# THE OMAHA DAILY BEE: SATURDAY. JULY 16. 1887.

Attorneys at Law.

ctice in the State and Federa Courts Rooms 7 and 8 Shugart-Beno Block.

COUNCIL BLUFFS

Both Domestic and Foreign.

The normal institute now in session at the Bloomer building had an enrollment of 215 yesterday. President Brooks, of Tabor, was among the visitors Thurs-day. To-day there will be no sessions. Superintendent McNaughton would like to have a call from the parents of the scholars in the public schools who have back studies to make up and in regard to their promotion. He will be at his office on Monday morning for this purpose.

John Tierney, who was hurt on the fast mail on the evening of the Fourth, was able to ride out yesterday in a car-riage with Mr. Kilgore who is attending him. It is thought he will recover, although his injuries are very serious.

6

BUSINESS OFFICE, No. 43.

this city.

Henry DeLong yesterday deeded to the ladies' society of Harmony Mission the lot which has lifty feet on Logan street and sixty on Harmony and Frank streets, the consideration being \$200, the lot to be used for thereby hyperced or other to be used for church purposes or else revert to the original owner.

vert to the original owner. The ball has not yet been located in the leg of the wounded tramp. He gives his name as Lawrence, and says he is from Marion Center, Kan., where he has an uncle living. He is getting along well, and the wound is not causing him any great pain. He thinks the officer shot at him, and does not seem to credit the claim that the officer fired at the ground and the ball glanced, accident-ally hitting him. The clivies to be congratulated on have.

The city is to be congratulated on hav-ing on its board of aldermen those who are above suspicion. The private con-ferences between representatives of the gas company and committees of the council would otherwise cause the people to wonder if some scheme was not being fixed np by which the gas company could secure a continuation of its valuable franchise. There is a growing feel-ing in favor of the electric tower system for street lighting, and even with the attempts to improve the gas light service, the comparison does not seem very favorable for gas. The chief difficulty in securing the electric lights seems to be the matter of cost, and in view of the increased advantages, that can perhaps be arranged satisfactorily.

The Evening Herald gets very wrathy because the BEE frankly gave its readers the news concerning the financial troubles which have attended the Hotel Manawa. The clerk of the courts esti-mates the amount of liens and other claims thus far put in as reaching \$8,000. The county records show very plainly whether the BEE was correct in its state-ments or not. As to the dirty flings made in regard to the BEE eating free lunches there, the Herald scribes should say little. A short time ago a supper was spread there and the newspapers invited to each send a representative. The Herald enthusiastically improved the oppor-

and sent three with good appe tites. Perhaps that accounts for the eagerness with which they howl at every who has the frankness to tell the truth about the hotel.

For Sale. Cheap lots near the new bridge to par ties who will build at once. J. R. RICE, No. 110 Main street, Council Bluffs.

When you are in the city stop at the Pacific house. Street cars pass the door every fifteen minutes for all the depots. Meals 50 cents each.

## The Broadway Bridge.

The Broadway Bridge. There are numerous rumors about the wagon bridge. Mr. Evans and his asso-ciates are at work making the prelim-inary arrangements and are confident that the bridge will be built as speedily as possible. It is understood that the contractors will be here in a few days, and that the day of actual work is not far distant. The fact that Engineer Moore has gone away has been an occa-tion for some to start and circulate sion for some to start and circulate rumors about the abandonment of the enterprise. The fact is that Mr. Moore is the engineer of a bridge being built at Montreal. He was called there by telegraph, and expects to return here in a day or so.

One thousand head of one, two and three-year-old steers for sale. Will give credit to reliable parties. Enquire of A. J. Greenamayer, Creston House.

For female diseases and chronic dis-eases of all kinds, call on Dr. Rice, No. 11 Pearl street, Council Bluffs, Iowa.

