A LACK OF OUTSIDE ORDERS.

The Corn Pit Almost Deserted, Very Little Business Being Done-The Cattle Trade Mixed-General Quotations.

## PRODUCE MARKETS.

CHICAGO, Oct. 7 .- | Special Telegram t the BEE. ]-Some interest and uncertainty were infused into the wheat market early by the contradictory foreign advices. The first public cable gave spot grain quiet with prices unchanged. The lamentable lack of outside orders continues and bids fair to continue until some influence causes wider fluctustions in prices than we are seeing these days. The receipts of wheat here to-day were 114 cars, of which 77 cars were spring and of these but 6 graded No. 2. This very small proportion of the contract grade in wheat now arriving here is said to be a result of the farmer's universal rule to sell the poorest part of his crop first. The demands of local shorts having been filled, the last hour saw decline to the opening figures, with a slight reaction at the close, which was at 713c for November, 733c for December and 783c for May. The extreme range for the session was \$1c for November, 3c for December and %c for May.

After the first half hour there was very

slight interest in the corn pit, and the pit was almost deserted. The entire transactions of the session, in a speculative way, would probably not aggregate more than a half million bushels. The tone of the market was firm and fluctuations slight—not more than %c on the session. Hutchinson was a seller of May corn at 45%(245%c, although he did not part with any considerable quantity of it. The demand for cash corn was good, and nearly all the principal shipping houses were buyers. Cables gave spot corn in Liverocol %d dearer, but the actual advantage of the advance is offset by firmer freight rates on lake and canal, and higher ocean freight rates. A good foreign demand, however, is expected for our corn. The close was firm at %c above the opening prices, or at 42%c for November, 44%c for December and 45%c for May.

Hutchinson was about the only buyer of oats to-day for future delivery, and he took a fair line of May at 29%(330c. Norton & Worthington purchased pretty freely of cash on a basis of 26c for short receipts of No. 2 in store. November opened at 26%c, but closed at 26%c lettlers and May closed on the split at 29%(330c after selling sparingly at both prices straight. All told, speculative business was light and the market was pervaded by an undertone of duliness from start to finish.

In provision circles there was no development to relieve the quiet market. Traders was almost deserted. The entire transac-

In provision circles there was no development to relieve the quiet market. Traders manifested little or no disposition to branch out and a slow as well as an uninteresting condition of affairs existed throughout.

AFTFINOON SESSION—Wheat easier; November 71%c, December 72%@73c, May 78% @78%c. Corn quiet and easy; November 42%c%de2%c, December 42%c, May 45%c. Oats dull but stealy. Pork for year was quoted at \$12.00 and January at \$12.27%. Lard in active; October \$6.47%, November \$6.27%. December \$6.30 and January \$6,35. Short ribs for October were quoted at \$7.50 and for January at \$6.20 bid.

### CHICAGO LIVE STOCK.

CHICAGO, Oct. 7 .- (Special Telegram to the BIE. |-CATTLE-The few good natives on sale were early disposed of at fully as high prices as at any time the past week. Good and useful natives also sold well, but low grades, such as had to compete with Texans and rangers, dragged along at the former low range of prices. It it were possible, rangers sold lower than at any time, at least that was the sentiment of salesmen who had that class of cattle to sell. Native butchers' stock, especially canning cows, barely pay out expenses of freights and commissions. The only new feature was that cow stock was not as plentiful as heretofore. Bulls and veal salves were also slow and lower. The stocker and feeder trade presented no new features. Prices are very no new features. Prices are very tow and are likely to remain in that condition until there is an improvement in fat cattle. A few lots of lancy natives made \$5.00(£65.40 and prime 1500 to 1600 lb steers \$4.60(£64.90; good and useful 1200 to 1400 lb steers, \$4.25(£4.50; plain and common, \$2.75(£63.70; fancy, \$5.20(£5.40, Shipping steers, 1350 to 1500 lbs, \$4.20(£4.90; 1200 to 1350 lbs, \$3.70(£4.30; \$50 to 1200 lbs, \$2.75(£63.90, Stoerers and feeders, \$1.60(£63.25; cows, bulls and mixed, \$1.20(£2.50, Texas steers, \$2.00(£63.00; cows, \$1.50(£2.00, Western rangers weaker; natives and half-breeds, \$2.35(£3.25; cows, \$2.00(£2.20, Wintered Texans, \$2.35(£3.20, Shipping as shippers were in the market, trade was brisk, with an upturn of about 5c. After the shippers had filled their orders the only buyers left were the packers and only two of the big concerns at that, so they had matters their own way, and they were not slow to take advantage of the same by demanding a reduction of 5£10c below the current rates of the morning, the market generally closing with that reduction on the ordinary run of packing sorts. As a matter of course, packers had to take a good many "pots" and what the shippers did not want. One lot of fancy sold as high as \$4.75; Philadelphias and fancy heavy, \$4.50(£4.50; prime packing sorts, \$4.35(£4.45 and common, \$4.25(£4.30, \$1.25(£4.30, \$4.25(£4.25, \$4.25(£4.30, \$4.25(£4.25, \$4.25(£4.25, \$4.25(£4. low and are likely to remain in that

