Lincoln Citizens Think of Giving All Their Business to One Road -Want the Bishop-

Capital City Items.

[FROM THE BEE'S LINCOLN BUREAU.]

As the BEE predicted in yesterday's paper, Attorney General Leese is running the gauntlet of attacks from the railroads this week because he refuses to be compromised and sold out by the disreputable proceedings schemed through in the dark-lantern session by the roads. Yesterday Attorney Hawley, of the Eikhorn road, was in the city issuing his demands that the fraudulent compromise be accepted by the attorney general, and his anger was heard from the room into the hallways of the building. It is a week of bluster and bulldozing on the part of the roads.

CAME BACK EMPTY HANDED. President Raymond, of the board of trade, is at home again from the unsuccessful meeting with rallroad managers in Chicago. The committee from the freight bureau in this city laid their complaint before the trafmeeting that numbered some seventy-five railroad men. This meeting, on the presentation of the Lincoln complaint, referred it to a a committee of seven representing the roads a committee of seven representing the roads in business in Nebraska. This committee listened to the two separate propositions made by the Lincoln freight bu-reau and rejected both. The Mis-souri Pacific then made a proposition that the members of the freight bureau acthat the members of the freight bureau ac-cepted but when it was presented to the com-mittee of seven to ratify, only the Missouri Pacific voted for it. This ended the meeting and the committee came home empty-handed but with a determination to continue the struggle for better rates for this city. A struggie for better rates for this city. A prominent business man who was in Nebraska City the past week states that soft coal salls for \$2. coal sells for \$2 per ton cheaper in that place than in Lincoln, and the existence of exorbitant rates on fuel alone bids fair to stimulate the citizens in their demands so that they give to one road the bulk of the business of the city. AN ADDRESS TO THE BISHOP

In the city council on Monday evening among other proceedings, resolutions were introduced reciting the creation of a new Catholic diocese in Nebraska and the coming residence of the bishop in Lincoln. The res-olutions were as follows: Whereas, It has been decided in the Ro-

man Catholic church to create a new diocese embracing all the state of Nebraska south of the Platte river with the Episcopal whereas, A bishop has been elected for the same, Rev. Dr. Bonacum, of St. Louis, who is expected to arrive in a few days to take charge of said diocese, therefore be it

Resolved, That we, the city council of Lincoln, representing the citizens of Lincoln of all religious denominations as well as those of no church, extend to the Very Reverend Bishop Benacum, as the first bishop to make his home in our city, a cordial and fraternal welcome, and that the mayor appoint a com-mittee to prepare an appropriate address and to present the same to Bishop Bonacum on his arrival.

The mayor in compliance with the resolutions as unanimously adopted, appointed Messrs. Billingsby, Daily and Dean, the committee to prepare the address and to present it to the bishop on his arrival.

Yesterday Judge Chapman was in Kearney hearing the arguments in the court house bond case for Buffalo county, sitting in the case for Judge Hamer. Judge Chapman will return to-day for continued work in the court here. Judge Field yesterday was presiding here. Judge Field yesterday was presiding over the first jury trial, the case being a minor one. In the long drawn out Hutton vs. Gerner trial, that has wearied judge, jury and attorneys since the 19th, the testimony was finally completed and the case given to the jury Monday evening. Yesterday morning the jury came into court with a verdict for the plaintiff for \$400. The costs are getting to be the heavy part of the case. ting to be the heavy part of the case.

CITY ITEMS. A case of adultery occupied Judge Whit-pore's court yesterday, the participants being more's court yesterday, the participants being Mrs. Ella Perry and a sewing machine agent named Chapman. The couple have been in the city but a short time living as man and wife at a Tenth street boarding house. A few at a Tenth street boarding house. A few days ago the woman's husband appeared on the scene and related his experience in chas-ing the wayward couple and attempting to make her abandon her paramour. Unsuc-cossful in all these efforts he decided upon giving them the law and the precious pair now are engaged in boarding a heavy fine at the county inil

The city council at its Monday evening session took the proper step in ordering an ordinance drafted which will at once reduce all sidewalks in the district paved, to the proper grade. This will add very much to the general appearance of the paved streets.

