THE CRETE BRIDGE BURNING.

Three Colored Men on Trial at Lincoln For the Crime.

A FORLORN HOPE CONVENTION.

Democrats Call One For the Judicial District—Who the Candidates Are—State House Notes—Lincoln News.

[FROM THE BEE'S LINCOLN BUREAU.] Yesterday afternoon Justice Brown was giving a hearing to the three colored men, arrested by B. & M. detectives, charged with burning the railroad bridge between Lincoln and Crete on the night of the 5th.

The burning bridge was discovered in time to avert any bad disaster, but it was found saturated with kerosene, and the intent was obvious that a train wreck was planned by the fire bugs. Two or three colored men suspected of the crime were lodged in jail Friday evening, having been arrested at Dewitt.

Yesterday Mayor Marshall, of Beatrice, arrived in the city bringing with him the third suspect, who had been arrested at that place while awaiting the arrival of his companions. The suspected men claim that they will prove that they were in Lincoln when the bridge was fired, but the officers are confident that they have the right parties, and the trial progressed through the afternoon with a large audience in attendance.

DEMOCRATIC JUDICIAL CONVENTION. The articles of incorporation, which are possessed with one of the most forlorn hopes ever exhibited, have issued a call for a judicial district convention to be held in Lincoln on Saturday, October 15. The number of delegates for the convention will be Cass county 15, Olive 10, and Lancaster 10. It is understood that Mayor Sawyer, who has not recovered from his astonishment at being elected mayor last spring, would like to be one of the candidates for the district, and that A. S. Tibbitts, of this city, is also a candidate. The managers have been busy seeking for a suitable candidate from one of the other counties in the district, and had decided that the man should be A. W. Clifts, when they discovered that he had not been a resident of the district for nearly two years. In consequence of the discovery all is at sea again and probably will remain so until the convention meets.

STATE HOUSE NOTES. Governor Thayer has appointed J. B. Dinsmore, Sutton, and Martin Ennis, Dunbar, Hall county, delegates to the National Butter and Egg association to be held at Manchester, Ia., November 10 to 14.

The articles of incorporation of the Lincoln, Red Oak & Des Moines railroad were filed with the secretary of state yesterday. The incorporators were capitalists of Lincoln and members of the Lincoln freight bureau. Commissioner Minger, of the board of transportation, returned home to Fremont yesterday.

BRIEF ITEMS. The Chautauquans held their first meeting of the year Friday evening at the parlors of the First Presbyterian church. About forty members of the circle were in attendance and the opening was auspicious for the entire year.

The box mentioned yesterday that Coon's bond would probably be declared forfeited and paid the county term. Later information is that the bond was forfeited and paid last term and the case is being carried on the docket ready for Mr. Coon's if he visits the state.

Township organization will be voted upon in Lancaster county again this fall at the general election, the commissioners issuing their call for the same with their regular election proclamation.

Today the memorial services over the death of John B. Fish will be held at the opera house and elaborate preparations have been made for the event that will be very largely attended.

The German Catholic church of Lincoln is arranging to build a house of worship and lots will be secured and work on the building commenced the present year.

Senator Van Wyck passed through the city yesterday en route homeward from Friend, where he spoke at the district fair the day before.

Judge W. H. Morris, who has recently been re-nominated in his district by acclamation, and that in his manifest of passengers he did not give the cause of the death of passengers who died on the passage. Captain Yallet was held in \$5,000 for the grand jury.

Grover Goes A Fishing. MADISON, Wis., Oct. 8.—A special train composed of three private cars having on board a dozen high railroad dignitaries reached this place at noon. Vanderbilt, Depew, Huggitt, president of the North-western railroad, and Walter Webb took a carriage for the Vilas mansion to pay their respects to the president, but he had not returned from fishing, and the callers having left their cards returned to the train, which left here half an hour later for Duluth. These gentlemen expect to hunt in St. Paul Monday and will probably meet the president there. Mrs. Cleveland and Mr. Bissell, who did not accompany the fishers, are resting quietly today at the Vilas house.

MADISON, Wis., Oct. 8.—The president's fishing party returned at 6 o'clock. They had excellent luck and brought back between thirty and forty good-sized fish. The president said he enjoyed the trip immensely, and his admiration for the scenery of Lake Mendota is boundless. The party dined this evening with Colonel Vilas, President Chamberlain of the Wisconsin university, and wife. A public reception was given at the Vilas mansion between 9 and 11 o'clock this evening. It was attended by the governor and Mrs. Vilas will accompany the presidential party the remainder of the trip.

Last of the Bond Purchases. WASHINGTON, Oct. 8.—The amount of bonds offered to the government to-day was \$73,700, of which \$204,300 were 4 1/2 per cents and \$11,400 were 4 per cents. This makes the total to date \$13,370,850, which is \$62,150 less than the amount of the treasury department offered to purchase for the sinking fund within the period which expired to-day. Secretary Fairbank was asked this afternoon whether he would purchase any more bonds, but declined most emphatically to define his policy on this subject.

Weather Indications. For Nebraska: Warmer, fair weather, light to fresh northerly winds, becoming variable. For Iowa: Colder, followed by warmer weather in western portion, light to fresh northerly winds, rain, followed by fair weather. For Dakota: Warmer, fair weather, light to fresh southerly winds.

UNDER A CLOUD.

The Cholera ship's Captain Charged With Grave Neglect of Duty.

NEW YORK, Oct. 8.—Surveyor Beattie has preferred charges against Captain Yallet, of the steamship Aloha, which arrived here from Naples with cholera on board. It is alleged that the captain did not provide proper hospitals for his passengers, that he failed to provide tables and seats for steerage passengers, and that in his manifest of passengers he did not give the cause of the death of passengers who died on the passage. Captain Yallet was held in \$5,000 for the grand jury.
