Repeal a Partisan Judiciary. The voters of the third judicial district of Nebraska will have a better opportunity to-morrow than has ever before been given them to put the seal of their condemnation upon a partisan judiciary.

There is no matter with which the electors of this district have to concern themselves more serious than this in its import to all the interests of the people of the district. An intelligent, independent and upright judiciary is more essential than all else to the safety of the citizen and the security of the state.

Confidence of the voters and we believe they will so testify on election day. It is to be regretted that the judiciary of the largest and most important district in our state should be subject to such a disgraceful fight as is now being waged by the best qualified and most thoroughly unbiased men that has ever occupied a seat on the bench of the district.

The greatest boom in the state is marriage licenses. The court house at Clarinda will cost \$100,000, and is all paid for. The condensed milk factory at Indianola is about ready to commence operations.

The new depot at Ottumwa will be 36x216 feet on the ground, and the plans indicate that it will make a magnificent structure. The Iowa Rolling Mill company at Burlington has been reorganized and is now ready for business.

The water works at Bismarck will be in operation by the close of the year. Since March 2 87 final proofs have been made in the Bismarck land office. Business continues better than ever at Rapid City since the extension of the railroad.

A few days ago the non-partisan judiciary committee of this district had a lot of tickets printed, headed "Non-Partisan Judges." Printed thereon were the republican state, the non-partisan judicial, and the republican county tickets.

St. Paul Globe: Henry Romeike is a recent arrival to the republic, but he is as bright, sharp and ready for emergency as if he breathed from birth the breezes of Columbia.

FOUND HIM IN PARIS. He saw him frittering away many happy but costly hours, until one morning in January, 1881, he had to face the question of existence.

ROGERS'S DUPLICITY. Nonpartisan, Neb., Nov. 6.—To the Editor of the Bee: More about Crawford's double dealing. A man whose dealing is a prevarication and confession of falsehood is neither honorable or truthful.
