CHARLES DICKENS II. A Son of "Boz" Coming to America to Read His Father's Books.

LONDON, Oct. 1.- New York Herald Cable-Special to the BEE. |-The bon voyage supper given to Charles Dickens at midnight by the Green Room club, broke up only when the morning broke. A. W. Pinero, who is a fine playwright but a poor after-dinner speaker, addressed the guest who inheriting his sire's ability as a post-prandial orator, responded. He, however, said very little in words but expressed much in bearing and feeling. He aptly quoted from his father, "It is better that all work honestly underdertaken and performed should speak for itself than be spoken for." One sentence he gave was very Dickenish, viz: "I am not entering with a light nor yet a heavy heart upon my undertaking of giving readings

from my father's works in America, but

with a simple determination to do my best." This was said consequent upon following passage from Chairman Pinero's address: "Our guest is going to read to the American people from the works of his late father. He is going to a land where, perhaps, at the present moment fiction holds a higher place and fulfils a nobler mission than in any other country. A land where its high aims are recognized; where its professors are honored and where Its roots spread far and wide and deep down into the hearts of a great and generous race. Mr. Dickens is going to this land to interpret that master of fiction almost before tones of that master's voice have ceased to resound in the memory of his ears. I would not anticipate the verdict of the American people on the fulfillment of Mr. Dickens' task, but I would say in their honor that the breast of every man and woman present to greet Mr. Dickens as he appeared on an American platform would throb with emotion at the realization that after the lapse of many years, the wave of time had deposited among them a man having in his veins the blood and bearing by right of immediate inheritance, the name of

Charles Dickens." Handsome Jack Barnes of the club proposed the health of the American visitors which was responded to by James R. Osgood, who gave America and Dickens an all-theyear-round greeting and proposed one touch of Dickens, here on file, would make the two

A Big Railroad Pool. NEW YORK, Oct. 1 .- The terms of the agreement between the Northern Pacific and Union Pacific rallroads are officially given as follows: The Northern Pacific joins the Union Pacific in a guarantee of dividends and charges on the Oregon Navi-gation securities, the Union Pacific paying three per cent and the Northern Pacific three pox cent of the gnaraniced dividends of 51% per cent on Oregon Navigation stock. The division of territory was substantially agreed upon at the conferences which have been held in this city between President Adams and General Manager Potter of the Union Pacific, and President Harris and Vice President Okless of the Northern Pacific. The dent Oakes, of the Northern Pacific. The dividing line will be Snake river, where it enters into the Columbia, and the Columbia & Palouse railway, which has been the chief bone of contention, will be operated by the Northern Pacific and the line will be turned over to that company. The formal vote of the Northern Pacific directors on a resolution to join with the Union Pacific in the lease of the Oregon Navigation was nine in favor to one against, the opposing vote being cast by John H. Mr. Turner, having received a majority of the votes, was duly declared elected as commissioner for the third district. He returned his thanks and stated that he was always with the republican party, and though he had been at all its conventions for the last twenty years, this was the first time he had ever sought a nomination. He was grateful for the honor, and would work earnestly for the

COMMISSIONER, FOURTH WARD. Colone E. P. Savage, of South Omaha; James Walsh and Patrick McArdle of McArville, were nominated.

The first bollot contained 112 votes, Walsh receiving 48, Savage 40, and McArdle 24. Another ballot was called It was then announced that McArdle had withdrawn in favor of Savage, of

South Omaha. Walsh then took the floor and said that if Savage were nominated it meant the slaughtering of Coburn.

[This remark was based upon a deal which is known to have been arranged by which Boyd, superintendent of the stockyards and democrat candidate for sherill might, in the eyent of Savage's nomination, trade votes with the latter in return for republican votes whom he might give to Boyd, thus de-priving Coburn of votes which he would

otherwise receive.]
The second ballot discovered a vote made the number of ballots 111. It was

thrown out.
Colenel Savage then said that he had heard that it had been urged that it he were nominated it would injure Coburn. He (Savage) did not know how his candidacy could interfere with Mr Coburn in any way, shape or manner. If he could be told how it could injure Coburn in any way, shape or manner, he would perhaps have something to say in

the matter.
Mr. Walsh then said that Colonel Savage was living in disputed territory and further that he heard that Savage's candidacy was in the interest of a democrat. Colonel Savage replied that such was not the case. charged that he was a democrat and the postmaster at South Omaha. He was not the postmaster of that place, he was the republican mayor and had been elected as such, last spring by republican votes. Further, he had a book of genealogy at home which congoing as far back as 1600, and in all that number there was but one who had been a democrat, and he died in the insane

asylum. [Cheers.] The vote was then declared as follows

Savage Mr. Walsh was declared nominated and returned thanks.

COMMISSIONER. FIFTH DISTRICT. John Morrell received 59, Dennis J. Kellehev 12 and J. B. Furay 38. Mr. Manville withdrew his name before voting was commenced. Mr. Morrell's nomination was made unanimous.

Quiet was then restored and I. S. Has call introduced a resolution as follows: That it is the sense of this convention that Judges Wakely, Hopewell and Groff be supported for judges in this judicial district a the coming election.

Judge Hawes opposed the resolution convention. He did not believe in sending a delegate to the convention and then han dicapping them with instructions. There were young lawyers, intelligent, active and ambitious who were capable of mak ing just as good lawyers as Judges Hope-well and Groff. It was true that before they had supported Judge Wakely but that was when the democrats supported Judge Neville. Mr. Connell favored the resolution

It reflected the sentiments of the bar of the district, and also the sentiment of the people of the district as well. With regard to Judge Wakeley, he came before the convention not democrat, but as a non-partisan. He was generally admitted to be the Nestor, not alone of the city, but also of the state. It was no reflection to the legal nands of the state to say he was perhaps the brightest among them all, and that he was without a peer, certainly in the state. Judges Groff and Hopewell were republicans and all admitted that the had made a record in so far as they had been able to make one, because it was true as had been said, that they had not been on the bench long. He favored the taking the judiciary out of the whirlpool of politics, and the plans proposed would do that and at the same time leave the fourth place free to other attorneys, especially from other parts of the district. Mr. Unit, of the Ninth ward, opposed the plan and Judge Brown thought that the introduction of the resolution was somewhat inexpedient at this conven-

Mr. Hascall then made a strong speech in support of the resolution. Upon a suggestion from Joe Redman, Mr. Hast call called for a division of the question and the taking of the role. and the taking of the vote upon Judge Wakeley alone.

Pending this disposition of the resolu tion a motion to table was made and car

Judge Hawes then moved each ward and South Omaha be empowered to name two delegates and two alternates, each county precinct one delegate and one alternate, with one at large to be nominated by the convention, as delegates to

CLOAKS.

George M. O'Brien then introduced a resolution as follows:

That the delegates of Douglas county to the republican state convention be and are hereby instructed to cast the vote of Douglas county for Hon. Samuel Maxwell as justice of the supreme court of the state and use all honorable means to effect his election.

The resolution was tabled. On motion of Judge Hawes the same method of selected delegates to the judi-cial convention as that employed in the case of the state convention was adopted.

John Rush was unanimously elected chairman of the county central commit-
