in the way of the future growth of the city and South Omaha.

Situated between the two valleys of the Papillion, it occupies the key to the future railrond building in and out of the city and the Stock Yards. The Missouri Pacific Railway alrendy runs alongside the entire length of it, and the stakes are aiready driven only a few rods away for the Fremont, Ethorn & Missouri Valley Railrond.

The Northwestern, Chicago, Rock Island & Pacific, Chicago, Miwauxee & St. Paul and the Wabash will be in Omaha in a short time. Every road entering Omaha will seek an entrance to Sauth Omaha and the Stock Yards and an outlet to the great West. Suburban trains are promised on the Missouri Pacific this summer out as far a Seymour Park every two or three hours during the day. This will enable the laboring man as well as his wealthy neighbor, to get in and out of the business center of the city by a fifteen minute's ride, and make this property casier of access than lots half way between, which cost four and five times the money, only accessible by slowgoing street cars or on foot.

Call and let us show you this property, and if you are not satisfied it is as safe and sure a chance for a big profit as anything on the market, you need not buy. Remember what has been made on acre property during the past year. There is only a limited number of these acres and first comers will get the choice. Carriages will be in waiting to take out all who wish to see this property.
