The Ogden Attached.

The recent purchaser of the Ogden house, M. S. Stout, yesterday had an at-tachment issued against the furniture of the Ogden belonging to Mr. Niman, the one who has run the hotel for the past year, and immediately thereafter some ten or a dozen other writs were issued, but are not yet served. It appears that J. T. Baldwin, the ex-owner of the hotel, has a lirst mortgage on the furniture, while B. Silloway, the ex-lessee, has a second mortgage which is in litigation.

Colonel Sapp, as attorney for Niman, notified them that the house could no longer be run in the name of Niman, he having left the city several days ago. Mr. Stout wished the hotel to be managed by George T. Phelps, the manager under Niman, until he could rent the hotel and get a purchaser for the furniture. Mr. Phelps left the management Wednesday and yesterday an attachment was issued for the balance of rent due until the expi ration of the lease August 1, 1888, Mr. Stout thereby hoping to keep the hotel

open.
The first mortgage of J. T. Baldwin, which was given as purchase money, was extended a year when Himan bought out extended a year when Himan bought out Silloway, and eight notes are still due. In all probability this mortgage will be foreclosed to-day, in which event the hotel will probably be closed.

The attachment of Mr. Stout is for about \$8,000 and if the mortgage of Baldwin is foreclosed garnishee proceedings will then be begun by the creditors of Niman for the amount of their bills.

The Informers' Cases.

The hearing in the cases of A. P. Mc-Leran and H. Darville, the two saloon informers of Council Blufts who tried to sell out to the saloon men and who were arrested in Omaha and put in jail for accepting bribes, come up yesterday in Omaha.

Attorneys Sims and Zink were present for the defense, or prohibitionists, while George S. Smith, of Omaha, and C. Hal-dane appeared on the part of the state, or saloon men.

Some testimony was taken, and the judge bound the defendants over to the September term. It is now supposed that an attempt will

be made to obtain their release on a writ of habeas corpus. Other warrants have been issued for these men in both Council Bluffs and Omaha and should they once reach the fresh air, it will only be momentarily, the prohibitionists, as well as the other side, having sworn out warrants.

DELAY IN THE MOTOR LINE.

John Lindt Prosecuting a Saloon-A Move For a Chautauqua-A Fire Patrol Needed-Personal Mention-Brieflets.

The Cedar Rapids Visitors.

About thirty gentlemen from Cedar Rapids visited this city yesterday morning. They were en route to their homes, having come from Sioux City where they went with the Cedar Rapids fire department. On arriving at Missouri Valley they concluded to visit Council Bluffs and Omaha, and their special train of three cars was therefore run into this city very unexpectedly. The first to note their arrival was a BEE representative. They were introduced to Mayor Groneweg in the city jail building and members of the city council were telephoned to, but none of them could be found except Alderman Lucius Wells, who left his business immediately. Several business men joined the party, and the visitors were taken in coaches about the city. They concluded their ride about 11:45 o'clock in order that they might take their dinner and spend the balance of the

day in Omaha.

The party comprised what is known as the fire police of the fire department, and is composed of business men and for the purpose of protecting property at any ire in the business portion of the city.

Among those present were Mayor C.
W. Eaton, of Cedar Rapids: J. C. Stod-

W. Eaton, of Cedar Rapids: J. C. Stoddard, city treasurer, and Alderman William King, besides the following gentlemen of the fire police: Captain, J. J. Snouffer; First Lieutenant, J. H. Smith; Second Lieutenant, C. E. Putnam; J. L. Bever, J. D. Mateer, J. S. Anderson, G. W. Smith, L. Benedict, P. C. Frick, F. C. Olmsted, M. A. Higley, A. C. Taylor, C. H. Clark, A. T. Averill, W. K. Taylor, A. S. Laurance, E. K. Larimer, John S. Ely, C. W. Townley, W. P. Henderson, J. W. Augsburg, C. B.

Among the honorary members present were J. W. Henderson and P. Mullaly. The gentlemen were easily distin-guished from the citizens of Council Bluffs by the neat gold star borne on the breast of each, upon which were the letters "F. P."

B. Silloway, tormerly proprietor of the Ogden house in this city and an old hotel man of Cedar Rapids, was with the party. Mr. Silloway has just taken a European

hotel in Chicago.
It is to be regretted that the club was not prepared to receive and care for these distinguished visitors. As soon as the club rooms are finished and the organization is in working order such ocng such an organization to welcome and entertain visitors. They took their special train for home

last night. It was composed of the sleepers Dixon and Illinois besides a bag-

A Fire Patrol.

The presence of the Cedar Rapids visitors suggests anew an organization talked over here some time ago, but which never materialized. That is an organization of business men to assist in cases of fires occurring in the business portion of the city. In many cities the business men, as in Cedar Rapids, have an organization to assist the fire department, and to especially look after stocks of goods and other property while the fire department is fighting the flames. In the removal of stocks of goods, in protecting them from water and guarding them against sneak thieves the judgment and responsibility of business men is a valuable help to the fire depart-ment. In cities not large enough to afford a paid patrol corps these volunteer organizations are very valuable. They prove of great help in times of fire, as they look after the property, protecting it, and serve as a special police force, while the fire lads devote themselves to the work of subduing the flames. The Cedar Rapids organization is composed of the leading business men of the city. They are naturally greatly interested in the fire department and its efficiency. By their rules the company is divided into first squad report to their comof the first squad report to their commanding officer at the right of a burning building; those of the second squad at the left, and those of the third at the front. Thus every man knows just where and to whom to report in time of need.

