BARGES TO THE SOUTH.

A Plea in Favor of Them on the Mis

souri by Joe Barker.

Omaha is practically discriminated against by all the roads and in favor of

a number of little towns in the interior, which hurts materially. Not only that

she suffers by comparison with the advantages of other river towns. Under the inter-state law, it is allowable for railroads to discriminate in

favor of river towns which have water

lines of competition. That is to say, these towns are allowed lower rates be-

cause water rates are so low compara-

tively that to be prevented from discrim-

inating would ruin the trade. Now Omaha is on a river, the last river to-ward the west. She is the last town on

the river. This stream is navigable. It is deeper now than it ever was before. It

s straightening itself year by year and h capable of carrying from us to the south, and all over the country, our grain, stock

and produce, and in turn would enable us to receive iron from Pittsburg without coming by way of Chicago, and coal di-rect, at rates which would compel the roads to do something in our favor. We

could thus become a manufacturing center. We would thus be placed on a

par with the other river towns, which now enjoy the advantages which are de-nied to us. St. Louis is now shipping by

the means in question to the east. The trip is made in from eight to fourteen days and with results which are worthy of commendation. It would take per-

aps a million dollars to procure the barges and necessary steamers, but that would be less than it would take to de-

rive the same benefits from a railroad.

COMMENCEMENT EXERCISES.

Hung From the Transom-The Board of Public Works-Court News-Barges For the Missouri -Other Local.

Brownell's Last Day.

The commencement exercises Brownell hall took place at the chapel of that institution at 10 3) o'clock yesterday morning. The chapel was comfortably crowded by friends of the pupils and representative citizens. In admirable order the fair pupils marched into the room and taking a position in front of the stage rendered. "Down in the Dewy Dell," a beautiful chorus with fine effect. The Misses Cowdry and Klinker gave an instrumental duett—"Spanish Dance"

-which elicited great applause. Miss Nellie Gandy read an essay en-titled "The Alchemy of Life," which showed a commendable depth of thought and research.

and research. An essay—A Study of Frank Stockton, the Author — read by Miss Cornelia Thomas, was a pleasing criticism of the author's work, written in the most pleas-ing of veins, and winning for its fair au-thoress rounds of applause. Miss Elizabeth Hall's "Sketch of At-lantis" was brimful of historical games.

lantis" was brimful of historical gems. It bore evidence of great labor and research on the part of its authoress in its preparation and was listened to with the deep-

est of interest. Miss Florence Ayers portrayed the "Slaves of To-day" in a very creditable manner which betokened a vast amount of observation and study on her part, and was met with merited applause.

A very pleasing paper—"Tis better to laugh"—was read by Miss Flora Castette and was full of wit and wisdom. It was well received. The valedictorian, Miss May Royce,

rendered her part-Scott's word painting --with beautiful effect. Her validictory was a most touching one of eloquent ex-pressions of regard and gratitude to tu-tors and pathetic farewells to school and class mates.

The rendition met with the greatest ap-

plause. The musical part of the programme The musical part of the programme was excellent. A piano solo by Miss Flora Castetter was well received. Miss Eva Murphy's solo, "The Enchantress," was a fine effort, and Miss Hall's piano solo was excellent, as was also that of Miss Lub Kurasa Miss Lulu Burgess.

The participants in the exercises were severally presented with beautiful bo-

At the close of Miss Royce's address the rector announced the award of prizes and medals, which were distributed as follows:

A LONG LANE He Gets & Turning from Mr. Long of The School Board.

"What brought Mr. Lane, state superintendent of education, to this city, on Saturday last, Mr. Long?" asked a BEE reporter of that member of the board of

"There are two things of prime im education. "He comes here to be revenged on portance that Omaha ought to secure,' Conoyer, because the board some time said Joseph Barker yesterday. "One of them is the bridge of the Nebraska Cenago turned him out for incompetency. Ever since he has not been able to do tral, and the other is a barge flotilla for much, though since he became superinthe Missouri. If the bridge should not tendent of education in the state he has be secured, it would be a serious blow to the progress which is now being made been doing a great deal to get even. He as a consequence of the news that the is responsible, he and Joe Redman for some of the blunders and inconsistencies in the present school law," Milwaukee road was coming. The barge line, however, I think is almost as im-portant a matter for our consideration.

'Name some of those. "Well, both of them offered amend-ments to the bill, and one of these attracted the attention of certain members of the board. One of the clauses prowided for the retirement of all the mem-bers of the board, which would have been a plain way of settling the difficulty. Suddenly the morning papers brought us the news that an amendment or substitute had been offered for that providing for the election this year of nine mem-bers. As soon as we learned of this, H. G. Clark and Mr. Conoyer telegraphed Senator Lininger to hold the bill until they could see and talk with him, on the they could see and talk with him, on the matter. Conoyer and Clark went to Lin-coln, but it was too late. The bill had gotten beyond the reach of Mr. Lininger. That gentleman, however, as soon as he received the telegram of Clark and Conoyer, went to Lane and asked him what effect the amendment would have. Lane told him it was all right, and to let the bill go ahead, and here's the result of it. Subsequently, Conoyer saw Lane and asked him if he did not know that the original clause contemplated doing away entirely with the old board, while the substitute left the matter in doubt as to whether all

the members retired or not. Lane re-plied that the intent of the law was that all the old members should retire, and he would so hold if the matter should ever be called in question. Now, Lane holds to nothing of the kind. He maintains that six of the old members hold over."

"What brought Leese here?" "To prevent this matter going into the district court. They heard out there that we were going to mandamus the board in the district court, and the move on the supreme court was made to try and shut It Holds Another Important Meeting us off. But although the matter has been argued, suppose it should be six months before the case should be disposed of, do

A Bargain.

