# CORN THE TRADE CENTER.

That Cereal Commands a Good Share of Attention in All Branches.

WHEAT AGAIN RULES DULL

Increased Activity Characterizes Business in the Provision Pit-Cattle Slow and Unsatisfactory-Quotations.

#### CHICAGO PRODUCE MARKET.

CHICAGO. Sept. 8 .- [Special Telegram to the BEE-1-Corn commanded a good share of attention on the floor to-day and trading was on an increased scale in all branches of the market. Hutchinson's brokers led in buying and their purchases, especially for cash and September delivery, were of a large aggregate, though they took great quantities of May besides. Outside orders did not show any increase worth mentioning. The feeling throughout was bullish. There were advance tips of course of what the government estimate would be on the crop yield, most of them putting it at 1,400,000,000 bushels, and this was the strongest factor in the market. Other markets appear to be following the advancing tendency shown here, New York and St. Louis being reported stronger to-day, with a further improvement of 14d in spot corn at Liverpool. There continues a very free outward movement, lake charters for the past twenty-four hours footing up 343,000 bushels. Commission houses report a large increase In farmers' deliveries during the past few days, but this fact, if known to the crowd, had no perceptible effect. The bears still outnumber the buils nearly two to one, as was proven by a personal canvass of the pit by a trader to-day, yet the buying side appears to be gaining friends rapidly, and that packers and provision men are bullish on the market is very well known. The parties most largely interested in the market for short ribs were cred-lted with buying corn freely this forenoon. In the aggregate a large business was done, based on yesterday's closing figures for futures. September corn made an advance up to 1 o'clock of 1%c, while more deferred deliveries closed %@%c higher. From 41 %e bid at the opening for September, that future improved to 42%c, and at 1 p. m. was the top. October advanced steadily from 41½@41½c on the split at the opening to 42½c, and rested at 42½@42½c at 1 o'clock, with November quoted at 42½@42½c and December at 43½c bid. Initial trades in May were at 45c. On the bulge that future improved to 45½c, with 45½@45½c split bid at 1 n. m.

I p. m.
Wheat was again dull to-day, but the feeling was stronger than on yesterday, and a slight improvement in prices is noted. Cables were dull, and export inquiry insignificant. Wheat is moving out faster than it is coming in, however. Lake engagements for the day foot up 70,000 bushels, and considerable In, nowever. Lake engagements for the day foot up 70,000 bushels, and considerable quantities are going out right along by rail. October wheat started in at 70½@70¼c, December at 73¾c, and May at 70½c. The tone was one of weakness and depression early, but the opening range was practically the inside. A good many local traders who had sold yesterday on the decline found very little property for sale when they attempted to cover to-day, and the demand from the shorts, insignificant as it would be considered in an ordinarily lively market, was sufficient to advance prices ¾c. October went from 70½c to 70½c. December from 73¼c to 73½c, and May from 79¼c to 79½c. The market softened somewhat after the urgent demand from shorts was satisfied, but prices only receded ½@¼c. The 1 o'clock range was 65½c for September, 70½c for October, 73¼@73¾ for December and 79½c for May.

for May.

Oats were O'moderately active and Oats were O'moderately active demand, a stronger. Improved speculative demand, a let up in receipts and an advance in corn were the principal aids to the bulls and they made the most of their opportumade the most of their opportu-nities. September property showed the greatest buoyancy, the market advancing from 24%c at the opening to 24%c, which was the 1 o'clock closing price and ½c above yesterday's latest bids. October improved from 2562554c at the start to 25466 from 25@25%c at the start to 25%@ 25%c and rested at 25%c, or %c higher. November closed at 26c and May at 30%c. Sales of the latter were at the ex-

The provision pit was the center of considerable interest. Increased activity characterized general trading, though September and October short ribs, which were advanced another 10c, led the market. Lard, however, commanded more than usual attention and averaged at 1 o'clock 23/cc. higher. In the product for next winter de-livery there was also something of a boom and year pork experienced an appreciation of 40c, January pork of 12½c, January lard of 2½c and January short ribs of 7½c. For January pork closed at \$12.77½, lard at 85.62½ and short ribs at 86.60. September short ribs ranged the same to 2½c under Oc-tober, which sold at \$8.80£8.87½ and rested at \$8.87½. Fluctuations in lard were con-fined to 2½c and at adjournment September stood at \$.632¼ and October and November at \$6.55. higher. In the product for next winter de

at \$1.55.

Prices were fractionally higher for wheat, oats and corn at the afternoon session. Ribs also advanced a few cents. Wheat for September sold at 65% (de. October sold at 70% (de. 70% c. November at 72% (de. 72% c. December at 73% c. Annual at 72% c. Corn for September sold at 42% c. October 42% c. October sold 42% c. October 42% c. October 26% c. November 44% c. October 26% c. November 26% c and May 30% c. October 26% c. November 26% c and May 30% c. Mess bork for the year sold at \$12.30, January at \$12.82%. Lard for October \$6.57%. November \$6.57%. December \$6.57%: January, \$6.65.

