remedy and cure for rhoumatism and all blood diseases, has never had a more conspicuous filustration than this case affords. The candid, unsolicited and emphatic testimony given by the venerable gentleman must be accepted as convincing and conclusive. The writer is a prominent citizen of Mississippi. The gentleman to whom Mr. Martin refers, and to whom he is indebted for the advice to which he owes his final relief from years of suffering, is Mr. King, for many years the popular night clerk of the Lawrence House, at Jackson.

Jackson, Miss., April 29, 1887.

The Swift Specific Company, Atlanta, Ga.:

Gentlemen—I have been an invalid pensioner for forty years, having contracted pulmonary and other diseases in the Mexican War, but not till the lat of March, 1875, did I feel any symptoms of rheumatism.
On that day I was suddenly stricken with that disease in both hips and ankles. For twenty days I walked on crutches. Then the pain was less violent, but it shifted from Joint to Jeint. For weeks I would be totally lisabled, either on one side of my body or the other. The tiln never me a moment for eleven ye a sand seven menths—that from March, 1875, when I was first attacked—the Trom Barch, when I was first attacked—the Cottober i, 1886, when I was sured. During these did Cottober i, 1886, when I was first attacked—the present firm march, tense suffering I tried innumerable of received the same benefit from any medicine taken internally or asternally, I am not aware of it. Finally, about the first of September, I made arrangements to go to the Hot Springs of Arkansas, having despaired of every other remedy, when I accidentally met an old acquaintance, Mr. King, now of the Lawrence House of this city. He had once been a great sufferer from rheumatism, and, as I supposed, had been cured by a visit to Hot Springs. But when I met him he hold me that his visit to the Hot Springs was in value to the that his visit to the Hot Springs was in value to the that his visit to the Hot Springs was in value to the has had no return of the disease.

I immediately returned to try it. In September 2 took four loctales, and by the first of October I was been a far as the rheumatism was concerned. All pain had disappeared, and I Bave not reserved that the hope that it may direct some other sufferer than the hope that it may direct some other sufferer than the hope that it may direct some other sufferer than the hope that it may direct some other sufferer.
