CHICAGO PRODUCE MARKET.

CHICAGO, Sept. 30,- | Special Telegram to the BEE. |-'There was heavy trading in the wheat pit this morning, but chiefly local in character, much of it "changing over" from October to later months, the premium for May being about 7%c. The weakness which had come to be almost the rule at the last of the month heretofore and was looked for, was not apparent. There was plenty of property for sale, Hutchinson being credited with the heaviest offering, with Ream also a large seller. Jones, McCormick & Kennett were also sellers. Cudahy & Geddes were also buying. A strong and advancing market brings out plenty of rumors of manipulation, and light stock in store, small arrivals of grain of the contract grade and continued buying of October by certain houses were the premises upon which the talk of a squeeze in that month was based and it was remarked in connection with the two facts first named that October would corner itself. The events transpiring in the pit, however, were not of a nature to bolster up this theory. It would have been natural to expect, with an October corner in prospect, that on the last day of September the October shorts would experience some difficulty in evening up, but such was not the case. There was plenty of October wheat for sale, firmly held, it is true, but prices were not bid up to any extent. There appears to be a strong sentiment in favor of a higher level of prices for wheat and also, so far as can be classified, this sentiment seems the most prevalent among old and conservative receiving houses. The opening was about at the closing prices of yesterday afternoon's session, or at 71%c for October, 7416c for December and 79%c for May. There was a slight easing off at the opening, but an immediate recovery and slight advance gained and held steadlly noon, when realizing sales long wheat broke the market of long wheat broke the market to 7114c for October, 7314c for December and 7814@79c for May. These lowest fizures, however, were not of long duration, but the closing was at a slight decline for the day, or at 7134c for October, 7414c for December and 7914c for May. The inspection sheet to-day showed the arrivals of wheat to be grading better than for many days past. The receipts were 91 cars, 64 of which were spring and of these 11 cars graded No. 2. and of these 11 cars graded No. 2.

and of these II cars graded No. 2.

The corn market was not particularly active, the fluctuations being generally within a ½c range. Hutchinson was a continual seller, but the market was buoyant enough to absorb these offerings without any considerable decline until late in the session, when there was a material weakening. October opened at 43c, November at 42½c and May at 45½c. An advance of ½c from these prices was the hydrotypic prices. 45%c. An advance of isc from these prices was the highest point touched, with but one or two trades made at these figures. The foreign news continues favorable, the public cables advising an upward tendency in prices for American corn. The receipts were a trifle tess than expected access and the estimated receipts to the control of th -288 cars—and the estimated receipts for to-morrow at 324 cars. The shortage in the corn crop was conceded to be the all-im-portant factor in the market, but the last three installments of figures on that subject nave been sufficiently varied to cause be-wilderment in the mind of him who attempts to use them. The close was at the low point of the day—42½ c for October and November and 45½c for May.

There was fair speculative trading in oats

and a fractional gain early, but after the local crowd got tilled up prices weakened in sympathy with corn. Free selling of oats by Hutchinson also helped to weaken the market, that future closing at 293/@30c at 10 o'clock after selling at one time up to 30 c. Cash and near futures ruled pretty steady, October resting at 25c, or yesterday's close, and November at 2614 @269 c. Lake engage-In provisions there was some increase in

In provisions there was some increase in trading compared with yesterday. At times during the trading rather fair speculative lite was witnessed, but the feeling was bearishly inclined and lower prices were the rule. Based on last night's closings 1 o'clock quotations showed a decline of 15c in year pork, 12½c in January pork, 7½@10c in the different deliveries of lard and 5c in October and January short ribs. January was the and January short ribs. January was the favorite future in the new speculative ventures made for pork. This month sold from \$12.45 to \$12.35 at the close and lard from \$6.52½ to \$6.45. January short ribs sold at \$6.27½@6.30 and closed at \$6.30. The near deliveries of pork ways as usual parlayed deliveries of pork were as usual neglected. For October short ribs ranged at \$7.70@7.75, closing at \$7.70. October land sold from \$6.50

For October short ribs ranced at \$7.70.47.75, closing at \$7.70. October lard sold from \$6.50 to \$6.40, which was the last quotation, November lard resting at \$6.37% and December at \$6.40. Cash lard sold freely at \$6.50.46.55, but closed at \$6.42%.46.45 for December. Sixteen-lb green hams brought \$%c and for January 8%c. Cash products were low.

AFTERNOON SESSION.—Wheat casier: October opened at 71%c, fell to 71c, up to 71%c, closing at 71%c; November sold at 72%4673%c, closing at 72%c; December sold from 74%c to 73%c and then at 74.474%c, closing at 74c; May opened at 70%c; sold to 78%c, back to 79%c, closing at 79.70%c. Corn firm; October sold at 42%4642%c, closing at 42%c; November sold at 42%4642%c, closing sellers at 42%c; May sold at 43%4645%c, closing with sellers at 45%645%c45%c closing at 73%c November sold at 25%c20c and closed at 25%c November sold at 25%c20c and closed at 25%c asked; May was offered at 29%c30c, with 29%c bid. Pork was quoted at \$12.00 for year and \$12.37% for January. No trading. Lard was steady; October sold and closed at \$6.40 and November at \$6.37%; December closed at \$6.40 and November at \$6.30.