Rev. S. B. Randall, of Beatrice, and Rev. C. W. McConnell, of Pawnee City, were in the city yesterday on route to the Baptist state convention at York. Rev. Randall is secretary of the committee that has in charge the work of building denominational headquarters at the Crete Chautauqua assembly grounds.

SUPREME COURT PROCEEDINGS.

In the supleme court yesterday the following gentlemen were admitted to practice: John S. Bishop, A. C. Rocords, William C. Wright and George P. Shoesley.

The case of Elsley vs Spooner was postponed. In Harrington vs Latta, leave was given to file cross polition in error.

The following causes were argued and submitted: Larson vs Butta, Brown vs Baker, and State ex rel Nelson vs Harper.

For the National Convention. At a meeting of the board of trade last evening President Meyer appointed a committee to take action in behalf of the board to secure the national republican convention for Omaha. The committee consists of H. H. Meday, John A. Wakefield, Daniel H. Wheeler and W. V. Morse, and will act in conjunction with the committee named by the republican state central committee.

THE CITY COUNCIL. A Large Amount of Important busi-

ness Transacted. A regular meeting of the city council was held last evening and all of the members were present excepting Messrs. Alexander and Boyd. The resolution recently passed, that the council should meet at 7:30 instead of 8 o'clock, seems to have but little force, as last night's meeting did not open until 8:20. The first communication was from the mayor appointing Samuel S. Curtis as park commissioner, which was referred to the committee

on public property and buildings. City Treasurer Rush sent in a communication stating that he had received a proposition from John Thompson, who desires to purchased \$20,000 of the sewer bonds at par purchased \$20,000 of the sewer bonds at par value, and pay for the same from time to time in warrants issued to him by the city for labor and material. The city treasurer was instructed to make arrangements for the bonds in question to Mr. Thompson. While these bonds are sold they will be left by agreement in the hands of the city treasurer. The bids of Blake Bros. & Co., of Boston, for district paving bonds were rejected, and the Barber Asphalt paving company was ac-cepted. They offered par for \$44,000 of bonds.

The city treasurer in a communication also announced that Charles Turner had paid into the city treasury \$9,030 as damages for the opening of Thirtieth street from Farnam

A communication from James Neville asking for a duplicate deed to certain property was referred to the city attorney.

A protest from business men and property owners on Fifteenth street, between Williams

and Pacific, asking that the grading of Fif-teenth street be postponed until next year, was referred to the committee on grades and grading.

A bill was read for services in checking up the books of the secretary of the board of education. No amount was given in the bill and it was referred to the judiciary commit-

tee.
The resignation of Lawrence Dugan as judge in the first district of the second ward was placed on file.

The Barber Asphalt company asked per-

mission to substitute city paying bonds in lieu of the 159 retainers now in the city treasurer's possession. The petition, which in-volves about \$15,000, was referred to the fi-

nance committee.

The Union Pacific railway company petitioned that Leavenworth street, east of Seventh street, be brought to the established grade in order that the western approach of the Missouri river wagon bridge might be completed. Referred to the committee on grades and grading.

A bid from James A. Bennett for the pur-

chase of a strip of ground on Twenty-second street was referred to the city attorney. J. H. Standeven, city boiler inspector, was granted a week's leave of absence from No-vember 2.

A communication was received from the board of public works saying that the change ordered in the east wall of the new city hall would be undertaken by Regan Bros. for \$3,000, and asking for instructions. The matter was referred to the committee on public property and buildings, with power to

3. That the committee shall also inquire into and report upon the feasability of heating the street cars during the winter months.

4. They shall also investigate and report upon the necessity for conductor upon the lines most numerously patronized.

President Bechel appointed Messrs. Kitchen, Lee and Counsman as a committee to look into the matter.

Ritchen, Lee and Counsman as a committee to look into the matter.

By Lee—Directing the city attorney to prosecute the Omaha Street Railway company for obstructing Park avenue. Adopted.

An ordinance creating the office of license

An ordinance creating the office of license inspector was read and referred to the judiciary committee.

