcity of new potatoes, old potatoes are still higher than last week. Peas are being sold by the gardners direct to the trade at about \$1.00 per bushel. Toponions, per doz bunches, 10@20c; radishes, per doz bunches 10@80c; lettuce, per doz bunches, 30@35c; pieplant, per lb, 1¾c; cucumbers, per doz, 60@75c; wax beans, per two-thirds bushel box, \$2.50; string beans, per two-thirds bushel box, \$2.50; string beans, per two-thirds bushel box, \$2.50; string beans, per two-thirds bushel box, \$1.25; cauliflower, per doz, \$1.75@2.00; new southern beets, per dozen bunches, 50c.
