CHICAGO PRODUCE MARKET.

CHICAGO, June 9 .- | Special Telegram to the BEE. |- Wheat was excited, flighty and lower to-day. The market opened off and broke sharply from the beginning. June slipping from 92e to 89%c, July from 86e to 8514@851c. August from 831c to 82c, September from 82%c to 81%c, and December from 85% to 84%. As compared with yesterday's closings the break was 3% of or June and 10% 1% of or July and later months. The decline was so rapid and the sentiment of the crowd so very unanimous that nobody succeeded in getting rid of any very great quantity on the break. Sellers were numerous and buyers scarce. As the price approached the boxtom, however, the latter increased in numbers and strength, and the volume of trading became lar.e. Transactions in July multiplied and a great amount of property changed hands. A reaction less sharp, but quite decided, fol-lowed the slump. June was carried back to 92c, July to 86c, August to 823/c and September to 82%c. Thereafter, until the end of the long session, the deliveries following June were fairly steady but the undertone was weak, and at 1 o'clock the quotations were about midway between extremes, and the prevailing sentiment among operators and observers was one of chaotic indecision. In the aggregate the volume of business done during the long session was very heavy. The during the long session was very heavy. The fluctuations in June were sharper and more frequent than in later months, and in this case the agitation was the greatest where there was the least action, for there was a limited trade in June. The price changes during the last two hours were within the range of 92/2/93%. July was the active month. It was the common belief that the allowed head beautiful line. July was the active month. It was the common belief that the clique had bought a large line for July delivery, but there was no direct evidence to that effect, the recognized clique brokers doing nothing. The Chicago elevator capacity is now plugged to its limits, and between 1,100 and 1,300 cars of wheat are on sidetracks by the latest estimate.

sidetracks by the latest estimate.

There was a little more doing in corn to-day, speculation being rather larger than noted yesterday, but the general tone was one of weakness. Business was mainly of a local scalping character and the country orders received were generally from parties who were desirous of covering their short sales of July and selling longer futures against corn in crib. The opening prices were fractionally lower than yesterday's closing, but during the first bour the market displayed temporary strength, July improving from \$996394c on the split to \$9946394c, and August from 404c to 404c. This was the top. Throughout the remainder of the session the tendency was downward, and at 1 o'clock there was an easy closing at 37%c for o'clock there was an easy closing at 373/c for June, 395/c for July, 40c for August, and 405/c for September, making a decline of

o'clock there was an easy closing at 37%c for June, 39%c for July, 40c for August, and 40%c for September, making a decline of 360%c.

Oats for this and next month's delivery were in very good demand and stronger. June closing at 25% or %c higher. New corn futures, on the other-hand, were offered more freely and ruled weak, August and September resting at 25%(@26c on the split at 1 o'clock. July opened at 26%c, sold to 27%c, and closed at 26%@26c%c, sold to 27%c, and closed at 26%@26c%c.

In the provision market the improvement witnessed yesterday was more than sustained. In the active lines—lard and short ribs—short ribs attracted the principal attention, though in lard trading for forward delivery exhibited fair freedom. From the start short ribs were particularly active. Parties who had unloaded or sold short on the Florida yellow fever scare were again urgent and liberal buyers, and higher prices prevailed, the 1 o'clock closings showing an actual advance of 10c. Lard was strongly held and rested at an appreciation of 2%c. In these articles the active deliveries were July, August and September, with a fair movement in October lard. Pork was held firmly at \$23.00 for June delivery.

AFTERNOON SESSION—On the later board Kershaw sold Rossenfeld between \$,500,000 and \$,000,000 bushelt of June wheat around \$224c. This is supposed to have been the

CHICAGO LIVE STOCK.

CHICAGO, June 9 .- | Special Telegram to the BEE. |- CATTLE-Business was fairly active, with little or no change in price as compared with the past three days on good to choice corn fed steers that suited the trade. Grassy stock is coming in freely and, as usual, buyers discriminate against the same at every turn. There are no fixed values for this class, the price being at what the buyer may fancy. Texans were not as plentiful as may fancy. Texans were not as plentiful as yesterday and sold a shade higher. Common native butcher stock is away down and is likely to remain very low the remainder of the summer. The stocker and feeder trade is dull and depressed. Veal calves are selling fairly well. Hous—The market was active with a slight upturn on good mixed and best heavy. Light sorts are scarce and in demand. Packers were the principal buyers. Common mixed, \$4.75(4.85: best mixed, \$4.90(5.10; prime butcher weights and best assorted heavy, \$5.15(35.20; Yorkers, \$4.75(4.95.