I have for sale at a bargain 20 acres situated on the main line of the B. & M. R. R., and near the new South Omaha depot at the terminus of the dummy line. Plenty of good, dhear spring water, and an elegant grove of native timber, suitable for a summergarden. W. G. ALERIGHT, 218 S. 15th st.

The Fire Department.

Fire Chief, Galligan has received fifteen applications so far for positions in the fire department. There is but one vacancy to fill. There are forty-seven men in the department, and the chief said yesterday that two more companies are already needed. At the rate the city is increasing the fire department will with the next year need a large increase in facilities and men.

Beginning to Move.

The John Derk's Manufacturing company yesterday commenced to move their machinery and other effects from Council Bluffs to the new plant in West Omaha. Four car loads were started yesterday.

Why Lie About the Dead? Омана, Neb., June 14.- To the Editor of the BEE: Why do some newspapers unnecessarily lie about the dead? I am led to ask this

question by the Herald's notice of James G. Chapman's death. Among other complimentary things said about Mr. Chapman was this: "He had been identified with the city's growth and progress as

actively as any other one person. Anyone who has known Mr. Chapman for the last twenty-five years knows that statement to be wholly untrue. The only way in which Mr. Chapman was identified with Omaha was by his long residence here, during which he did little or nothing to build up the city, yet the Herald thus falsely eulogizes him: "A man of large wealth he was always ready to aid public or private enteprise calculated to add to Omaha's prosperity. And his death will cause profound public sorrow."

James G. Chapman was a friendly ac-quaintance of mine. I have not criticised the Herald out of any ill-will towards the deceased, but have done so to show the injustice of such false eulogizing. It is not doing the fair thing to those who really descrve praise. It gives no encouragement to the living to lead lives which will entitle them to praise after death. It simply shows that they will be

eulogized just the same on the false principle: "Say nothing but good of the dead." OLD SETTLER.

TYPES ARE STUPID

When we want them to tell a convincing story about our clothing. The types will tell you that the prices are the lowest in the city, but an examination of the garments alone will convince you how good they are, and that they are really sold far below their value. Our stock is unquestionably the largest and most comprehensive in the city and is not exceeded in extent or variety by those of even the most important houses in the east. Knowing we have a large trade and perfect facilities, manufacturers and importers give us first choice on lots on which they are overstocked, and which they have to sacrifice. If the goods are strictly desirable we command the lowest prices by paying prompt cash, no matter how large the lot. The system of selling every article at a very small profit and marking down at even less than cost, those goods which do not move quickly, is a ruling principle of our business.

Today we are opening several lots of flannel and mohair coats and yests, bought at about one half the price that was asked for them early in the season, and we have marked them accordingly.

All goods marked in plain figures and at one price.

1308 FARNAM STREET.

Pelley. Bishop Worthington then delivered the diplomas to the fair graduates, after which Gloria in Excelsis was rendered, and the

exercises were over. The class of '87 are as follows:

Helen Florence Ayers, Dakota City; Flora Castetter, Blair; Mary C. Thomas, Falls City; Nellie Gandy, Humboldt; Elizabeth G. Hall, Omaha; Alta M. Royce, Papillion.

During the past year the pupils num-bered ninety-six. The prospects for the school for the coming year are very flattering. Many improvements are being made to the already beautiful building and grounds, and a larger number of pupils are expected to be enrolled at this excellent school next year than ever before.

Brownell's Art Class.

Under the instruction of Miss Seyer, the art class of this school has progressed wonderfully in the past year. The exhibit of this year is a most gratifying one and betokens the most careful study on the part of the pupils and dilligence and care on the part of the teacher. Qu.t. a number of pictures graced the art rooms, all painted by the hands of the pupils of this institution. Miss Finch received the medal of this class, which was granted on the basis of improvement. The fol-lowing are some of the exhibits: Dor's Head coraro, Donkay's head

Dog's Head, crayon; Donkey's head, crayon, after Rosa Bonheur, by Miss Curtis.

Italian Shepardess, painting; Italian girl, life size; Breast-plate, decorative, Miss Finch. Italian Shepardess; The Kissing Toll,

painting, Miss Bradt. Othello and Desdemona, painting; Marine Scene, in charcoal, Miss Clark. The Offer of Marriage, by Miss Holloway.

Mignon, a pencil sketch, by Miss Klinker. Flower Studies, by the Misses Eaton.

The Reaper, a pencil sketch, by Miss Carrie Thomas.

The Call to Dinner, pencil, by Miss Edee.

The reception which was to have been held last evening in Brownell Hall by the graduates was dispensed with on ac-count of the illness of Rev. Mr. Doherty's child. The little one is quite sick, but will fully recover in a few days.

B HUNG FROM THE TRANSOM.

The Fate Selected by Leopold Greber Yesterday Morning.

Yesterday about 10 o'clock Leopold Greber was found dead, suspended by a rope from the transom of the door leading from the hall to the front room of his residence on Twentieth street between Burt and Cuming streets. The body was discovered by a couple of neighboring women, who immediately notified some of the passersby and finally called in Dr. R. C. Moore. This gentleman cut the victim down. Coroner Drexel was notified repaired to the house. He empanelied a jury, consisting of Henry Osthoff, Charles Koles, James Allen, M. A. Beek, Henry Cook and John Bailey. The verdict returned was that the deceased had come to his

death from hanging. Greber was a man about thirty-eight years of age. He had been employed as city salesman for Boiln & Sievers, and city salesman for Bolln & Sievers, and yesterday morning returned to that firm a check which he had collected for them. Greble had been drinking before his sui-cide, and but ten minutes before it took place he had been seen by his wife, who
