### Notes. Society in Omaha.

It was with characteristic wisdom that nature made the earth so various, in order that man-desultory, studious of change and pleased with novelty--might be indulged. To everyone a change of scenes and employments is necessary for the preservation of health, but to none more so than to those whose entire winter has been spent in the gaieties of the social world. These weary members of a circle that knows no cessation to its whirl or freedom from its caprices, save that refuge found in a lodge in some vast wilderness, are fully entitled to the rest which they will seek. This season the fashionable summer resorts will be crowded with Omahans who are fortunate enough to be able to foot expensive bills and give frequent "tips," while the "willowy brook beside the hill," with boarding houses operated by people content with making only a small for-tune out of summer boarders, will be vis-Many have already departed and daily departures take place, and soon Omaha will be represented in all parts of the

globe with rest-seeking citizens. The past week has been an agreeable one in home society, several very inter-esting events having occurred. The cool evenings for which the Gate City is noted, tend to bring out many pleasant events during the warm weather among those who remain at home.

#### The Colpetzer Musicale.

A delightful event was that which occurred Thursday night at the residence of Mr. and Mrs. Frank Colpetzer in this city. The occasion was a benefit tendered by the genial host and hostess to the organ fund of the First Congregational church. The spacious parlors were crowded with a fashionable audience which listened to the excellent programme with that cordial appreciation or which our society is noted. The following was the programme:

Duet.... 1 Pescatori Mr. Young and Mr. Brigham. Quartette.....'Hark ! 1 Hear a Voice'' College Giee

Lotus Gles Club. Soprano Solo, Qui la Voce (I Puritani) Bellini Mrs. Lyman. Baritone Solo "Even Bravest Heart" (Faust)

This was the first appearance of Mrs. Lyman before an Omaha audience and by her many graces the accomplished lady won many friends. Possessing as she does a rich sympathetic voice—a pure soprano-Mrs. Lyman is destined to advance in musical circles and Omaha is, indeed, to be congratulated on this acquisition to its social ranks. In her ap-pearance at Mrs. Colpetzer's she was greeted with the greatest applause and the feast she laid before her audience was highly relished by all. In the duet with Mr. Bingham, "Una Notte in Veni-zia," Mrs. Lyman did herself full justice

Nothing could be more appropriate than

The other day I came across a time-worn volume of "Recollections of Lafay-ette," by a Frenchman who was to him

what Boswell was to Johnson. The book

has long since been out of print. It was published during the presidency of An-

drew Jackson, and at about the time of Lafayette's death. The author describes

Lafayette as being exactly like the pic-ture which hangs in our house of repre-

sentatives. He was tail and well propor

tioned, portly but not fat. His head was

large and his face oval and regular. His

forchead was lofty and open and his eyes were large and prominent. They were of a grayish blue and full of goodness and spirit. They were surmounted with light and well arched but not bushy eye-

brows. His nose was aquiline, his mouth smiling, his complexion clear, and his

cheeks rosy. At the age of seventy-seven not a wrinkle furrowed his countenance.

He had a strong and vigorous constitu-

tion and kept his good health to the last.