NEW YORK, Oct. 7 .- | Special Telegram to the BEE. |-- STOCKS-After a short firmness early in the day stocks began to decline, and it was for the most part break after break until just at the close a few of them railied sufficiently to prevent closing at the lowest point of the day. The decline on the general list was 1@1% per cent, although a few pulled through with a reduction of only %@%. The market opened strong, with advances extending to 1/2 per cent, with Western Union leading and the temper of the room bullish, though the short-waisted commenced taking in their profits. The European demand was good, buying orders coming from both London and the continent. The market did not hold up, however, and before noon there had been a pretty general slump all through the list. The bears were assisted in their raid by the large traders. The terms of the Baltimore & Ohio telegraph sale to the Western Union are 50,000 shares of Western Union stock, payment of \$60,000 rentals. rights-of-way, operating expenses and taxes for all business transactions along the line of the Baltimore & Ohio railroad. The Western Union does not pay a dollar for sentiment and every cent counts. The Western Union has also made a contract with the Baltimore & Ohio railroad for fifty years. An advance of rates is said to be contemplated where they are very low. An advance of 5 cents per message on business on land lines is equal to \$4,000,000 addition to the net income per annum. A 40-cent rate on cable rates will return a large profit instead of a yearly loss of \$700,000, as has been the case for the past two years. The completion of the telegraph deal was halled with great glee by the bulls last night and numerous bull dispatches were sent over the country predicting a better market. The market opened strong, room traders were bullish and the advances extended to 1/2 per cent. Western Union, as the bull card, showed the most advance. It was not long. however, before the bear party, consisting of Cammack, Bateman, Jones, Wheeler, Kirkner and others began selling all the active stocks. The timid bulls became badly scared and began selling rapidly, and the whole situation was suddenly reversed and Western Union declined 1% per cent. The rest of the list followed. Reading went off 11/4 and Lackawanna 11/4 per cent. Grangers were heavy on the failure of the Northwestern traffic association to adjust their differences. and St. Paul declined 214 and Northwestern 11/2 per cent. Sensational reports were that Garrett had refused to ratify the sale of the

Baltimore & Ohio telegraph, also that Wash Connor, who has been one of the staunchest bulls for over a month, had unloaded his stocks and turned bear. These rumors added to the feeling of depression and aided the bears in forcing the prices down and kept the market weak and irregular until the close, when the last sales were at almost inside figures and recorded net declines of 114 on St. Paul, 1 on Northwestern, 1/2 on Western Union, 1 on Lake Shore, 1/2 on New England, 34 on Reading, 1 on Lackawanna, 34 on Louisville & Nashville and 34 per cent on Richmond Terminal. Cotton Oil stuffs were weak and dropped 136 per cent. The total sales were 317,996 shares, against 420,886 shares yesterday.

OMARA LIVE STOCK. Friday, Oct. 7.

Cattle. The receipts of cattle were more than double what they were yesterday, forty-one loads being received as against fourteen loads yesterday. Good corn-fed cattle were in fair demand at about steady prices. One bunch of very prime cattle brought more than anything in several weeks but they were better cattle than has been received here in a long time. Western range cattle that are not fat enough for the packers, are slow at about steady prices. There was some inquiry for feeders but the number sold was comparatively small. comparatively small.

Hogs. Hogs.

There was a slight falling off in the receipts of hogs, the receipts being twenty-seven loads to-day as against thirty-one yesterday. The market opened with light offerings, there being only eighteen loads in at the opening. The light offerings stimulated prices somewhat and the earlier sales were made at a little stronger prices than yesterday. Three loads reached \$4.20. About the middle of the forenoon another train arrived with nine loads of hogs. The late arrivals did not bring quite as strong prices as the early morning sales and the market closed a little easier. Everything was sold.

Sheep. There were no fresh receipts, and nothing doing on the market.