CHICAGO LIVE STOCK.

CHICAGO, Sept 30 .- [Special Telegram to the BEE. |-CATTLE-The receipts to-day were lighter than last Friday, and lighter than many had expected. The market for desirable fat cattle for light and medium weight was fairly active and fully steady at yesterday's decline. The inferior cattle, however, and cattle that were too heavy were dull and hard to sell at very low prices. There were some very good 1,600 to 1,700-lb cattle, such as would have sold Tuesday or Wednesday perhaps at \$5.10@5.15, for which \$4.65 was the best bid. These heavy cattle were much neglected. Some nice fat 1,375-lb steers sold at \$4.85, and such cattle were in good demand. Sales of rough inferior 1,470-lb cattle were made at \$3.25, while nor 1,440-10 cattle were made at \$3.25, While some 1,301 ib steers sold at \$4.75. Receipts, 8,000; shipments, 1,800. Market, steady. Shipping steers, 1,350 to 1,500 lbs, \$4.40@5.00; lbs, 1,200 to 1,350 lbs, \$3.70@4.50; 950 to 1,200 lbs, \$2.85@3.70. Western rangers, steady; natives and hair-breeds, \$2.35@2.70. Wintered Texans, \$2.35@3.15.

Hoos—Estimated receipts, \$21,000; last Friday, 13,916; week so far, \$90,634; same time last week, 71,235. Business was active, with little or no change in prices as compared with yesterday. There was quite a lively spurt in the morning, and a few lots sold a shade stronger, but at the final close values were about the same as yesterday. The bulk of the packing sorts sold within a range of \$4.50@4.70, the best heavy at \$4.75@4.90, with skips and common as low as \$3.75@4.35. Light sorts, \$4.60@4.90; yorkers, \$4.85@4.90; singeing pigs, \$5.00. \$4.85@4.90; singeing pigs, \$5.00.

FINANCIAL

NEW YORK, Sept. 30 .- [Special Telegram to the BEE. |-STOCKS-The softness displayed at the close yesterday was not regarded as an encouraging factor to the bulls and the position of the latter was not improved to-day, as the market opened tame and generally lower. London came in quiet and on the average 14 per cent lower. Foreign houses are not trading with any degree of freedom, their action, or rather in-

action, being a reflection of the teeling in Wall street, all being inclined to go slow for the time being. The light offering of government bonds is regarded as an indication that floating bonds and those in the hands of needy speculators have been pretty well absorbed. Trust companies and other large holders are not parting with governments because they are non-taxable and although bearing a lower rate of interest, they are repaid by the amount paid in taxes. The money distributed by the recent purchase of bonds has not apparently helped the market because none but professionals are in it. The market, for a limited one, was on the whole strong, after a slight weakness at the opening. Strong talk was heard on Vanderpilts and New York Central declared a 1 per cent quarterly dividend, but it did not effect the price of stock. Pacific Mail was reorganized to-day and George J. Gould elected president. Jay Gould and C. P. Huntington were elected directors in place of Mehrbach and Vanderhoff. The reorganization caused good buying of the stock and prices advanced % per cent. The sensational teatures were an advance of 214 per cent in St. Louis & San Francisco on a rumor that a dividend would be declared at the meeting next week. Buil pointers were out for Richmond Terminal and it advanced 1% per cent. New England took a turn and went up 1% per cent. The Grangers were handled cautiously, owing to rumors of a rate war in the northwest. St. Paul declined %, but rallied % per cent. Northwest remained steady. The firmness continued until the close. Trading increased during the last hours, but was regarded as merely a desire of the shorts to cover, and last sales recorded advances extending from 1/4 to 31/4 per cent, St. Louis & San Francisco leading. Richmond Terminal gained 214, Western Union 114, St. Paul 14. Chicago, Burlington & Quincy 1/4. Reading 1/4 and Pacific Mail 114 per cent. Business with Chicago houses was light and cut no figure. The total sales were 224,951 shares, against 205,168 shares yesterday.

GOVERNMENTS-Government bonds were dull but steady.

OMARA LIVE STOCK.

Friday, Sept. 30.

The receipts of cattle were slightly heavier than yesterday. The market was very slow on all grades, the local packers having been liberal buyers during the past few days were well supplied, and not inclined to buy more. There were a good many inquires for feeders but the number changing hands was small. The market on good range cattle was about steady, but corn-fed steers, which were forced up, a few weeks back, on account of the scarcity were lower. There was hardly anything sold in the way of butchers' stock.

Hogs. There was a gain in the receipts of hogs as compared with yesterday of 700. The average quality was also better than yesterday. The market opened quite brisk at prices a little stronger than yesterday's market. It eased off later in the morning and closed lower, the late arrivals falling to bring the morning prices. The feeling in the market is weak and that values have not yet tonched bottom.

Sheep. There were liberal receipts but nothing doing on the market.
