Wheat Shows More Activity Than For Many Days.

GOOD CORN BUSINESS DONE.

A Fair Volume of Trading Transacted in the Provision Pit-No Change in Cattle Values-General Quotations.

CHICAGO PRODUCE MARKET.

CHICAGO, Oct. 20 .- [Special Telegram to the BER. | - There was more activity about the wheat pit this morning than anybody has seen there before for many a day. The opening prices were the same as those of last night's close, and when the trading of the session was done prices were at the same point. In the meantime December wheat had fluctuated %c and May %c. The first impulse was downward under the combined influence of outright bears, the room traders, who work on the reaction theory and expected at least half of yesterday's gain to be lost to-day, and the selling of those who had bought yesterday and were disappointed when they did not see their profits immediately increase this morning. Foreign news was encouraging, the public cable giving spot wheat firm and futures higher and private advices generally being of feeling on the other side, with prices tending upward. Some private cables gave an advance of 34d in prices. This indication that the foreigners were inclined to follow had its effect here and the loss of the early morning was recovered and a slight advance gained, which was not, however, held to the close. November wheat opened at 71%@71%c bid and closed at the opening figure. December opened at 73%c, dropped to 72%c, advanced to 73%c and closed at 73%c. May opened at 78%c, fell to 78¼c, advanced to 78¾c and closed at 78¼c.
There was a fair business done in corn in a

speculative way early, but later trading fell off. There was an early decline, in sympathy with wheat, but later recovering under with wheat, but later recovering under liberal buying by the same local operator who has been buying large quantities for several days. The feeling in the cash corn market appears to be a little better than for the last few days, owing to the prospect of better facilities for moving the grain out. There is still a scarcity of vessel room, but charters are now. but charters are now being made of vessels to arrive. November corn opened at 41½c and closed at 41½c; December opened at 41½c asked and closed at 41½c; May opened at 45c and closed at 44½@45c bid.

Oats in the speculative market were dull and prices again fluctuated within an insignificantly paraware to be seen to be a superior of the speculative market. and prices again nuctuated within an insig-nificantly narrow range, 1 o'clock quotations being practically unchanged as compared with yesterday's latest bids. May opened at 29%, sold at 29% and then back to 29% c. October rested at 25%, initial trade being at 25c, while November weakened from 25% of at the opening to 25% (@25% together; December was nominal at 25% c asked.

Provisions recovered somewhat from yes-terday's dullness. Trading was in volume quite fair, and as it was claimed that packers were selling the January future against their anticipated manufacture, the market was more or less bearishly inclined. The party favoring lower prices was slow, however, to push its advantage and the actual changes push its advantage and the actual changes witnessed in values were limited. Based on last night's closings, January pork showed a falling off at 1 o'clock, of only 7½c. November and December lard of 2½c. October short ribs of 7½c and January short ribs of 2½c. Shorts took a good share of the future property sold. January—the active month—sold at \$11.90@12.05@6.07½ for short ribs. Pork for the same month closed at \$11.97½, lard at \$6.15 and short ribs at \$6.07½. For October lard was steady at \$7.17½ and short ribs ranged at \$6.97½@7.05, resting at \$7.00. November and December lard closed at \$6.07½@6.10. Cash lard sold at \$6.25@6.27½. Meats were in better consumptive demand and fair sales were made for cash and near delivery.

ATTERNOON SESSION—Wheat easier; October 70\(\frac{10}{40}\)70c. Corn easy; October 40\(\frac{3}{40}\)70c. cember 72%@73c. Corn easy; October 40%c, December and January sellers 41c, May 44% (@44%c bid. Oats steady. Pork sold and closed for January at \$11.97%; other delivereries neglected. Lard was strong; October was wanted at \$6.20, an advance of 2%c. Short ribs were quoted at \$7.00 for October and \$6.07% for January. No trading.

CHICAGO LIVE STOCK.