They Want a Chautauqua. Some time ago a move was started for the organization of a Chautauqua, or

Sunday-school assemblp, to be held here annually. The move was allowed to stop, but an attempt is being made to revive interest in it and push it to a successful completion. Such an assembly held here, with all these railway advantages, would cause thousands from all directions to come here to attend the exercises, and to enjoy the lectures and entertainments. There are a number of desirable sites and natural amphitheaters which could be arranged with comparatively little ex-pense. A meeting is to be held this evening at the Y. M. C. A. rooms for the purpose of talking up this enterprise. All are invited, and especially the business men. There seems to be no reason why the enterprise could not be as successfully conducted here as in other places not having nearly as great advan-tages. If the business men take hold of it, it can be made a great success, and would result in having thousands of vis-itors here for several weeks each sum-

A New Prohibitionist.

John Lindt appears in a new role. He has not been known as a very earnest advocate of prohibition, but he now steps into the courts both as prosecuting attorney and complaining witness. He torney and complaining witness. He has made complaint that Mr. and Mrs. William Bohning not only keep a place for the sale of intoxicating liquors, but that they actually sell them. A warrant was issued by Justice Barnett, and the case was called yesterday morning. Mr. Bohning had secured attorneys to defend the case, but the attorneys were busy with other matters, and wanted the case continued until the 15th. Attorney Lindingisted on a speedy hearing, and as a insisted on a speedy hearing, and as a compromise the justice continued the case until this morning, in order for the defendants to have time to secure attorneys who could attend to the case at

Another Short Stop. Yesterday a letter was received from K. Graves, the Manawa motor man stating that the rolling mills in West Virginia which were turning out the

steel rails for the motor line had broken down, and a delay of from three to six days would be occasioned by the break. Had it not been for this delay he expected all the rails would have been here before the end of the week.

It is hoped that everything will be in readiness to have the line open by the

HEARTLESS CRUELTY.

4th of July.

Few persons realize how thoroughly they are controlled by prejudice even to their own disadvantage. For many years the treatment for rheumatism, neuralgia, sciatica and headach has been by some outward application, and therefore, without stopping to think that the origin of these trouples must, from necessity, be internal, the weary sufferer continues to rub, rub and find no relief. Athlophoros is taken internally, and as a proof that this is the correc principle, it cures surely and quickly. The statement of those who have been cured

ought to convince the incredulous.

Palmyra, Neb, August 3d, 1886.

I believe I have been greatly benefitted by Athlophoros. I keep it in the house all time, and if I feel a twinge of theumatism I take a dose. I have not had to take any for months, and hope I am permanently cured. I have not hesitated on recommending it largely and have helped others with it. REV E J BIRD.

Mrs Geo Hoffman, Cedar Falls, Iowa, says: "My husband was cured of rheuma tism by the use of Athlophoros. Three bottles of that medicine cured him entirely so that he has not had an ache from rheumatism since, and that is now over a year ago. For twenty years previous there was never a time that he was free from pain. Doctors nor medicine could drive the disease away. With the sciatic rheumatism in his right side the doctors said he world always have it and they did not think there was any curc. He was suffering very much from a severe attack when Athlophoros took hold of the disease at once, and by the time he ad taken three bottles he was entirely

and consequently incurable. It is impossible to de-scribe her sufferings. Her body from the crown of her head to the soles of her feet was a mass of decay, masses of siesh rotting off and leaving great cavities. Her fingers festered and three or four nails dropped off at one time. Her limbs contracted by the fearful ulceration, and for several years she did not leave her bed. Her weight was reduced from 125 to 60 lbs. Perhaps some faint idea of her condition can be gleaned from the fact that three pounds of Cosmo-line or ointment were used per week in dressing her sores. Finally the physicians acknowledged their defeat by this Black Wolf, and commended the suf-

line or ointment were used per week in dressing her sores. Finally the physicians acknowledged their defeat by this Black Wolf, and commended the sufferer to her all-wise Creator.

Her husband hearing wonderful reports of the use of Swirt's Specific (S. S. S.), prevalled on her to try it as a last resort. She began its use under protest, but soon found that her system was being relieved of the poison, as the sores assumed a red affil healthy color, as though the blood was becoming pure and active. Mrs. Balley continued the S. S. S. until last February; every sore was healed; she discarded chair and crutches, and was for the first time in twelve years a well woman. Her husband, Mr. C. A. Balley, is in business at 17% Blackstone Sirect, Boston, and will take pleasure in giving the details of this wonderful cure. Send to us for Treatise on Blood and Skin Diseases, malled free.
