

APRIL SALE OF 200 VALUABLE CITY LOTS ON CAPITAL HILL

IN THE CITY OF KEARNEY, NEB., ON THURSDAY, AUGUST 25, '87

Without reserve to the highest bidder. All the lots are within the original city limit. This property has a commanding view of the Platte and Wood River valleys. There will probably never be another opportunity to purchase at Your Own Price as choice city property, and on as favorable terms, as the above lots now offered.

TERMS OF SALE—One fourth cash, one fourth in one, two and three years, with 6 per cent interest.

The Great Water Power at Kearney will be improved at once. Minneapolis parties have the contract to place Turbine Water Wheels, and the ground is being prepared to receive them. We look for 50,000 inhabitants at Kearney when all the immense power is in use. What will the 200 lots now offered be worth then? More thousands than they will now bring hundreds.

A great chance for investment on long time. Secure Yourself a Delightful Home. Many of the lots are 100 feet above the B. & M. and Union Pacific Railways in our city. It is safe to say these lots will be worth many times their cost to the purchaser before the money on the last payment becomes due. A Good Home in Kearney will become more valuable each year. For further particulars or plats, inquire of

WILL BE HEARD ON THURSDAY

The Charges of Lincoln's Freight Bureau Against the Elkhorn Road.

INTER-STATE EXTRADITIONS.

It is shortly to be discussed in New York by Delegates from Different States—Police Court—Brief Lincoln Items.

FROM THE BEE'S LINCOLN BUREAU. On Thursday of this week the first hearing on exorbitant rates in the state will occur at the rooms of the railroad commission. The hearing comes up in the amended petition filed by the Lincoln freight bureau. This amended petition recites specifically that the rates in the state on the Elkhorn line are excessive and exorbitant, and the petition demands that the rates be reduced 66 per cent from present charges. It is expected that the entire board will hear the charges and that Secretaries Mason and Munger will be present to meet the arguments of the Elkhorn attorneys.

APPOINTED A DELEGATE. Governor Ames, of Massachusetts, and Governor Hill of New York, Governor Lounsbury of Connecticut, Governor Beaver of Pennsylvania and Governor Ormsbury of Vermont have addressed a letter to the governor of Nebraska, asking him to send a delegate to a convention to be held in New York city, August 23, to take united action on the question of extraditions. This question often involves trouble in securing prisoners and the convention is to remove obstacles. Governor Thayer has appointed Attorney General Leese as delegate from this state for the meeting.

POLICE COURT NEWS. The Sunday round up of the police force brought sixteen parties to the city jail who were on trial yesterday morning. One noticeable feature was that a majority of them were in for drunk and it was very evident that there was a good deal of liquor sold on Sunday from some quarter. The first that a portion of the crowd filled up on was bottled beer, and the officers are searching for the hole in the wall through which the beverage was pressed. When the docket was called for trial, John Foley and Fred Kingsbury were arraigned as drunks. Kingsbury was a brakeman on the B. & M. and Foley said he was a hard working man. They were discharged to go to work or leave the city. James Taylor and E. Ryan were arrested by the police for drunkenness. Both plead not guilty and had their cases continued. John Riley, when arraigned for being drunk, admitted it but plead an exonerating circumstance that he had been discharged by a doctor who had been caring for him for months for injuries received by having nine cars pass over him. He explained that he had no recollection of getting around again but he drank too much. He with another party also named John Riley received the usual fine. Four parties, D. Riordan, Charles Seaman, J. Sullivan and P. Shea, were found reveling with bottled beer Sunday near the new building of the H.T. Clarke Drug Co. They received on trial \$3 and costs each. An old man named Duffy was fined \$3 and costs for being drunk who was with him when he was fined also for drunkenness. One of these was a Topeka man who had staked his pile on the Topeka in the ball games and lost his all. He drowned in sorrow in the morning and was found in the gutter. He was taken to the hospital and died.

Dr. J. J. McLaughlin, a physician of this city, has been called to the aid of a patient who was suffering from a severe case of cholera. The patient was taken to the hospital and died.

The injuries of Base Ball Players. Dr. Lunt contributes an article to the Medical and Surgical Reporter on the injuries of base ball players. The doctor is a player himself, and speaks from personal experience as well as from observation. He says that one of his fingers was injured five times in one week, and that all his fingers have been injured at least once. His treatment is to continue, and at every opportunity—either in the street, in the office or in the field—to firmly grasp the finger about middle and rub toward the tip. Under this treatment the swelling, stiffness and soreness diminish, and after some weeks are entirely gone. The most marked swelling of the hand, accompanied by great pain, can be best relieved by the application of water as hot as it can be borne, the hand remaining in the water for an hour, the temperature being maintained during the whole time. Nothing will do so much harm to a player as to abstain altogether from playing because he has some trivial injury or sore muscles.

SINKING A WELL. The B. & M. workmen are sinking a well in their yards west of the city well to get a supply of water for their individual use. Jack Hanham, of Crete, has the contract for the well which is to be sunk to a depth of 100 feet. The water is to be pumped up by a steam engine. The well is to be used for locomotive work and presumably will be also kept as a reserve water supply for the company when fires demand.

HARGREAVES' BROS. The wholesale grocers, received a car of sugar yesterday from California, shipped via Omaha with the local freight from Omaha added. The firm will proceed in the same way that other wholesalers in the city have done. They will replenish the goods and take the case into the courts. The same firm are about to receive several cars of canned goods which they will secure in the same manner.

A colored man invaded the police judge's office yesterday with a tale of woe and wrong in which his wife was the chief evil doer. According to his statement, his wife is a very bad woman, but he was not inclined to drive her out so long as she continued herself to two or three lodgings. Of late, however, he states this humble home has been turned into a regular lodging house and he was per-

DOUGLAS COUNTY MONEY.

How It Has Been Spent by the Commissioners.

THE RECORD OF ONE YEAR.

Publication of the County Commissioners' Proceedings—Something For Taxpayers to Read.

The publication of the proceedings of the Douglas county commissioners for the last year will be continued in the Bee from day to day until completed. For the last eighteen months the commissioners have neglected to give any publicity to their proceedings. Hence the Bee undertakes the publication for the benefit of the taxpayers of this county, so that they can see for themselves how the people's money has been expended. The Bee to-day presents chapter IV. of this interesting serial, as follows:
