New Yonk, July 27.—The scheme for the transfer of the Baltimore & Ohio Telegraph company to the management of an organiza-tion of its employes has been committed to paper, according to J. B. Taltavall, of the Electric Age, and the outcome of the project now depends upon Garrett. Taltavall said a syndicate of business men have made to a few leading men among the operators a prop-osition by which the syndicate is to raise \$550,000 as a cash payment The convention was called to order at 4:30. Hon. Daniel Kyan, temporary chairman, made a lifteen-minute speech. His allusions to Sherman were received with loud applause. The names of the committee on resolutions were then read. It consists of Dr. Graydon, of Hamilton; ex-Governor Foster, Hon. John A. Bingham and Congressmen McKinley and E. B. Taylor. This committee is the center of interest, as the "Sherman resolution" is before it for consideration.

When the announcements of the various committees were concluded interest was at once excited by Hon. Charles Grosvenor, of Athens, rising to offer a resolution. General Keifer at once moved that all resolutions go to the committee without debate. This was adopted. Mr. Grosvenor then read the folowing resolution:

owing resolution: Recognizing, as republicans of Ohio al-ways have, the gifted and tried statesmen of the republican party of other states, loyal and unfaltering in their devotion to the suc-cess of the organization of 1888, under what-ever standard-bearer the republican national convention may select that have just wride convention may select, they have just pride in the record and career of John Sherman as a member of the republican party, and as a statesman of idelity, large experience and great ability. His career as a statesman becan with the birth of the republican party: he has grawn and develowed with the party; he has grown and developed with the growth of that organization; his genius and patriotism are stamped upon the records of the party and the statutes and constitution the party and the statutes and constitution of the country; and, believing his nomina-tion for the office of president would be wise and judicious, we respectfully present his name to the people of the United States as a candidate, and announce our hearty and cordial support of him for that office. New YORK, July 27.-|Special Telegram to the BEE.]-Speaking of the report that Attorney General Leese Says the Enacting the Brotherhood of Telegraphers wish to purchase the Baltimore & Ohio telegraph system, John B. Taltavail, editor of the Electric Age, who is one of the committee having charge of the proposed purchase, said: "I haven't bothered myself much about this matter. Tom O'Reilly, president of the Telegraphers' brotherhood, is the man you ought to see. He is very busy just now in arranging the purchase and I do not know where you will find him at this moment. A

ments are to be made according to the pub-

osition by which the syndicate is to raise \$500,000 as a cash payment on \$3,500,000, which is the price which Garrett will sell the property. The property is then to be turned over to the company operatives or a similar association of em-ployes, who will guarantee 6 per cent to the syndicate on its \$500,000, and to Garrett on his \$3,000,000 balance, and will devote any surplus to paying off the purchase price. LINCOLN, Neb., July 27.- Special Tele-gram to the BEE.]-This evening Attorney General Leese forwarded to John A. Mc-Shane, secretary of the Omaha fair association, an opinion on the gambling law in response to a letter from Mr. McShane asking if pool selling in races could be interpreted as a violation of the law. This afternoon, from some source, the rumor was abroad that it had been discovered in Omaha that there was no enacting clause attached to the gambling bill. The original bill was consulted at the secretary of state's office and found to contain no such error. Attorney General Leese's opinion, as forwarded to

General Leese's opinion, as forwarded to Mr. McShane, is as follows: J. A. McShane, Omaha, Neb.—In answer to your communication of the 26th asking my opinion relative to senate file 95—the gam-bling act—prohibiting from selling pools at the races for your fair, 1 will say that this new act amends sections 214 and 215 of our criminal code. There has been a report that the new law had no enacting clause, but this is a mistake, and I know of no good reason why the law is not a good and valid one. Section 214, as amended, makes it unlawful for any person to play at any game whatever for money, or bet any money upon any gaming table, bank or device prohibited by law, or at or upon any other gambling device, or who shall bet on any rame played at, or by means of any such game, table or gambling device, shall be punished by a fine of from \$100 to \$300, or imprisoned in the peniten-tiary not more than one year. 1 do not un-derstand that selling pools will come within the definition of a game, gambling table, gambling bank, or gambling device, but the old law was a direct prohibition against making any bet or waver. But the

old law was a direct prohibition against making any bet or warer. But the new act repeals the old section and I do not understand that the new act operates against selling pools. If the new act had been made to prohibit a person from betting, it would have been so ex-pressed. Either the language of the old law would have been inserted or words equiva-lent thereto; and from a fair construction of the law as now in force it prohibits people the law as now in force, it prohibits people

from keeping gambling houses and gambling tables, banks or devices, and also prohibits tables, banks of devices, and any property persons from betting any money or property of value upon any such gambding table, and I do not believe that the law was made to prohibit pool selling. (Signed), W. M. LEESE, Attorney General.

THE PRESIDENT ABSCONDED. This Accounts For a Bank Failure in Leavenworth, Kan.

LEAVENWORTH, Kas., July 27,-Consider ble excitement was occasioned this morning when shortly before 10 o'clock the Citizens' Savings bank closed its doors. A large crowd soon gathered in front of the building and word was passed around that the presi-dent of the institution, R. P. Clement, was a defaulter in a large amount and had absconded. Subsequent de-velopments continued the ramor. Clement lett town Sunday night ostensibly for St. Louis on business connected with the bank, no one ever dreaming anything was wrong until yesterday, when W. B. Slosson, one of the banks directors, in examining the records in the county recorder's office, noticed that a large amount of real estate in the city be-longing to Clement had been transferred to his. Clement's, brother-in-law, one Chinery. Slosson suspected some-thing was wrong, and when latter confessed that Clement had absconded. A meeting of the directors and the bank attorney was called and the conference lasted far into the night. In the meantime the bank's books were hastily examined and a large discrepancy discovered. It was decrowd soon gathered in front of the building vetoped that Clement left a letter in the hands of his brother-in-law for the di rectors in which he confessed to his defalcation, attributing his downfall to speen lation in wheat, and other ventures in which he lost upwards of \$50,000. It is said that this afternoon Chinery made a complete this afternoon Chinery made a complete transfer of Clement's real estate in favor of the bank, amounting in all to about \$20,000. NEW TRANSCONTINENTAL LINE Another Gigantic Railroad Scheme

on Foot. DETROIT. July 27.-Facts which have come to the knowledge of the Free Press within the past few days show that the present trip of General Alger, Chauncey M. Depew and Henry B. Ledyard to Europe involves a railroad scheme of the first magnitude. Their trip is for the sole purpose of placing \$7,000, 000 of bonds of a new transcontinental road with English capitalists. It is designed to build an entirely new line from the Straits of Mackinaw to Duluth, running midway between the consolidated Duluth, South Shore & Atlantic and Milwaukee, Laks Shore & Western, and Chicago & North western roads which now start at the south-ern boundary of the upp r Michigan penin-sula and are partly completed to Minneapo lis. Sault Ste Marie and the Atlantic road. lis. Sault Ste Marie and the Atlantic road. The road will traverse one of the richest timber and mineral districts in the world and be sufficiently remote from parallel lines to enjoy a prolitable local traffic. Contracts have been secured from the Northern Pacific and Michigan Central upon which the busi-ness of the three companies will be con-ducted. The Northern Pacific is said to promise to hand over all seaboard traffic to the new road, and the Michigan Central and New York Central will afterwards carry it **east**.

The Grand Army boys marched over the grounds headed by three cornet bands of forty-eight pieces, which presented a beautiful sight as they marched up to the grand pavillion at which blace the crowd was so great that one half had to stand during the exercises. Rev. Dr. Evans, of Chicago, introduced Governor Thayer to the people as the chairman of the forenoon exercises. The governor stepped forward and in a neat, well worded speech thanked them for the honor bestowed and the courtestes ex-tended, and expressed his surprise at the numbers present, the beauty of the grounds and the ever-abundant pure, sparkilng water.