### Personal Paragraphs.

F. M. Wilt of Minden was at the Creston house yesterday.

Mrs. T. B. Hays, who has been home for a short time, returned to Colorado yesterday

We still have a few Refrigerators that we will close out at cost to make room for fall goods, Cole & Cole, 41 Main St. D. W. Bushnell, Dr. Thomas Lacey, George Brown and William Hanthorne left last night for Spirit Lake on a rec-

reation trip. Miss Ella Hypes and Miss Anna Clayton of Cincinnati are visiting their cousins, the families of George Metcalf and F. J. Day.

The news comes from Des Moines that Mrs. H. N. Wood, who is best known here as Lena Peterson, is the mother of a little daughter.

Prof. C. M. Grumbling, of Mount Pleasant, is in the city. He is being strongly supported for the position of superintendent of public instruction in this state.

John Wagner has accepted a position as traveling salesman for a St. Joe tea and coffee house. He leaves for there to day to get his samples, and expects to have for his territory western Iowa with backgustors here headquarters here.

The latest report from C. E. Friedman The latest report from C. E. Friedman of Odell Bros. & Co., was that he was improving in health and expected soon, probably next month, to return to the west and take a trip into Colorado. It is hoped that he will gain strength so rapidly as to soon be able to resume his place in the business and social circle of this arts. this city.

J. W. & E. L. Squire's abstract books are a marvel of systematic accuracy. Have you seen their new lien book; it is a monster and contains 900 pages.

For rupture or hernia, call and get Dr. Rice's new invention. It makes a man of you in five minutes. No. pain. No. 11 Pearl street.

At the Pacific house you will save from 50c to \$1 per day. Try it and be con-finced.

storm and house sewer are both charged to the property, because they are built together, the sewer answering both purposes. Some of the property owners are said to object to thus having to pay extra for the storm part of the sewer. The law is said to be very plain, and it is declared that there is no way out of it. The law fixes a limit, however, so that there can be no more than \$1.50 a foot charged up to the property. The assessment will not reach that sum even

with the combined sewer. The objection to having the combined sewer seems to be largely that by empty-ing house sewer into it there will be danger of obnoxious gas arising from the catch basins, which are necessarily left open. There are a number of large pub-lic buildings which will empty their sewerage into this, and great care will needs be taken to prevent trouble.

School Contracts. There promises to be some new legal decisions concerning the personal hability of members of school boards. The details of the controversy are thus given by the Carson Critic: "Some time ago C. H. Smith of Council Bluffs, acting as agent of Iowa for Blakeman, Taylor & Ivison, of Chicago, visited several of the district townships of Carson and obtained from four of them a contract to purchase a set of school charts for the sum of \$13.50 per set. The sub-directors signed the contract with the understanding that the agent was to see all of the board and obtain their approval with a belief that they had the power to make such a contract and that it would be ap proved by the board when they met. The proved by the board when they met. The board held a meeting and refused to ratify the contract and accept the charts. Smith then sued the four sub-directors individually for the price of one set, \$18.50. The trial was set for last Thursday at Esquire Kinney's office. Before the appointed time Justice Kinney received a telegram from Smith telling him to dismiss the case at his cost. The directors were ad-vised by Shinn & Booth that they had a good defense and that they could neither be made personally liable nor could the district be compelled to take and pay for them. The contracts were ingeniously them. The contracts were ingeniously drawn for the purpose of creating a per-sonal obligation and the members of school boards ought to be careful about signing such contracts. We are in-formed that Smith has commenced a new action against the township, this time at Council Bluffs.

Pacific house is the nearest hotel to the majority of real estate offices in the city; \$2 per day.

A Well Heeled Beggar. Old man Kearns, who is a well-known character about both this city and Omaha, was arrested Thursday night for

being "blind" drunk. Kearns has been an inmate of the county poor house for many years on and off. He has often run away from the poor farm, but has returned as suddenly as he has left. He is blind and is considered a good deal off, mentally. He has been a subject of charity, and many a meal he has secured, people thinking he didn't have a cent in the world. The officers who arrested him did not expect to find a penny upon his person, but

to their surprise they found everything imaginable, including \$108. Of this amount only \$16 were in sliver dollars and bills, the balance being in ten cent pieces and quarters principally. A sign, "I'm poor and needy," was found upon him, which gave his racket away,