# CHICAGO LIVE STOCK.

CHICAGO, Sept. 8 .- | Special Telegram to the BEE. |-CATTLE-Trade was again slow and unsatisfactory. As to prices, there was no particular change as compared with yesterday on fair to good natives, but anything below or anything that had to compete with the best Texans and rangers was generally quoted lower, and such are now lower than for any time this year. It is like thowing money away in sending to this market at present thin, grassy, half fat natives. They are not wanted by any class of dealers that buy in Chicago. Range cattle, especially the northern class, sold no lower than yesterday, yet prices have dropped 20@25c this week. Texans were about the same as for a day or two past, but some sanguine salesmen fancled they were getting better offers than yesterday. Native getting better offers than yesterday. Native butchers' stock remains dull at the very low prices of the past two weeks. Most of the trading in stockers and feeders is between speculators. Countrymen are not buying to any great extent, hence the stock on hand must be accumulating. Shipping steers. 1350 to 1500 lbs. \$4.20@4.90; 1200 to 1350 lbs. \$3.40@4.50; 950 to 1200 lbs. \$2.90 @3.60. Stockers and feeders. \$1.50@2.90; cows. bulls and mixed, \$1.00@2.75; bulk, \$2.00@2.25. Texas steers, \$2.30@3.15; cows, \$1.70@2.20. Western rangers, slow: natives and half breeds, \$2.70@3.40; swintered Texans. \$2.75@3.10.

ans, \$2,75@3.10.

Hogs—Trade was active, with an upturn of about 5c all around. Speculators made the pace to-day and kept it up from the start to the finish. Then short ribs were in better demand and higher, so that the incident brought out a better packing demand. A few fancy heavy lots sold at \$5.50@5.60, and good butcher weights at \$5.40@5.50. Packing and the ordinary run of shipping sorts sold within a range of \$5.20@5.40, with common at \$5.10@5.25. Light sorts, \$5.25@5.35; grassers, \$4.80@5.25. ans, \$4,75603.10.

# FINANCIAL

NEW YORK, Sept. 8.- | Special Telegram to the BEE. |-STOCKS-The stock market was rather slow and plainly showed an ab sence of outside business of any moment There was considerable talk and hard feeling engendered by the recklessness of the bears in circulating malicious stories calculated to effect the standing of several Wall street houses known to have connections in a business way with Ives. A bear point was also made out of the failure of the treasury e accept any of the bonds offered yesterday It was a thin point, however, for the purhasers the past three weeks have been

practically insignificant and the continued purchases of securities by foreigners has brought more gold to this country within the past month than the treasury has paid out for bonds. The fixing up of the passenger war to the southwest removed a good bear card, but they still have left the unfavorable condition of the iron trade and the apathy of outside speculation to mark on and aid in making the most of it, with a fair degree of success, despite the predictions of the bulls that the bears have played their last card. Shipments of gold keep up, \$1,200,000 being ordered to-day from London and Berlin, but it had little effect on values of stocks. The market opened steady to firm, with Lackawana, Western Union, St. Paul, Reading and several other stocks 14 to 14 per cent higher. Londou was a fair buyer of St. Paul, Reading, and Wabash prefered, but after a fractional rally the market became weak and sold off % to 1% per cent. Missouri Pacific showing the greatest loss. The market remained quiet and easy for several hours and an a few specialties slight rallies occurred. The Western Union statement is due next week. It is expected to show that it has earned considerably over 1 per cent on its stock. Should the consolidation of the Baltimore & Ohio take place and the rate be advanced-say 5 cents-it would make additional net earnings of over \$2,500,000, or 3 per cent on its stock. This had a stimulating influence and the close was firm at ¼ per cent advance over yesterday. The market was feverish the last hour. The short interest is large and in several properties the bears were not disposed to stand on their contracts, and rushed to cover. Reading regained all the decilne and closed the same as yesterday. St. Paul was 1/4 per cent higher and cotton oil "stiffs" were strong and one point higher. The rest of the list was weak, with declines extending to 1% per cent. The total sales were 287, 917 shares, against 346,270 yester-

#### OMAHA LIVE STOCK. Thursday, Sept. 8.

Cattle. There was not much inquiry for any kind of cattle except for good corn fed natives, and there were none of that kind in. Butchers' stock was very slow and dull, and aside from two or three loads of cows, there were only a few odds and ends sold. There was some inquiry for feeders, but very few were sold.

Hogs. Hogs.

The receipts of hogs were light. The market opened strong with an active demand, and advanced fully 5c over yesterday's market. Everything offered on the market was quickly taken, and the pens were cleared early in the day. One load of choice heavy logs reached \$5.40, the top for some weeks past.