The following ordinances were passed: Establishing the grade of Eighteenth street from the old city limits to Vinton street; establishing the grade of the alley between Cass and California streets and running from Twenty-third to Twenty-fourth streets.

Knox Held for Attempted Murder. Charles Knox, the mulatto who shot Anthony McAndrews a couple of weeks ago in Sandy McKnight's saloon, was arraigned before Judge Berka yesterday. After examining the witnesses, General Smith, the prisoner's counsel, asserted that there was but little testimony against Knox, but Judge Berka assured him that the evidence was the most conclusive and convincing of any case he has had tried before him since he has behe has had tried before him since he has become police magistrate. Knox's bonds were
fixed at \$3,000, in default of which he was remanded back into custody.

McAndrews still carries the bullet in his
lungs, but is in a fair way to recovery. He
will never be as sound again as he was before the shooting.

THE U. P. FAST TRAIN. It Will Be Started About the Middle

of Next Month. There seems to have been some change with regard to the intent of the Union Pacific and the proposed fast train across the continent. It has all along been held that the road was not sufficiently well equipped for the enterprise, that the innovation would not be a paying one, and in fact that there was no necessity for another train, because the present ones were sufficient to accommodate the patronage which is now, however, said to be very great. Yesterday a well informed gentleman, who is close to Mr. Potter, announced that he had reason to change his mind since, with respect to the putting on of fast trains, since Mr. Potter putting on ef fast trains, since Mr. Potter went to San Francisco. Before that, he did not expect the trains to run until some time next spring, but he now felt that they would be put on earlier, and in all probability by the middle of November. It is understood, he claims, that all the arrangements for this change are now perfected and that trains leave here on schedule time by way of the Union Pacific and Central Pacific roads reach San Francisco from six to ten hours earlier than at present.

ten hours earlier than at present.

In corroboration of the above the following dispatch was received by the Bez last night from San Francisco: "Vice President Potter, of the Union Pacific railway, stated this afternoon that the details have been practically completed for shortening the line. cally completed for shortening the time across the continent on west bound travel over the Union and Central roads by which the regular passenger train from the east leaving Omaha at the same time as under the present schedule will arrive from six to ten hours earlier. The new schedule will go into effect about November 15.

Mattie Woods' Case. Mattle Woods, the colored woman who stabbed George Green last Friday evening, appeared in police court yesterday and secured a continuance until the 26th at 2 p. m. Shortly after her arrest Attorney Davis had offered to quash the charge of assault with intent to kill and change it to assault and battery, he thinking at that time that Green's wound was not fatal. She, however, would not hear to this, thinking she would be cleared of the first charge. Since then Green's wound has grown worse and he is

In conversation with Mr. William Krug, of the F. Krug Brewing company, last evening, he informed a reporter of the BEE that the report as to their dictating the vote of their employes was utterly and absolutely false. He declared that the men were never approached by any member of the firm with reference to their vote; that they were allower to exercise their own free will and judgment in the matter of casting their ballots. ST. JOE'S STREET-CAR WAR.

One Company Sues Another For Big Damages.

St. Joseph, Mo., Oct. 25.-[Special Telegram to the Bee.]-The disgraceful warfare which has been going on for the past year in this city between the street railways resulted to-day in the Frederick Avenue company bringing suit in the circuit court against the Union Street Railway company for \$100,000 damages and rents amounting to \$500 a month from August 24, 1880. The plaintiff avers in its petition that on that date it was entitled to a strip of land four feet wide and running from Sixth and Olive streets to the extreme city limits and that the defendant withholds the use of the strip from the plaintiff and refuses it the use of the street. If the Frederick Avenue company gains the suit it will result in forcing the Union to pay \$500 monthly for a right of way line over Sixth street, the only route to the Union depot. The matter will be fought by both companies to the bitter end.

Cholers on the Britannia. NEW YORK, Oct. 25 .- The cholera has broken out on the steamship Britannia, which has for some time been detained at the lower quarantine. The record thus far is one death and one new case. The Alesia's passengers who have been in Swinburne hospital are entirely recovered and to-morrow will be removed to Hoffman island to join the Alesia's detained passengers. The Britannia is carefully guarded.