FINANCIAL

NEW YORK, June 9.- [Special Telegram to the BEE |-STOCES-It was evident this morning that the stock market had yielded very stubbornly to bear hammering and this strengthened the belief among the more sanguine that when the reaction comes prices will go higher than they were before the decline set in. It is true that the feeling among traders and operators last evening was bearish. It was admitted that the short interest had been increased but in the absence of any buil leader it was thought prices might go somewhat lower before a turn. When Western Union investors did not part with the holdings realization by traders operating for a quiez turn caused weakness all through the list, and this was in spite of the favorable showing of Western Union to pay a dividend of 4 per cent the current year. The fact is, the men had been already pretty well discounted. The dividend had served as a sustaining force sufficient to put up many stocks, although it did not im-prove Western Union itself. Indeed trading yesterday afternoon looked more like manipulation for lower prices than like inherent weakness. The large railroad earnings are looked upon as sure to turn the tide of speculation as soon as the temporary influences have been expended, in which event the heavy short interest is calculated to make the advance a sharp one. The sales to noon were only 91,500 shares. Later advices from London showed that Americans had about recovered from yesterday's decline. It was especially notable on Eric, Lake Shore and St. Paul. Pacific Mall was one of the actives, opening strong. Its friends say that it is a good purchase, and predict a divided this summer. Bull points were circulated on Louisville, and cotton seed was a favorite for a while. The impression prevailed that a heavy short interest had arisen in New England, and that it will be twisted when the market moves. Toward noon the market gained in strength, with a spurt in St. Paul & Duluth which gave life trading. Denver made a good rise, but the heavy short interest is calculated to

A SUDDEN SLIP IN WHEAT. the general list improvements were only fractional. Less apprehensions of tight money within two or three months are ex-pressed than have recently been entertained, to which feeling the duliness of foreign exchange is encouraging, all advices indicating that active money on this side would lead to large shipments of gold from London. The improvement in leading stocks after the first hour — such as St. Paul, Milwaukee, Northwestern, Omaha, and Reading-was 1/2% per cent, after which they yielded slightly and closed rather soft. The market might have been stronger and more active to-day, but the yacht race drew away many operators. Cammack is reported to have covered 5,000 Western Union, and the market sagged after his brokers stopped buying. The total sales for the day were 154,096

Cattle.

Thursday, June 9.
The receipts of cattle were not as heavy today, but in addition to the fresh receipts
there were a number of loads that had been
left over from the day before. There was
very little change in the market, cattle selling about the same as yesterday. A good
many cattle changed hands before the market closed, although the market was a little
slow.

Hogs.

The run of hogs was lighter again to-day although the receipts are still heavy. In addition to the fresh receipts there were 450 stale receipts, making a total of over 5,600 on the market. The market was delayed somewhat in the morning on account of the number of hogs which had been left in the yards by the packers and which impeded the unloading of the fresh arrivals. There was a good demand and everything was sold before the market closed, at prices about steady with yesterday's close.

Sheep.
There was nothing doing in the market. Receipts.

Cattle steady. A good many strangers in. Hogs steady with yesterday's close. James McEndeffer, Mason City, Neb., was in with two loads of cattle.

Mr. Jarrett, Dunbar, came in with four loads of cattle, which brought the top price.

A. Agnew, of the firm of Agnew & Wilson, Hubbell, Neb., was here with a load of hogs. James Courtier, Carson, Ia., a frequent shipper to this market, was in looking over the market.

H. G. Gremaer, St. Paul, manager of the Oskosh cattle comprny, was among the visi-tors at the yards. Mr. Anthony, Iowa City, Ia., came in with two loads of high bred feeders. It is his first trip to these yards.

A. W. Beahm, of the firm of Trekell & Beahm, Cortland, an old shipper to these yards, was in and marketed a load of hogs.

Sihppers are generally well satisfied with the way in which the hog market has held up during the heavy run of the past few days. Mr. Fall, of Fall & Spencer, Silver City, Ia., stopped off at the yards on his return from Kansas, where he has been looking at land. He is a heavy shipper here.

THE CHICAGO AND NORTH-

SHORT LINE

Council Bluffs And Chicago

The only road to take for Des Moines Marshalltown, Cedar Rapids, Cliaton, Dixon, Chicago, Milwaukee and all points east. To the people of Nebraska, Colorado, Wyoming, Utah Idaho, Nevada, Oregon, Washington and California. It offers superior advantages not possible by any other line.

Among a few of the numerous points of superiority enjoyed by the patrons of this road between Omana and Chicago, are its two trains a day of DAY OACHES, which are the finest that human art and ingenuity can create. Its PALLOR BLEEPING CARS, which are models of comfort and elegance. Its PARLOR DRAW-ING ROOM CARS, unsurpassed by any, and its widely celebrated PALATIAL DINING CARS the equal of which cannot be found elsewhere At Council Bluffs the trains of the Union Pacific Ry. connect in Union Depot with those of the Chicago & Northwestern Ry. In Chicago the trains of this line make close connection with those of all eastern lines.
