HOW TO PREVENT DROUGHTS. Effects of Treeless Areas on Atmospheric Conditions.

IMPORTANT PRACTICAL HINTS. Dr. Perry's Interesting Paper—A Great Barometric Trough—Atmospheric Movements—Remedies for Droughts.

At last Thursday's session of the forestry congress at Springfield, Ill., Dr. Daniel Berry, of Carmi, Ill., read a paper on "The Influence of the Western Treeless Areas on Atmospheric Conditions East of Them."

THE HUMOROUS SIDE. A Shakespearean Student Discovers a New and Important Cipher.

To the editor of the New York World: Permit me to waive one quill of my wings to add to the general flutter in the Shakespearean dovecote over the startling sensation created by Mr. Trenchard Donnelly's Bacon "cipher."

What a Change! A few short weeks ago that young girl was the personification of health, vigor and beauty.

The blush upon her cheek rivalled that of the rose; her step was light and buoyant, her every movement revealed the beauty of her form.

Methods of Opticians and Oculists. Chicago Mail: The man who is about to put on his first glasses deserves a good lesson in optometry.

It is a pity that the man who is about to put on his first glasses... should not know that the earth with its multitude is becoming indistinct as about as a thought, next to seeing a mind tottering, as ever entered one's head.

Vigor and Vitality Are quickly given to every part of the body by Hood's Sarsaparilla.

That tired feeling is surely overcome. The blood is purified, enriched, and vitalized, and carries health instead of disease to every organ.

Children Cry for Pitcher's Castoria.

When baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became a woman, she clung to Castoria.