CHICAGO, Oct. 20 .- [Special Telegram to the BEE. |- CATTLE-Trade was more active to-day, with little or no change in values as compared with yesterday. Values remain 15@25c lower than last week and are liable to remain so the remainder of this week. The decline is largely on big, heavy steers, say 1,000 to 1,700 lb averages, then again on common, or rather such as have to compete with good westerners. Such are fully 25c lower. Nice 1,300 to 1,350-lb steers are not more than 10c lower than last week and the Pittsburg buyers, who usually take a large number of this class, claim they are fully as high as last week. Texans and rangers were going over the scales this morning in were going over the scales this morning in big droves at about the same as yesterday. They are down to low water mark. The stocker and feeder trade presented no new features. At present the demand is largely for strong 1000 to 1150 lb average for feeding. Shipping steers, 1350 to 1500 lbs, \$4.00@5.00; 1200 to 1350 lbs, \$3.50@4.40; 550 to 1200 lbs, \$2.60@3.60. Stockers and feeders weaker at \$1.75@3.10; cows, bulls and mixed, \$1.20 @2.70. Texas steers, \$2.00@2.60; cows, \$1.50 @2.20. Western rangers, steady; natives and @2.70. Texas steers, \$2.00@2.00; natives and \$62.20. Western rangers, steady; natives and half-breeds, \$2.40@3.70. Wintered Texans,

Hogs-The market was active with little Hoos—The market was active with little or no variation in values as compared with yesterday. Packers are gradually falling into line. "Jack" Cudahy is the latest addition, opening his house to-day. Shippers were not as active buyers as yesterday, yet it was generally admitted that more hogs would be sold than yesterday and perhaps the pens cleared. A few lots of fancy butcher weights sold at \$4.50@4.55; mixed and packing sorts. \$4.30@4.45; common. and packing sorts, \$4.30@4.45; common, \$4.25@4.30; light sorts, including Yorkers, \$4.40@4.50. A few singeing hogs made \$4.55.

FINANCIAL. NEW YORK, Oct. 20 .- [Special Telegram to the BER.]-STOCKS-Stocks have been beeming to-day for the most part and the close was at the highest prices, with advances of 136@256 per cent on such as Western Union. St. Paul, Union Pacific and others. Oregon Railway went up from 85 to 89 on a prospect of favorable arrangements with the Northern Pacific. While the chief excitement was in a few stocks, the whole line sympathized on the boom. The market opened at material improvement and soon became buoyant, gaining all along the line during the forenoon with considerable excitement and without showing weakness at any time. London was a liberal buyer. The strength of Western Union was due to buying by shorts on the belief that the public announcement of the acquisition of the Commercial cable was only a question of a short time. Toward noon the market became dull without receding materially and showed a very strong undertone, as the bulls, which had worked the advance with considerable skill, were steady with their support when any attempt was made to bring on a reaction. London came in rather lower on the earliest reports, but rallied during the day. Quota-tions at 4 p. m.: Canadian Pacific 5434, Central Pacific 31%, Union Pacific 47%, Eric 274, ditto seconds, 100%, Illinois Central 10814, Pennsylvania 5714, Reading 3114, St. Paul 73%, Lake Shore 94%, Louisville & Nashville 58%. OMAHA LIVE STOCK.

Thursday, Oct. 20.

Cattle. The receipts of cattle were about the same as yesterday, there being thirty-one loads of fresh receipts. The market was very slow and duil at about steady prices. Only one small bunch of corn-fed natives changed hands. There were very few feeders here and the demand was also light.

Hogs. There was only one car more of hogs in to-day than yesterday, the receipts to-day being twenty-five loads. The market opened at prices a little stronger than yesterday, and with only eighteen loads offered. The de-mand was good and the market quite brisk. Later in the morning another train of seven cars arrived, and about the same time another buyer entered the yards. This livened busi-ness up somewhat, and the market closed about 5c higher than yesterday. Nothing was left unsold.

Sheep.
There was very little doing in the market.
